Board of Selectmen

During the year 1969 the Board of Selectmen held 44 regular meetings and 2 special meetings. The 64 Republican and Democratic Officers appointed in 1968 were continued in 1969.

At a Special Town Meeting a sum of money was appropriated to hire a full time Dog Officer for the last half of the fiscal year. The Selectmen appointed John Hayes, Jr. because of his knowledge of animals and his ability to handle them. The purpose of the appropriation was to enforce the existing dog control law and to give time to consider whether or not a dog leash law is needed in the Town of Natick. For the present it seems as though this operation is working reasonably well with the existing regulations. The amount of hours put in by the Dog Officer in increased patrol activity together with the number of calls places the work load in the aggregate well above the normal hours worked by other town personnel.

Wellesley Press printed 3,500 copies of the Annual Town Report at a cost of \$26.75 per page.

During the year, the Board of Selectmen have made progress toward gaining a better understanding of the complex problems which face the Town, have worked to systematize the internal workings of the Selectmen's office, and have given increased emphasis toward making the problems that this community faces heard in other quarters.

The problems of collective bargaining have drawn increasingly upon the Board of Selectmen. This area continually demonstrates a need for the very best efforts that can be put forth from both sides of the bargaining table. Labor negotiations are becoming of very great significance. To help us in this field, the Selectmen continued the services of Labor Relations Counsel Norman Holtz of Newton and Boston. He is assisted, as we are, by Stanley Lavery, Town Administrator. We have continued the role of Labor Relations Advisory Committee to give some continuity to negotiations from year to year and to help advise both Mr. Holtz and the Board of Selectmen. We are pleased to have the services of Leonard Dye, Harvey Beth, Charles Harper, Michael Hally and Dan Phillips on this committee.

At the end of 1969 twenty-six clerical workers organized into a bargaining unit and the union was recognized quickly as the bargaining agent for this group because there were no issues or reasons for not doing so. The Selectmen felt that it was in the best interests of the Town and the employees involved to recognize his group without fanfare or delay.

However, because of some substantial issues involved in the case of the Police Department, the Selectmen have felt it to be in the best interests of the Town not to extend recognition to that union. Obviously, inasmuch as negotiations are conducted with the International Association of Firefighters, with Laborer's International Union, and now with the clerical employees, the good faith of the Town and the Board of Selectmen to bargain collectively is demonstrated. It is only the issues which we feel to be substantial that have kept us from recognizing the union which wishes to represent the Police Employees.

We have made strides in both acquainting state officials, and the officials of other towns in the problems that face this town, and in learning of the problems of some of the other Boston area communities. Our efforts have been extended this year to the Massachusetts League of Cities and Towns, the Massachusetts Selectmen's Association and the Middlesex County Selectmen's Association. Through continued participation with these groups, hopefully, the problems of environment and increasing population may be met with constructive solutions.

With the five man Board of Selectmen in 1970, we hope that the problems of community life will receive diversity of viewpoint and steps toward constructive solution.

We wish to give our wholehearted thanks to the various departments for the cooperation given to make this a most successful year.

LYMAN G. BROWN, *Chairman*

THOMAS L. HUDDY, *Clerk*

JAMES N. LUTTRELL

Your Selectmen, Town Comptroller-Administrator and Town Counsel.

Town Clerk

I hereby submit my annual report for the office of the Town Clerk covering the year ending December 31, 1969.

Our records show that we have recorded 718 births, 398 marriages and 349 deaths. It is interesting to note that there has been a steady decline in births. We had a total of 941 for 1964 as against the 718 for this year.

The number of dog licenses issued during the year 1969 increased by 600 over the total sold in 1968. This was due to a new system which I put into effect. All dog owners previously licensed were sent a reminder that their present license would expire on the 31st day of March. We also advertised in the local press the fact that a dog control law does exist in the Town of Natick — that licenses must be obtained for all dogs 3 months of age and over. The net result of this campaign was the aforementioned increase of 600 licenses in 1969 over the 1248 which were sold in 1968.

This increase in dog licenses will result in a larger percentage increase of monies returned to the Town from the county. For the year 1968, \$1938.68 was returned to the Town. Total licenses issued for 1969:—

Male	982
Female	186
Spayed	663
<hr/>	
Total	1831

The total amount of revenue received in the Town Clerk's Office and subsequently turned in to the Treasurer amounted to \$19,878.04. This total includes the fees collected from the sale of licenses for hunting, fishing, trapping, etc., gasoline storage permits, as well as copies of the various records and documents which are kept in the office of the Town Clerk.

EDWARD W. DEVEREAUX, *Town Clerk*

Edward W. Devereaux, Town Clerk.

Sealer of Weights & Measures

I hereby respectfully submit the following report for the year 1969. During the year weighing and measuring devices have been tested and sealed or condemned as follows:

	<i>Adjusted</i>	<i>Sealed</i>	<i>Not Sealed</i>	<i>Condemned</i>
Scales—Over 10,000 lbs.	0	1	0	0
Over 5,000 lbs.	1	4	0	0
100 to 5,000 lbs.	15	79	3	2
10 to 100 lbs.	19	181	6	0
1 to 10 lbs.	3	32	2	0
Weights:				
Avoirdupois	222			
Metric	169			
Apothecary	123			
Troy	12	9	526	0
Gasoline Pumps	22	169	0	2
Grease and Oil Meters	0	39	3	2
Bulk Plants (Oil) Meters	3	11	1	1
Fuel Oil Truck Meters	9	37	2	0
Capacity Measures (Fluid)	0	25	0	0
Cloth Measuring Devices	0	19	0	0
Wire Measuring Devices	0	2	0	0
Leather Measuring Devices	0	1	0	0
Yard Sticks	0	39	0	0
Totals	81	1165	17	8

Reweighing of commodities put up for sale:

	<i>Total Tested</i>	<i>Correct</i>	<i>Under</i>	<i>Over</i>
Packaged Meats	852	740	83	29
Other Food Items	3092	2940	122	30
Totals	3944	3680	205	59

The following inspections were made:

Peddlers Licenses	19
Petroleum and Fuel Oil Trucks	50
Clinical Thermometers	202
Milk Jars	240
Junk Scales	3
Ice Cream Cartons	75
Other Cartons	80
Marking of Food Cartons	938
Total	1607

Sealing fees amounted to an aggregate of \$1,204.00, which were turned in monthly to the Town Treasurer.

Salary for Sealer of Weights and Measures	\$6,500.00
---	------------

Expenses for Year 1969 (including supplies, equipment, use of automobile, telephone and electricity)	945.00
--	--------

Total	<hr/> \$7,445.00
-------	------------------

There were investigations made throughout the year by this department, as a result of complaints from citizens dealing with cases of alleged short weights or measure, either in direct sales or in deliveries. There were thirteen (13) such cases and all were followed through and adjusted to the satisfaction of the consumer. No cause for court action.

The residents of this town are urged to contact this office if confronted with any problem or complaint in the field of weights and measures, of any faulty scales or measuring devices, or of any actual or suspected fraud or malfeasance. Complete attention will be given and immediate action will be taken.

In conclusion, I wish to thank the Board of Selectmen, the merchants of the town, and all others who assisted me in the performance of my duties.

JOHN J. MULLANEY, JR.
Sealer of Weights and Measures

Conservation Commission

In marking the second decade since the establishment of Conservation Commissions in the Massachusetts communities, the Natick Conservation Commission proposes to focus on the concept of relating to and exacting the conservation needs of the community to the larger and equally demanding environmental problems brought about by affluence and apathy of our present day society.

The problems of greatest concern are air and water pollution, solid waste disposal, noise abatement together with orderly provision in our community development to protect the natural resources, open spaces, flood plains to reduce incidence and resultant flooding damage and to create a realistic balance between development and the acquisition of an equally realistic percentage of our community to maintain its suburban character. Recent surveys have indicated particular percentages of open spaces for varying uses including recreation both passive and active, flood plain protection, etc.

In recognizing these problems we must also recognize the definite need for closer cooperation with all local public agencies and equally important with the total populace of our community.

The Natick Conservation Commission's concern and participation in matters of public concern such as public utilities expansion, air and water pollution, conservancy planning and similar environmental conditions has been regarded by some public officials and individuals as beyond the scope of our responsibility. Our actions however have been based on a deep concern that the natural resources of our community must be safeguarded for future and for the total community rather than for the benefit of self-centered financial or personal interest groups.

Equally important has been our concern over regional solutions to environmental problems such as mass transportation, solid waste disposal and their total relation to air and water problems, total watershed thinking as regards to flood control, public safety, water supply, wetlands and wildlife.

Also heartening in the past year has been the increased participation of private agencies and neighborhood organizations to initiate action particularly in the areas of land acquisition, action against indiscriminate land filling and problems of aesthetics. This groundswell of citizen involvement indicates a sincere concern for our total environment.

Land acquisition should remain our principal local concern in the future. Secondly, and equally important should be a conservation orientated education program at all age levels to alert the community to the ever increasing problems of "Environmental Destruction."

Hopefully through concern and education our greatest accomplishment could be that the total community could recognize their individual responsibility to their future environment and that they individually determine what their environment shall become.

We must demand of our public officials concerned, totally coordinated land use management, insist upon a clean, unpolluted atmosphere

and a continuing conserving of our God-given natural resources. We have the means and the technology to accomplish these ends, but without individual concern for the community as a whole, they have no direction.

Town Meeting action on Commission sponsored articles.

Favorable action — prohibit use of internal combustion engines
Morses Pond in Natick.

Unfavorable action — Public access to Morses Pond. Referred to study committee.

Continued membership in the following organizations.

Massachusetts Association of Conservation Commissions.

Charles River Watershed Association.

Massachusetts Forest and Parks Association.

New Organizations joined.

Lake Cochituate Watershed Association — to give support to and keep abreast of this groups efforts to eliminate future pollution of Lake Cochituate.

Land acquisition.

During the year several land acquisition proposals were brought before the Commission but no positive negotiations were undertaken and no land donations were received by the Commission.

The following appointments were made to fill vacancies.

Mr. George Rogers West Central Street

Mr. Richard Foley 109 Walnut Street

Four Commissioners attended the Conservation School conducted by the Department of Environmental Services, University of Massachusetts, Waltham, Massachusetts.

We wish to thank all Town Boards, Officers and Committees and individuals for their support.

SAMUEL S. CRISAFULLI, *Chairman*

FRANCIS E. FITZGERALD, *Vice Chairman*

RICHARD FOLEY, *Secretary*

GEORGE H. WALLACE

JOEL ROME

MARVIN GOULD

GEORGE ROGERS

Veterans' Services

I hereby submit my report of registration and care of veterans' graves for the year ending December 31, 1969.

Thirty-five veterans passed away in the Town of Natick during the past year:

- 11 World War I
- 19 World War II
- 5 Vietnam—1 killed in action.
1 died in service.
- 19 Natick veterans buried in out of town cemeteries.
- 20 Out of town veterans buried in Natick cemeteries.

This year in examining veterans' graves, I found eighty-two missing and corroded markers. These were replaced so that every veteran's grave in the Town of Natick would be properly marked.

The Town of Natick appropriates \$506.00 a year for the care of veterans' graves. Expenditures are allocated as follows:

Caretaker of North Cemetery	\$200.00
Caretaker of Eliot Cemetery	\$ 76.00
Caretaker of Glenwood Cemetery	\$ 30.00

The balance of this appropriation is used for bronze markers and flags and maintenance of maps.

Respectfully submitted,
MICHAEL TORTI
Veterans' Grave & Burial Officer

VETERANS' BENEFITS AND SERVICES

I hereby submit my annual report of the Department of Veterans' Benefits and Veterans' Services for the year ending December 31, 1969.

Veterans' Benefits — There were 665 cases that were aided during the year ending December 31, 1969. These are broken down into persons so the total amount of people aided would be 1,745.

These benefits come under Chapter 115 which makes a veteran and his dependents eligible. To become eligible, the veterans whose last discharge or release from his wartime service, as defined therein, was under honorable conditions and who served in the Army, Navy, Marine Corps, Coast Guard, or Air Force of the United States for not less than ninety days active service, at least one day of which was wartime service.

The above means "Spanish War Veterans", "World War I Veterans", "World War II Veterans", "Korean War Veterans", and "Vietnam Veterans".

"Vietnam Veteran" shall mean any person who has served in the Armed Forces of the United States between February 1, 1955 and the termination of the Vietnam Campaign as declared by the proper federal authority, provided that such person has served more than one hundred and eighty days of active service. This does not include active service for

training in the Army National Guard or Air National Guard or active duty for training as a reservist in the Armed Forces of the United States.

Out-of-State veterans must live in the State of Massachusetts for three consecutive years to be eligible for benefits under Chapter 115.

This year, we have had three death cases in regard to veterans' benefits. Two assignments were discharged for a total of \$480.00 returned to the Town of Natick. At the present time, we have four liens pending and four assignments pending.

Veterans' Services — This year 2700 photostatic copies of documents and discharges were made.

I have taken 217 bonus applications into the Bonus Division for Vietnam veterans. The original discharge has to be with the application so, in order that no Natick veterans discharge will get lost, I get it stamped and bring it back to Natick on the same day. Natick Vietnam veterans received \$60,100.00 for 1969.

The Veterans Administration has accredited Natick Veterans' Services with \$233,116.00 by having the veteran and widow and their dependents file at this office for the following:

- New Service-Connected Pensions
- Compensation Increased
- Hospitalization Patient Days
- Death Compensation (D.I.C.)
- Non-Service Death Pensions
- Burial Payments
- Insurance Paid Beneficiaries
- Education and Training Benefits
- Aid and Attendance
- Non-Service-Connected Pension
- Compensation Continued and Confirmed

These are some of the benefits which go direct to the veteran, widow, and the dependents of the veteran.

This office assists the widow, veteran, and dependent of the veteran when they have to file an income questionnaire each year with the Veterans Administration. If this card is not filed correctly, and not returned on time, they will lose their monthly pension. All income cards had to be returned by January 15, 1970.

This office has helped many widows file for a bronze marker for the deceased veteran to mark his grave. This marker is supplied free-of-charge by the United States Government.

This year again, through this office, we have assisted in getting veterans into the different Veterans Administration Hospitals. By doing this, the Town of Natick and its taxpayers saved \$41,730.00.

All of the above Federal Benefits are a great saving to the taxpayers of the Town of Natick.

Selective Service — As Registrar for Local Board #18 for the Town of Natick, I would again like to stress that all young men must register for

their Selective Service Identification Card not later than five days after their eighteenth birthday.

Since January 1, 1962, this office has registered 562 young men for the Town of Natick.

Veterans' Services Agents Association — My third term as President of the Middlesex County Veterans' Services Agents Association will expire February 1970.

As Past President of the Massachusetts Veterans' Services Agents Association, and Secretary-Treasurer last year, I was appointed to serve on the State Association Legislative Committee this year.

For complete details, list of expenditures and receipts of the Department of Veterans' Benefits and Services, I refer you to the report of the Town Comptroller.

Respectfully submitted,

MICHAEL TORTI

Director

Town Counsel

I herewith submit my report of legal activities for the year 1969.

This year the legal expenses of the Labor Relations Counsel, Attorney Norman Holtz, has not been deducted from the case fees of the Law Department's budget. The Labor Relations Counsel is now under the direct jurisdiction of the Board of Selectmen, who have executed a retainer Agreement for one year to appear and act in all collective bargaining negotiations and related legal activities. Any request for the services of the Town Counsel must be in writing to the Selectmen on matters involving legal issues and litigation outside the collective bargaining law.

Under my retainer fee of \$96.35 per week I am consulted daily, both in my office and on the telephone, by various Town Officials, Departments and persons dealing with the Town relevant to pending or informal legal questions. In addition, I have attended forty-one meetings of the Board of Selectmen and twenty meetings of other Boards and Committees. All cases and matters handled by Special Town Counsels appointed by the Selectmen are under my general supervision, this includes litigation involving the Town of Natick that is defended by the attorneys retained under our General Liability Insurance coverage. I review as to form and content, contracts, Town accident reports, covenants, bonds and other legal documents involving legal matters that require my approval; notify in writing all Departments of new legislation and judicial decisions relating to their offices; I prepare and review Town Meeting Warrant Articles as to form and content inserted by Town Departments and Committees and draft specific Articles for them when requested. I am an active member of the City Solicitors and own Counsel Association and attend legal seminars involving municipal law; prepare a detailed Town Report giving the status of all litigation involving the town of Natick.

Under my case fees, I have written twenty-two legal opinions requested by the various Town Boards and Committees. I have been negotiating on behalf of the Selectmen the purchase of 5.42 acres of land from the Pennsylvania Central Railroad, located on West Central Street. Under the Articles passed at the Town Meeting I acquired eighteen sewer easements by eminent domain and two easements by agreement. Prior to the passing by a Special Town Meeting in June, 1969, of the new Zoning By-Law involving a Planned Cluster Development to be constructed on the Bianchi Property, the law department and other Boards and Committees of this Town have put a maximum effort in order to insure proper standards and conditions to protect the Town's interest. The Board of Selectmen appointed a Special Town Counsel to assist me, thus obtaining additional legal safeguards by executing with the developers, two Option Agreements involving a 50 and a 20 foot strip of land and a detailed Agreement for additional conditions to protect the interest of the Town. There has been a decrease in my legal case fees due to the trial and settlement of the large backlog of cases pending at the time I became Town Counsel four years ago plus the large number of new cases tried and settled during the years 1967 and 1968. This is reflected in the complete list of cases following this report.

I wish to again extend my appreciation to the present Board of Selectmen for the confidence they have placed in me and the cooperation

and consideration shown to me by the individual Town Officials, Department heads and municipal employees.

CASES PENDING; as of December 31, 1969.

1. *Balboni, Frederick P. vs. ZBA* — denial of variance as to area and frontage of property at 8 Retrop Road. Superior Court ordered appeal back to ZBA; ZBA denied new petition.
2. *Beatty, Edward P. vs. Natick* — suit for damages to lawn, driveway and cellar from an alleged water main break on High Street.
3. *Berkowitz, Sidney B. & Maureen Maffei vs. Natick* — petition for assessment of damages of an easement taken by eminent domain for sewer purposes.
4. *Bernard, Bradford E., Executor vs. ZBA* — appeal from the decision of the Board of Appeals not to grant a requested variance allowing the erection of a single family dwelling on a certain parcel of land because it constituted a subdivision. Final decree dismissing the Bill.
5. *Boston vs. Treasurer & Receiver General of the Commonwealth, et al (Natick)* — suit seeking to bar the M.D.C. from assessing against Boston the full share of its obligation to support the Metropolitan Sewerage District and joining all other municipalities in this district.
6. *Burke, Walter L. vs. Civil Service Commission & Selectmen* — appeal to Court of the City of Boston. Re Police officer temporarily suspended by the Selectmen in 1965 and affirmed by the Civil Service Commission.
7. *Cirrone, Justin* — a show cause complaint in the Natick District Court for failure to change the house number after notification of the Building Inspector and in violation of the Natick Building Code.
8. *Commonwealth vs. Myer Alpert (Alpert's Furniture Company)* — complaint of the construction of a sign on an exterior wall of a building in violation of the Natick Sign Code.
9. *Falmouth Heights Corporation vs. Natick* — petition for assessment of damages of an easement taken by eminent domain for sewer purposes.
10. *Garvey, John vs. Selectmen* — police officer dismissed, suit for reinstatement and wage compensation. Case re-assigned from Special Town Counsel to Town Counsel.
11. *Goodwin, Myer, Estate of* — Probate Court, Town of Natick filed a list of claims against the Estate.
12. *Licadone, R.; Lang, John; Gallo, John; Mabee, Albert; Paul, James vs. Natick* — five separate petitions for assessment of damages of easements on Lena Road, taken by eminent domain for sewer purposes. Cases tried in Superior Court, decision pending.
13. *Maffei Waldo et al vs. Natick* — petition for assessment of damages of an easement taken by eminent domain for East Natick Sewer Project.
14. *Maffei Waldo et al vs. Natick* — petition to restrain the Town of Natick to use the present sluice way, at Jennings Pond, and to repair and readjust the present sluice way to avoid alleged discharge of water causing damage to land and buildings.

15. *Natick Board of Selectmen vs. Massachusetts Labor Relations Comm. & W. Joseph Shea, as Chief of Police, vs. Massachusetts Labor Relations Comm.* — petitions for review filed in Suffolk Middlesex Court re revocation of certification of International Brotherhood of Teamsters, Local 841, representing certain employees of the Police Dept., granted by the Labor Relations Comm.
16. *Newman, Douglas T. vs. ZBA* — appeal from a decision of the Board denying a variance for the construction of a single residence dwelling on Lakeview Avenue and Fairview Avenue in Natick.
17. *Paramount Development vs. ZBA* — denial of variance to construct a residence on land partially in Commercial II and a residential area at 675 Worcester Street. Case tried, Judge passed away before decision was rendered. Case now pending a new trial.
18. *Reservoir Woods, Inc. vs. ZBA* — appeal from denial of a variance for a nursing home located in a single residential are on the Easterly side of Union Street.
19. *Robshaw, Eihar vs. Planning Board* — agreed by the requirements of the Board of Health to a submitted approved subdivision off Cottage Street.
20. *Sanford, Frederick L., Jr. vs. Sostilio, Joseph & Alice* — request for a permanent injunction enjoining the defendants from using the premises owned by them at 52 Everett Street, of a Trucking business and for the storage of trucks.
21. *Talvy, Herman vs. Natick* — suit for damages to a line of hedges from the alleged negligent operation of a sidewalk snow plow.
22. *United Homes, Inc. vs. Planning Board* — subdivision plan approved subject to the Board of Health's requirement of a bond and other conditions.
23. *Whiting's Milk Company vs. Natick, James Spiller and Robert S. Wharton* — suit for property damages as a result of an alleged defect in the highway. General insurance coverage applies for the liability against the Town, but not for personal liability of Town employees.
24. *Wright, William C., Jr. vs. Civil Service Comm. & Selectmen* — appeal to Municipal Court of Boston from the finding of the Civil Service Comm. on March 5, 1969 that the discharge by the Board of Selectmen was justified. Case assigned to Special Town Counsel.
25. *Zani, Donald P. vs. Natick* — petition for assessment of damages of an easement taken by eminent domain for the East Natick Sewer Project.
26. *Lakeview Gardens Associates, Inc. vs. ZBA* — appeal from a decision of the Board denying a variance to allow the occupancy of 52 additional apartments on a lot fronting on the Northerly side of Kansas Street.

APPELLATE TAX BOARD:

1. *Henderson, Ernest vs. Natick Board of Assessors.*
2. *Hines, Paul H. et al vs. Natick Board of Assessors.*
3. *New Realty Corporation vs. Natick Board of Assessors.*
4. *Stern, Eva vs. Natick Board of Assessors.*
5. *Worcester Natick Properties, Inc. vs. Natick Board of Assessors.*

CASES CONCLUDED: as of December 31, 1969.

1. *Barnicle, Marie et al vs. Natick et al* — ten taxpayers suit as to legality of an appropriation of \$3,810.00 to Chief W. Joseph Shea for reimbursement of legal fees in successfully defending slander and libel suit. Final decree held that the vote of the Special Town Meeting of May 7, 1968 was legal in appropriating said sum.
2. *Blake, George B. et al vs. Natick* — petition for assessment of damages of land taken by eminent domain for the South Natick Elementary School. Finding for additional damages for the petitioners.
3. *Calkins, Donni A. et al vs. Natick & Trimount Bituminous Products Company* — suit for personal injuries sustained by a minor as a result of a truck spraying road tar on Quincy Street. Case was dismissed by the presiding Judge.
4. *Continental Baking Company, Inc. vs. Natick* — cases pending in Appellate Tax Board for the years 1965 through 1968. Cases were settled before trial and Continental Baking Company was granted compromise abatements for the said years.
5. *Heller, Robret J. & Phyllis L. vs. Chester E. Johnson, as Natick Tax Collector & Julian Roberts as he is Deputy Sheriff* — injunction to refrain from arresting the petitioners by the respondents for delinquent motor vehicle excise bills. Case settled out of Court.
6. *Lyons, Melvin vs. ZBA & New England Tennis Centers, Inc.* — petition that the decision of the Board of Appeals granting a variance to New England Tennis Centers, Inc. for the construction of five indoor tennis courts. and buildings therefor at Michigan Drive be annulled. Final decree dismissing the petition.
7. *Matthews, A., & Dwyer, H. vs. Stephen Kastner, 3d Party Plff. vs. Silvano Melchiorri & Town of Natick, 3d Party Defs.* — suit by two firefighters in the employ of the Town of Natick for personal injuries sustained in a Town ambulance, on an emergency call, operated by firefighter Melchiorri collided with vehicle operated by Kastner in Newton, Mass. Under the Town's general insurance policy any verdict, finding or judgment in favor of a Town employee against the Town of Natick will not be paid under the terms and conditions of this policy. Judge Linscott ordered a directed verdict for the Town of Natick.
8. *Morris, Francis et al vs. Natick* — ten taxpayers suit as to the legality of procedures and dissolution of the Special Town Meeting of May 7, 1968. Final decree dismissing the suit against the Town of Natick.
9. *Natick vs. International Brotherhood of Teamsters, Local 841* — municipal employers objection to the election for certification of the above Union as the representatives of the Police Dept. for collective bargaining. The Labor Relations Comm. held that the Union is exclusive representatives of the Natick Police Dept. for purposes of collective bargaining in respect to rates of pay, wages, hours of employment and other conditions of employment.
10. *N.Y. Central Railroad vs. Interstate Commerce Comm.* — petition to avert further discontinuance of passenger service. Filed brief as

intervener for the Town of Natick. Petition for reconsideration and further hearings was denied by the I.C.C.

11. *Profetto, Joseph J. et al vs. Natick* — suit for damages to motor vehicle as a result of a defective manhole on Bacon Street. Plffs. did not appear for trial, case dismissed.
12. *Sanford, Frederick L., Jr. et al vs. Walter G. Bergman* — construction of walls and patio without a Building Permit. Final decree ordering removal of all construction on property without Permit on or before Jan. 1, 1970.
13. *Sanford, Fredrick L., Jr. vs. Milton Knowles* — petition for contempt for not complying with the final decree to remove a fence and structure constructed without a Building Permit. Adjudication by the Court to comply with final decree or be subject to a fine of \$100.00 per day. Respondent removed fence and structure.
14. *Sanford, Frederick L., Jr. vs. Caesar Tomaqno et al* — alleged violation of a Building Permit and variance granted by the ZBA. Final decree by agreement, bill dismissed, violations corrected.
15. *Wright, William C., Jr. vs. Board of Selectmen* — appeal to the Civil Service Comm. from the dismissal by the Selectmen from the Police Dept. on Dec. 16, 1968. Case assigned to Special Town Counsel. Held that the Selectmen were justified in discharging Patrolman Wright.
16. *Wright, William C., Jr. vs. Civil Service Comm. & Selectmen* — appeal from the decision of the Civil Service Comm. to the Municipal Court of Boston. Re: Police Officer suspended temporarily by Selectmen from August 26th-30th, 1965, July 31, 1969, case dismissed because of inaction for over two years.
17. *Wright, William C., Jr. in re appeal to the Natick Retirement Board* from the decision of the Selectmen discharging Patrolman Wright from the Police Dept. on Dec. 16, 1968. Case was assigned to Special Town Counsel. Retirement Board found the discharge was justified.

JERRY J. DiGERONIMO, *Town Counsel*

Police Department

Preamble:

The year 1969 ended a decade of challenge and advancement in the field of law enforcement unparalleled in our nation's history. While the crime rate soared 122 per cent from 1960 to 1969, law enforcement kept pace with the times in improved methods of education and training and the installation of technological equipment. During the past ten years we have strongly advocated the use of any new equipment available to us, and extensive training for our officers. The people of the Town of Natick have stood behind their police department, and the results can be readily seen when comparing crime in this community with that of the national average, or with that of several of our surrounding communities.

The 1970's promise to be even more advanced and scientific. At the present time there are several proposals before the legislature which will allow for federal grants to be used for the training and education of police officers and the development of technological equipment for police departments. It is my intention to explore every avenue of federal assistance to local police departments during the coming years and to take full advantage of these funds in behalf of the members of my department, and the safety of our citizens.

Our record during the past ten years is one which the members of the Natick Police Department can be proud. In a message recently published by J. Edgar Hoover, Director of the F. B. I. said, "Law enforcement has not been without its shortcomings; however, in public service only those who make no efforts are exempt from mistakes."

<i>Year</i>	<i>Full Time Employees</i>	<i>Part Time Employees</i>	<i>Budget</i>	<i>Expended</i>
1967	54	27	\$514,768.00	\$512,280.82
1968	54	27	\$596,677.69	\$584,424.98
1969	54	27	\$657,577.89	\$637,649.87

There is also set forth a comparison of selected statistics of the department for 1968 and 1969.

	<i>1968</i>	<i>1969</i>
Complaints requiring investigation	15,131	14,987
Arrests following investigations	876	1,034
Fines levied after convictions	\$18,341.00	\$21,466.00
Jail Sentences	42 yrs., 4 mos.	45 yrs., 5 mos.
Value of goods recovered	\$98,867.00	\$100,049.00
Parking tags issued	2,733	4,103
Checks made on vacant homes by request	7,588	7,321
Fees collected from parking meters	\$9,997.47	\$11,793.55
Parking meter violation fines	\$416.00	\$616.00
Miles police vehicles travelled	340,906	358,775
Persons fingerprinted (civilian purposes)	833	812
Fees received for copies of accident reports	\$981.00	\$831.00
Fees received for permits to carry firearms	\$452.00	\$418.00
Fees received for firearm ID cards	\$1,702.00	\$756.00
Fees received for liquor ID cards		\$18.00

The conclusion of this report will compile specific records reflecting the nature of our police activities this past year, and the type of investigative matters which have occupied our attention.

I should like to comment on various aspects of these records and other matters pertinent to this report.

I. General Crime Condition

An analysis of the year 1969 in comparison with that of 1968 indicates:

Crimes against the person	Remained the same
Crimes against the property	Increased
Crimes against the public order	Remained the same
Court prosecution of juveniles	Increased
Value of goods recovered	Increased

Natick "held its own" during the year 1969 which is encouraging, when the national crime rate, and the increase in crime in several of our surrounding areas has risen sharply. This was accomplished without the addition of any personnel, and within our annual budget. Juvenile arrests, and crimes against the property continue to increase and an analysis of these statistics reveals that this has been due mainly to arrests for shoplifting. This problem continues to plague our merchants, who are losing thousands of dollars annually. These merchants, in an effort to curtail this problem have increased their security personnel, and many have adopted a "complete prosecution" policy. Our department has and will continue to cooperate and assist these merchants with this serious problem.

The illegal use and distribution of Narcotic drugs continues to rise at an alarming rate. As in previous years, Natick has been fortunate in having kept this problem under control. This has required vigilance on the part of our officers. Our policy of prevention and education in this area has proven very successful. During the past year two of our officers completed extensive training in drug abuse and control and have been working very closely with our schools and young people in an effort to keep this problem at a minimum.

Vandalism to our schools and other public buildings during the year continued to be a problem. Recently passed legislation making parents of youngsters between the age of seven and seventeen responsible for any damages done by these youngsters may be a strong deterrent to vandals in the future.

Several serious crimes were cleared by our officers during the year. An armed robbery resulted in the arrest of one man and one woman. Three men were arrested following an extensive investigation into the hijacking of a truck on Route 9 and three thousand dollars worth of merchandise was recovered. A Natick man was arrested following a raid on a local apartment in which was found a "small arsenal" of weapons. Four Boston men were arrested following the theft of \$5000.00 worth of wedding gifts from a car on Park Avenue.

II. Motor Vehicles

Traffic control, accident investigation, and other incidents related to motor vehicles continues to consume a major portion of any police department's time and manpower. Natick is no exception. We have experienced only two more accidents in 1969 in comparison with 1968. There were less personal injuries and no fatal pedestrian accidents. There were no fatal accidents on Route 9 for the second year in a row and it should also be noted that we had only three bicycle accidents during the year.

The number of traffic citations issued in 1969 was greater than in 1968 and this was due primarily to the use of Radar which has proven to be very effective. In 1970 we will request the purchase of a new streamline speed timer which when purchased will be paid for by the federal government. The use of radar is probably one of the greatest means of accident prevention available, and we intend to use this tool wherever and whenever possible.

Several intersections in the town still create insurmountable problems. The intersection of Speen Street and Route 9 continues to be of major concern to our department. During the peak traffic hours it's almost impossible for emergency vehicles to move through this area. Police cruisers and fire apparatus become "bogged down" in the traffic and are unable to respond to calls. We have continued to press the State Department of Public Works for immediate action in correcting this situation. Until corrective action is taken the intersection of Speen and Hartford Streets which is also hazardous and congested will have to remain as it is. Another serious problem is that of the intersection of Mill and West Central Streets. It is our understanding that traffic lights will be installed at this location upon the completion of the construction of the Mill Street railroad bridge which is expected in the spring of 1970. The completion of the new Leonard Morse Hospital and the subsequent moving of the main entrance to a point further south on Union Street has eliminated the hazardous conditions that were present at the old entrance.

Our safety programs under the direction of Safety Officer Sergeant Robert Drew have continued and improved during the past year. It is interesting to note the sharp decline in bicycle accidents during the past year, which I feel is a direct reflection on our safety programs in the elementary grades.

III. Administration and Operational Matters

1. The exterior of the police station has now been completely renovated resulting in the elimination of a dangerous condition which had been present for several years. The results of this renovation have also enhanced the beauty of the station, presenting to the public a building which the town can be proud of.

2. Sometime in the near future it is going to be necessary for the town to investigate the possibility of expanding the present facilities of the police department. The present station was built in 1935 when we had fifteen officers. We now have fifty-four officers in addition to reserve officers and civilian employees. The present facilities are inadequate and an over crowded situation exists. Under the present setup the town leases the second floor of the police station to the County of Middlesex for court purposes. The court is also suffering from a space problem. I would strongly suggest that the town appoint a committee to study this problem.

3. In the police department budget for 1970 I have requested the purchase of two additional "walkie talkie" radios. Upon the completion of this purchase we would be reimbursed in full by the federal government. Communication is of fundamental importance in the operation of any police department. It is imperative that each and every officer on duty regardless of assignment be in communication with the station and his fellow officers at all times. In previous years the "foot partolman" was left

on his assignment without any means of communication other than by telephone. This not only presented a dangerous situation for the officers but it is very inefficient. The use of these small compact radios has proven to be effective and economical.

4. Very shortly our department will be one of the first in the state to install a communications system which has been termed as the greatest advancement in the field of law enforcement since the two way radio. This system, which is known as the "Law Enforcement Agencies Processing System" will link our department via teletype with a central computer located at the State Police Headquarters in Boston. The computer will be able to answer instantly requests for information on stolen cars, missing persons, outstanding warrants, and many other types of information needed in the efficient operation of a police department. We also will have the capability of going directly to the National Crime Information Center in Washington, D. C. Our department has a direct terminal to these computers and we will be able to store our own missing and wanted persons and stolen cars on the computer with no waiting.

5. We have recently installed tape recorders on all of our incoming phone lines in order to record all emergency calls. It will also allow us to have the police officer on the street call in and put his reports on tape rather than coming to the station and leaving his patrol. It is hoped that this will give us better coverage on the street and also provide for more accurate reporting.

6. As I have stated several times previously in this report, I strongly feel that training and education for today's police officer is of the utmost importance. During the year 1969 the entire force completed a course in the use of firearms which was given by the Federal Bureau of Investigation. One of our officers completed a course sponsored by the F. B. I. qualifying him as a firearms instructor. All of our command officers have now completed the Police Management course at Babson College in Wellesley. Two of our officers completed courses in drug abuse control. Seven of our officers are now enrolled in law enforcement programs at different universities and community colleges. I am in favor of an article that the selectmen have inserted in the Town Meeting which would give additional pay to a man who is furthering his education.

7. Our auxiliary police organization and school traffic supervisors continue to do an outstanding job in assisting our regular officers.

8. During the year 1969 we acquired through the use of federal funds, a breathalyzer machine, which is now installed in the station. Several officers have been trained in the use of this machine, and we hope to have several more trained during the coming year.

In conclusion I would like to express my sincere appreciation to town officials, the members of the department and to the townspeople for their interest and support of the police department.

The entire number of arrests for **1449** offenses committed in Natick in the year 1969 was **1034**. Of these **838** were male and **196** were female. The number of residents arrested was **364** as compared to **670** non-residents. Included in this figure are **102** juveniles of which **37** were non-residents and **65** were residents of the town. In addition there were **1155** warrants and criminal processes served for other departments.

During the year 1969 there were 368 accidents investigated by the Natick Police Department. This represents an increase of 2 over the total of last year. There were 196 personal injury accidents in which there were 283 persons injured. This was 8 less personal injury accidents with 14 less persons injured than in 1968.

While we did experience an increase of one fatal accident over last year (four in 1969) it is interesting to note that three of the accidents were during the early morning hours and were not due to traffic problems. It is

indeed encouraging to report that for the second year in a row we had no fatalities on Route 9 nor have we had any pedestrian fatalities during the same period.

On January 19, 1969 a 40 year old male resident was killed in the early morning hours when his car went out of control and struck a utility pole at the corner of Pond St. and Lakeview Avenue. The second fatality of the year occurred on January 27 in the early morning when a 29 year old male resident lost control of his car on North Main Street and struck a sign in a parking lot at the corner of Stratmore Road. The third fatality of the year occurred in the early morning hours when a 23 year old male resident struck a piece of road machinery on Bacon Street while riding his motorcycle. The last fatality of the year occurred on August 25, at 5:40 P.M. when a 29 year old resident (male) was involved in an accident at the corner of West Central Street and Forest Street.

W. JOSEPH SHEA, *Chief of Police*

Communications Division

FIRE ALARM

New Fire Alarm boxes have been installed at the following locations:

Hampshire & Yorkshire Drives
 West Central St. & Dunn Mayflower Co.
 College Road
 Buena Vista Road
 Leonard Morse Hospital New Complex
 Eliot Hill Road
 Oak & Winter Streets
 Walnut Hill School Infirmary
 Pauline Drive
 Tech Circle Contemporary Research Co.
 West Central & Speen Sts.
 Woodland & Clover Lane
 Harwood & Craft Roads
 Manor Ave. & Paul Street
 Juniper Lane & Clearview Drive
 Speen St. & Pinehurst Ave.
 New Memorial School

We have extended our aerial circuits with a total of more than 5,000 feet of Rural "C" wire. Bimonthly tests were performed on all Fire Alarm boxes including Auxiliary systems in Rest Homes, Churches and Schools and necessary emergency repairs made. Daily tests were made on all circuits and equipment. A total of seventeen Fire Alarm Boxes were added to the Fire Alarm System this past year bringing the number of boxes protecting the Town to more than 300.

POLICE ALARM & TRAFFIC CONTROLS

Police alarm & traffic control systems were serviced and replaced throughout the year.

RADIO SYSTEMS

The Fire, Police, Public Works and Civil Defense Radio Systems were serviced and required tests performed throughout the year. Compact portable radio units were added to Fire & Police Departments present Communication Systems. A remote pickup receiver was installed for the Route 9 & Speen Street Area.

RICHARD D. FAHEY, *Chief of Department*

Fire Department Participates in Community Project

Public Works Department

This is the forty-ninth Annual Report of the Public Works Department.

Mr. Daniel J. O'Leary was re-elected for a 3 year term to the Board of Public Works.

Mr. Louis R. Nickinello was appointed to the Board to replace Mr. Thomas L. Huddy. Mr. Huddy resigned in order to take up his duties as Selectman in Natick.

Kenneth Prue, Meter Reader in the Water Division retired. We wish Ken many happy years in retirement.

Highway Division:

New Equipment: 3 Dump Trucks, Sidewalk Plow, Salt Spreader.

The Mill Street Chapter 90 Project is well under way. As soon as the Railroad Bridge is completed, the street work will progress rapidly and the project is expected to be finished in late Spring 1970.

The north end of Speen Street and the easterly end of Commonwealth Road were resurfaced under Chaptr 90 Maintenance funds.

Portions of Bacon Street and Walnut Street were surface treated with Type I bituminous material.

The following streets were treated with asphalt and peastone or sand:

<i>Asphalt and Oil Peastone</i>	<i>Sand and Asphalt</i>
Lakeview Avenue	Edgewood Avenue
Fairview Avenue	Parkview Street
Moore Street	Zoar Street
Pleasant Street (South Natick)	Grandview Street
Claybrook Road	Craigie Street
Dover Road	Felch Court
Glen Street	Birch Road
	"D" Street
	Woodland Street
	Cypress Road

Following are lengths of streets, sidewalks and curbing constructed throughout the town during 1969:

<i>Street Names</i>	<i>Street Length</i>	<i>Sidewalk Length</i>	<i>Curbing Length</i>
Birch Road	180'		180'
Clearview Drive	850'	850'	850'
Cypress Road	980'		980'
Eliot Street		2300'	2300'
Eliot Hill Road	600'	600'	600'
Juniper Lane	550'	550'	550'
Lantern Lane	600'		600'
North Main Street		2100'	
Oxbow Road	600'		600'
South Main Street		1100'	

Following are lengths and sizes of drains constructed in the town during 1969:

<i>Street Names</i>	<i>12"</i>	<i>15"</i>	<i>C.B.</i>	<i>M.H.</i>
Eliot Hill Road	400'		2	2
Bacon Street	75'		1	
Cypress Road	200'		2	2
Larchwood Lane	290'		3	1
Ledge Lane	100'		4	
Michael Terrace	400'	260'	6	3
Oakland Street Ext.	210'		2	1
Pauline Drive	640'		6	3
Tamarack Road		450'	4	4
	<hr/> 2315'	<hr/> 710'	<hr/> 30	<hr/> 11

Water Division:

New Equipment: 2 Dump Trucks

Money was appropriated this year to construct a new well on State owned land adjacent to Lake Cochituate off Cypress Road. The start of this project has been delayed because certain conditions stipulated by the Department of Natural Resources before granting the permit are not acceptable. The legal departments are now working on the wording of the agreement and work is expected to get under way in the Spring.

Following are lengths and sizes of water mains installed in 1969:

<i>Name of Street</i>	<i>Size of Pipe</i>	<i>Length in Feet</i>	<i>Size of Gates</i>	<i>Number Installed</i>	<i>Hydrants</i>
Aqueduct Rd. (Eliot Hill)	10"	180'	10"	1	
Birch Road	12"	180'	12"	1	
Cypress Road	12"	1020'	12", 6"	3	2

DANIEL J. O'LEARY

LOUIS R. NICKINELLO

Board of Public Works

Commissioners O'Leary, Robbins, Nickinello.

Forestry Department

Dutch Elm Disease

The department reports for 1969 the removal and disposal of over 100 confirmed Dutch Elm diseased trees on town property. Sanitation methods, such as pruning, proper trimming, spraying, removal and disposal of diseased trees continues to be the best methods in helping to control the disease.

Spraying

A dormant spray was applied in early April to all Elm trees in an effort to curtail the elm bark beetle which is the carrier of Dutch elm disease. During April, May, June, July and August a foliage spray was applied for the Elm leaf beetle, Birch leaf miner, Oak leaf miner and other tree pests. The Oak leaf miner was not as severe as in other years. In past years there has been some controversy concerning the use of certain insecticides. We continue to use only the insecticides recommended and approved by the Shade Tree Laboratory of the University of Massachusetts at Amherst and the Waltham field station. All employees of the department who apply pesticides are licensed by the Commonwealth. Many Norway maples throughout the town in the past year have shown signs of wilting and dieback. Some of the contributing factors are girdling roots, narrow tree belts, soil compaction, absence of top soil, mechanical injuries, grading and vandalism. The drought of the past years could be one of the principal factors in the wilting and dieback. Limbs of affected trees have been and will continue to be pruned out after the extent of the dieback becomes known.

Planting

The tree planting program continues to progress and we report the planting of over 200 trees of different varieties throughout the town.

Posted Trees

The department reports the removal of 10 posted trees because just reason was shown that they were a hazard in one form or another. Trees were removed and trimmed at the following schools in cooperation with the School Dept. — Eliot, Johnson, High School, Kennedy Junior High and West Schools. The department program of pruning and trimming of dead wood and low growing limbs over sidewalks and streets was carried out whenever needed in all parts of the town.

Tree Maintenance

This is a continuing program in tree care. The work consists of deadwood removal, pruning, shaping, cabling, bark tracing, cavity work and spraying. The purpose of this work is to promote the accent on the esthetic values of the town in the form of well cared for trees and plant-

ings. Trees are an important necessity in the community as more and more building is being carried on each year we strive to maintain the surrounding landscape in its original state whenever possible. The department has kept abreast with the improvement of these trees throughout the town by constant maintenance and improvement.

Stumps

A total of 75 stumps were removed below ground level in various sections of the town.

Christmas Lights

The Forestry department worked with the Fire Department in the installation of the Christmas lights and decorations in the downtown area in December.

New Equipment

The department reports the addition of one new Chevrolet truck equipped with a hydraulically operated aerial lift mechanism, designed specifically for tree trimming and maintenance.

WILLIAM F. YOUNG, *Tree Warden and Moth Superintendent*

Town Forest Committee

The Town Forest Committee has attempted to correlate its activities with recreation, conservation and youth organizations availing themselves of the Town Forest facilities.

We express our gratitude to the Recreation Department, Forestry Department and the Natick Police Department for their continued maintenance assistance.

Indiscriminate littering continues to be a major problems and the cooperation of the general public is solicited. Attention is called to Natick's Town By-Law which prohibits town wide littering punishable by a \$50.00 fine.

Particular forestry improvement programs have been scheduled for scouting units and service organizations for both the Hunnewell Town Forest and the Old Town Farm Town Forest.

Our thanks are extended to the Town Officers, Boards and individuals who have given of their time and cooperation.

GEORGE H. WALLACE, *Chairman*

RICHARD ROBBINS

RICHARDSON HARWOOD

School Committee

It is generally agreed that the most important position in any school system is that occupied by the superintendent. His influence will affect board policy, staff performance, community support and eventually the lives of everyone directly or indirectly associated with the schools of any community.

This may seem to be a strange manner to open an annual report but it is appropriate this year because it is the School Committee's means of paying a "well done" to Superintendent Alfred A. Maffeo, who retired in July after thirty-five years of dedicated service.

In this day of unusual educational change it was obvious that the School Committee had a real task to obtain a competent and experienced superintendent. Dr. Herold Hunt of Harvard Graduate School of Education was retained as a consultant and sent information relevant to this vacancy throughout the country. Seventy-four applications were received from thirty-four states and one foreign country. The committee devoted countless hours in analyzing, interviewing and visiting. At the conclusion of the search unanimous agreement was reached that Dr. Winston W. Wetzel was the educator who was best qualified to lead our community to new educational horizons.

The new Memorial School in South Natick is expected to be completed and occupied in February. It is a school designed for flexibility and will introduce many exploratory, and innovative approaches. The School Committee commends the members of the Building Committee for their zeal in planning a school building which will be of lasting benefit for our children.

The members of the School Needs Committee also merit the commendation of the townspeople for their conscientious endeavors as they have labored long and well to determine Natick's educational needs for the next decade. Their preliminary report indicates a need for the acquisition of land for school sites in West and South Natick. Few will disagree with their conclusions since all studies indicate that the cost of land in Natick will continue to increase in the years ahead, and there is no doubt that more schools will be needed in the future.

During 1969 the School Committee was concerned with vocational education, improving library facilities, special education, transportation, new personnel, new concepts in education and other developments which may be read in the reports from the staff. A sub-committee was formed which completed a survey of the present physical conditions of the school plant and a plan is being formulated which will schedule maintenance projects so that buildings will be kept at a high level of efficiency, appearance, and safety.

The School Committee is aware of its responsibility to meet the challenges in education and has endeavored to maintain a balance between progress and change. It has devoted hours to the problem of collective bargaining in an effort to maintain high staff morale and quality education at a cost that the townspeople can afford.

Once again the School Committee extends its thanks and appreciation to the Town officials and boards, to parents and citizens of the Town, to the school staff, the P.T.A.'s and to all others for their cooperation and assistance.

GAIL E. COSGROVE, Ed.D., *Chairman*

PAUL AMBLER

C. BERNIE SIGALOVE

Seated: School Committeemen Sellw, Cosgrove, Shea; Standing: Committeemen Sigalove, Flynn, Saunders and Superintendent Wetzel.

Superintendent of Schools

One of the important events in the Natick school system last year was the appointment of a new chief school administrator following the resignation of able Alfred Maffeo. The change was accomplished smoothly with an overlapping period of administration during which time the new superintendent became acquainted with his duties and received background information from his predecessor. A working knowledge of the school system is necessary before continuing changes can be made and ultimate goals and objectives of education for the students of Natick determined.

A request for better communication with various segments of the public has been partially fulfilled through a series of meetings in schools with interested groups of parents and patrons. Meetings in the elementary schools have usually been held under the auspices of the P.T.A. Secondary school meetings were jointly planned with the staff, administration and those parents who were interested in seeking information and voicing opinions about the schools' operation. As a result, a closer contact has been established with parents and they are serving on curriculum and other committees.

Several requested changes have been made at the High School. The bus schedule was rearranged so that students may now leave immediately after school instead of waiting for one hour. A late bus has been provided for those wishing to stay. Seniors with regular jobs are dismissed early from school work if their grades are satisfactory and they have permission of their parents to work. Study and dress regulations for secondary students have also been relaxed.

The administration has completed a study of the educational needs for high school students who plan to enter the working world. Businesses and industry in the area were contacted to obtain the information necessary to make a judgment as to what the high school can offer to improve the chances for students to get jobs. The hope is to gear the curriculum to students' needs and make information available for a better understanding of the possibilities for employment in this immediate area.

Several rulings from the State will affect the physical and economic aspect of the operation of the school system. The State is reducing its support to the education of the emotionally disturbed and some handicapped children and has placed the burden back on the local school district. This increases the cost locally because of the necessity of small class size, the requirement for aides, classroom space and of additional equipment. Natick's new Memorial School has been constructed to provide for some of these classes. However, with the increasing numbers being returned to the local school district more space and personnel will be needed.

The Memorial School has been completed and is a credit to the town. It is a flexible well-constructed building designed to meet the changing needs of education. It is so designed that new programs can be developed and it can serve as a model and guide in many areas for the entire school system.

School buildings and grounds have been improved and during the next summer will be subject to further change and repair. A sub-committee

The study of nature is enjoyed at all ages.

of the School Committee has inspected each of the school buildings very carefully to determine the length of time they will be useable and what can be done to improve the conditions of the buildings. Such improvements should result in more comfort for the students and staff and less upkeep for the buildings.

The School Needs Committee has made its report to the School Committee. After a careful study of population projections, the Committee reported that future building sites must be acquired as soon as possible, preferably in West and South Natick where there is a possibility of a rapid increase in population.

Toady's schools are different in appearance, in organization and most important in how and what they teach. Modern curriculum emphasizes principles and concepts rather than the memorization of unrelated facts and is characterized by unprecedented student activity. It is apparent that in order to make learning more interesting and alive, it must take place in an active, problem-solving atmosphere rather than in a passive lecture oriented environment.

Our instructional programs are organized to provide students with sufficient time to explore, to contemplate, to examine ideas and values. There is planned continuity in the curriculum as it is presented at the

various grade levels, which makes it possible for students to advance educationally with maximum challenge and minimum interruption in their learning process. Natick continues to develop a modern curriculum that is consistent with the prevailing mood of experimentation and the findings of valid research.

Additional educational responsibilities have been recently assigned to the public schools. Our objectives now include instruction in such areas as family living, alcohol, drugs and smoking. It is not only a matter of teaching more subjects to more students but teaching different subjects in different ways on the basis of social concerns and in terms of individual capabilities and interests. Students want to study problems relevant to their age level and interests. They want varied opportunities to acquire information closely related to their world of daily living.

An integral phase of our educational program is the modern trend towards individualized instruction. Once the child has mastered the communicative skills of reading and writing, so essential for success in school, he is eager and ready for a more personalized form of learning. Technology provides the teacher with multi-media devices that may be used in directed study and special equipment includes computers, projectors, record players, tapes and television. The Instructional Materials Center has expanded the library concept and added an important dimension to our

"We have reason to give thanks."

learning process. Each child now has a total resource area available for individualized research.

Teachers give special attention to the development of each child's perceptual growth. As a student progresses in his educational life, he should better understand causal relationships, opposites, space-time, and part-whole concepts. When a child first enters school, he is frequently limited by a variety of conceptual errors. Our instructional program provides opportunities to develop learning skills and experiences which should help to correct erroneous assumptions and distorted views. During the next school year tentative plans have been made to introduce courses in the humanities for the purpose of studying a period of time through the combined disciplines of English, history, music and art. In this manner, students come to understand better the events of time, what has shaped people's beliefs, attitudes, the significance of economics, and thus, the learners are able to develop a critical sense as they view the events of history. When a student becomes involved in acting out a play, or writes one, in discussing moral issues or works of art he seems to become part of the ideology or events as they actually transpired. Learning in this manner has a deeper and more lasting significance.

Education has failed to place proper stress on vocational training. This is especially serious when we realize that approximately 30% of our students terminate their formal education shortly after graduating from high school. It is obvious that a highly oriented academic program does not satisfy the essential needs of this segment of our school population. These young people must be prepared immediately for the world of work and need special skills in order to earn a living and assume a responsible role in community life. During the next school year, Natick will introduce a course in distributive education, which is designed to prepare youth in the fields of marketing and merchandising. This innovative course along with others in cooperative education will make available new instructional avenues closely related to business and industry and will make our high school program a more comprehensive one.

A valuable factor underlying instructional effectiveness is our extensive in-service training program provided for the benefit of the total staff. Administrators, teachers and supervisors have numerous opportunities to attend educational conferences, evaluate experimental projects in other school systems, and participate in special workshops conducted by guest consultants. Emphasis is placed on participation and demonstration, so that what is studied has direct relevance to classroom instruction.

Noteworthy highlights that have occurred during the year 1969 include the following activities, programs, and studies:

- (1) Greater opportunities for discussion, research, and study among administrators and teachers at all educational levels.
- (2) Summer workshops in order to update curriculum in terms of valid educational research.
- (3) Seminars for certain members of the professional staff on ways to improve the teaching of composition and creative writing.
- (4) Special concentration on the teaching of reading, with emphasis on developing listening skills, phonics, and comprehension.

Future Rembrandts at work at the Eliot School.

New math games are fun.

- (5) A review of our early childhood educational program with concentration on readiness and active student participation in the learning process.
- (6) Increased use of our planetarium as a major teaching device for astronomy and outer-space programs.
- (7) Pilot projects in the teaching of elementary school science with an orientation toward student inquiry and experimentation.
- (8) Stress on the implementation of independent study programs at the secondary school level. This instructional procedure necessitates the scheduling and individualized studies.

Audio-visual aids are important classroom tools.

Elementary pupils study anatomy.

Players perform for an enchanted audience at Murphy School.

"Some of our brothers are in far off Saigon."

- (9) Developing an educational program in phase with the modern facilities available at the Memorial School. New methodology includes variations of team teaching, with provisions for large and small group instruction.
- (10) Establishment of an educational clinic at the Memorial School to serve our students on a system-wide basis. The objectives of this specialized program include comprehensive diagnosis and supportive counselling in order to help students with school adjustment problems.

The Natick Public Schools now employ 461 certified professional staff members and 173 non-teaching members, 61 of whom are part-time personnel. A total of 585 persons are paid from the budget appropriated at the 1969 Annual Town Meeting, plus 49 cafeteria workers who are paid from cafeteria receipts.

In 1969 one hundred and nine new teachers were appointed. Twenty-four were for new positions created by a growth in enrollments or for im-

New school fashions parade between classes.

Future auto mechanics.

provement in the educational program, and 85 filled vacancies caused by numerous miscellaneous reasons as follows:

Retirements	14
Ill health	3
Deaths	3
Marriage	7
Transfer of spouse	8
Pregnancy	6
Leave of absence	6
Accept position nearer home	7
Accept position in industry	3
Continue education	7
Accept overseas position	3
Promotions	6
Failed re-appointment	8
Salary improvement	4

With reference to the 24 new professional positions, 19 were for classroom vacancies in the following schools: 7 at the High School, 4 at Kennedy Junior High, and 8 to staff the new Memorial School in South

Relax and read at Kennedy Jr. High.

New Memorial School — November 1969.

Natick. The remaining 5 positions were needed to provide a second librarian at the High School, a certified school librarian to coordinate the library services of the 12 elementary schools, an elementary guidance counselor, an elementary reading specialist, and a principal for the new Memorial School.

Proposed for the 1970-1971 school year are requests for 14 additional professional personnel. These modest requests are needed in order to provide either for increased enrollment or for new educational programs mandated by Massachusetts laws. In the latter case, for example, two teachers will be required for classes of emotionally disturbed and those with learning disabilities to be established at the Educational Clinic in the new Memorial School, in compliance with Chapter 626, Acts of 1967. Five classroom teachers are sought for the secondary schools and three at the elementary level. Also, at the elementary level there is a need for a full-time librarian, a psychologist, a school adjustment counselor, and a reading specialist.

After many weeks of negotiations in 1968-69 five contracts were ratified with associations representing the administrators, teachers, secretaries, custodians and cafeteria personnel in the Natick School system.

Few people were able to foresee the impact that collective bargaining statutes would have on the School Committee and the staff. It is generally agreed that negotiations have contributed to a sharp increase in school budgets. Also of importance, insofar as the management of public schools is concerned, is the expenditure of time, energy and effort required in the collective bargaining process.

A scene from the senior play — "Harvey"

A scene from teachers' 2nd Annual Scholarship Musical — "Mame".

Laboratory techniques in biology at Natick High.

The major benefit of collective bargaining is the improved communications that have developed between School Committee, staff and administrators. It is hoped that this advantage will result in greater efficiency and a significant improvement in the quality of Natick education.

Members of the School Committee have demonstrated a genuine interest in all facets of education. It is with sincerity that we express appreciation to them for their dedication and encouragement and to numerous other people who share a part of whatever success the school system has enjoyed this year. To the staff, to the parents, to town officials, to all those interested in better education for the youth of Natick, we say "thank you" and urge your continued constructive, critical assistance.

<i>Year</i>	<i>Employees</i>	<i>Budget</i>	<i>Expenditures</i>
1968	12	\$150,340.00	\$134,925.84
1969	12	\$161,802.00	\$146,856.12

The Morse Institute annual report for 1969 is hereby submitted.

The circulation of books for 1969 totaled 277,452, which represents a slight drop from that of 1968 which was a peak year. This slight decrease may be due to the improvement in school library facilities as well as to the many storms that occurred in 1969, but it is a trend that seems to be quite general throughout the country. However the adult circulation on the Bookmobile did show an increase. 4410 books were cataloged and made ready for circulation and 4032 were discarded.

Reference service is one of the most important functions of the library. Requests for information on a wide variety of subjects are answered each day and a number of inquiries about Natick's history are received by mail from different parts of the country. The microfilm reader has had greater use by students and adults. The N.Y. Times, the Natick papers and the Town Clerk's records are valuable sources of information for those doing research.

The collection of large print books has been well received. Several more titles were added and more will be added next year. Many borrowers prefer them to the smaller print of the regular editions of these books.

Membership in the Eastern Regional Library System of Massachusetts has enabled the library to give better service to its patrons, many of whom have been provided with materials, not in the Morse Institute's collection, through interlibrary loan. Several organizations have obtained cards to borrow films from the Boston Public Library. The Wellesley Free Library, the Sub-Regional center, has started a Union Author Catalog of all the recent accessions of books in the libraries in the Sub-Region of the Eastern Regional Library System. This speeds up the process of locating a book requested for interlibrary loan. Each year more improvements in the service are made. A workshop on Summer Reading Programs was attended by the Children's librarians.

The Children's Library maintained an active program throughout the year. During the school year, monthly visits were made by all the classes from the Center and St. Patrick's schools. Four Nursery schools and a Second Grade from the Lincoln School had an instructive tour of the library. A successful Summer Reading Program was conducted during July and August with a registration of 400 children. Weekly Story Hours for Kindergarten through Grade Two were held from October to May on Saturday mornings. A Pre-School Story Hour was given the last Tuesday of each

month. All these programs help to stimulate the child's interest in reading and learning. One of the Children's librarians read a story for the Senior Citizen's Christmas program.

Both Bookmobiles continued to provide excellent service for their borrowers. The School Bookmobile visited six elementary schools weekly and the Adult Bookmobile made weekly neighborhood stops for adults and children. Both carry an unusually good collection of recent books. Great pains are taken by the Bookmobile librarians in selecting books for their collections in order to meet their borrowers' requests.

The meeting room on the second floor was used by a greater number of Natick organizations this past year. This attractive room is available, free of charge, to any civic, cultural or educational group in the town. There is also a screen so that films may be shown.

As in previous years, many interesting exhibits have been on display in both the Adult and Children's libraries. They are a great attraction for the library patrons. Many thanks to those who so kindly loaned them.

After thirty years of service, the brass-covered front doors, that were part of the American Legion Memorial to World War I soldiers, had to be replaced. The handsome new doors were installed late in the fall. As they are aluminum with a bronze finish they will not need to be polished. They blend in very well with the War Memorial lobby and it is hoped that they will last as well as the old ones.

In the summer the Morse Institute acquired a cassette player and a set of cassettes of children's literature from the Massachusetts Bureau of Library Extension through Federal Funds. It was purchased with the understanding that it would be shared with the Bacon Free Library which has had the use of it for the first six months.

The library has in its custody nine Currier & Ives Prints depicting the "Life of a Fireman". They were formerly at the Fire Station and have been cleaned and restored at Holman's Print Shop. They will be on display early in 1970.

In December the Morse Institute was able to fill its vacancy for a Library School Graduate when Mrs. Margaret Bradner of Foxboro accepted the position. She has had some school library experience and is a graduate of the University of Rhode Island School of Library Science. Her background and education make her well qualified for this position. In November Mrs. Doris Bower, the Circulation Librarian changed from full time to part-time work.

The Staff is most appreciative of the many plants and flower arrangements brought in by members of the Natick Garden Club. The library is grateful to the "Natick Bulletin" and the "Suburban Free Press and Recorder" for the gift of their respective papers and for printing the library news; to the Natick Federal Savings and Loan Association for the library book marks and to the Natick Trust Company for the borrower's card envelopes. Many gifts of books and magazines were gratefully received.

Special thanks should go to the Natick Fire Department for their prompt action in preventing great water damage in the book stacks when the roof leaked because of clogged drains, after the storm of December 26.

Several members of the Staff attended state and regional library meetings during the year. The Librarian attended the annual American Library Association Conference at Atlantic City.

The Librarian would like to express her appreciation to all the staff, full time and part-time, for their cooperation and loyalty and to the Trustees for their understanding, interest and support of the library's needs. The Staff look forward to another year of service to the townspeople of Natick.

ELIZABETH H. PARTRIDGE, *Librarian*

TRUSTEES OF MORSE INSTITUTE

The services of the library continue to grow with great impetus. During 1969 the circulation of books, approximating 300,000, is indicative of the tremendous interest in the Morse Institute and of the demands placed on it by our fellow townsmen. Maintenance of the plant and improvement in services have taken most of our time and planning. Among items of major significance which we wish to cite is the recent replacement of the brass-covered doors leading into the front lobby of the World War I Memorial. The old doors installed in 1939 had deteriorated to such an extent that they were not only a hazard to the library patrons but also to the security of the building. The new doors of durable bronze, we feel, enhance the appearance of the century-old main structure. We were able to accomplish the replacement at a cost of \$2000 without seeking additional funds from the town.

Pleasing to the Trustees has been the use of the assembly area on the second floor by so many local organizations for their meetings, seminars, and workshops. This cheerful area of the library was deliberately designed for this purpose, and we hope that more groups will take advantage of these excellent facilities.

Displeasing to us, however, is the amount of vandalism that occurs during the hours of darkness and during weekends when the library is closed. The extent of this problem has been not only a vexing one but a costly one — so much so that a separate item for this purpose is being contemplated for our 1970 budget. In this regard, it is to be noted that nearly \$1800 was expended during the last 12 months mostly for the replacement of window glass.

We would be remiss if we did not express our sincere gratitude to the thousands of library patrons who appreciate the services which the Morse Institute is providing to the community. Special recognition and thanks, also, is hereby extended to Miss Elizabeth Partridge, Head Librarian, and to her staff for their loyalty and dedication. We recommend that her excellent 1969 report of the library activities, which is published nearby, be examined by all the residents of Natick.

Recreation and Parks

A REFLECTION OF THE SIXTIES

Preparing yearly reports of the past, I have always felt it would be most interesting to capture the whole development of Recreation and Parks in Natick over a greater period of time, so that analysis of the progress and successes, as well as shortcomings and failures, might be more carefully examined by the residents and enable each of us to view in greater perspective the growth pattern of Recreation and Park services in Natick.

"The Whole is Greater Than the Sum of its Parts" may be a most accurate description of the ten year Recreation and Park Developmental Program. Though trends of Recreation Theory and Philosophy have undergone untiring review and appraisal, and methods and materials have been revised, and administrative, supervisory and leadership practices and procedures have undergone constant re-evaluation, the primary objectives and goals of the Recreation and Park Service have come through unscathed. The purpose, for the hundreds of part time staff and numerous full time employees, of providing creative experiences for the majority of the population during their idle time, has remained essentially the same, with only the MEANS to achieving this goal being altered.

One of the most consequential steps of the sixties was the consolidation of Recreation and Parks, which has led to not only greater efficiencies but has enabled government to provide improved services through a coordinated effort. Acquisition and development of new park and recreation facilities have been better accomplished due to the shared experiences of Park and Recreation people and the success of the combination in Natick has likewise been successfully evidenced at the local, municipal and federal level across the country.

Concrete manifestations of the success of the Park-Recreation merger have been the improvements to existing facilities and additions of new recreation areas around the town.

South Natick during this period has had its recreation program enhanced by the construction of the multi-purpose play area providing basketball, tennis and hard surfaced game areas and through conversion use planning, a large safe winter skating facility partially separated for hockey and free skating and recently lighted for night recreation use. South Natick too has been the site for development of the official Little League Home Field. This effort, provided by the Little League Organization and many volunteers, after approval of use of Park Land by the Recreation and Park Commission in the middle sixties, has been a credit to the Little League and valuable addition to the recreation facilities of the town.

Finally in South Natick, though results are not yet evidenced, the cooperative effort in planning the new South Natick School between the School Building Committee and Recreation and Park Commission in regard to community use and recreation facilities, will be of great benefit to all residents of the town and is a first in cooperative planning and coordinative utilization of tax dollars for Education and Recreation.

West Natick and the general town population have been provided with extended facilities with the completion of the John J. Lane Family

Family Night — Camp Arrowhead

Recreation and Picnic Area, the first of its kind in Natick. The construction of an additional softball field at the High School by this department, renovation and expansion of Memorial Beach including the highly functional flotation pier system have been of further significance in development of neighborhood and town wide facilities. Kennedy Junior High too has provided the recreation program with new possibilities and heavy use of the theatre, gymnasium and tennis facilities has resulted.

North Natick development included a tennis court lighting system at Wilson Jr. High and Multi-Purpose Facility construction at Bennett-Hemenway Playground. The improvements were required to meet the needs of the population explosion of this neighborhood, as well as the overall needs of the community capable of taking advantage of these facilities.

Natick Center is blessed with long established open areas and recreation facilities close to population centers and major improvements included only modifications and minor additions. The community effort, spearheaded by the Evening Division of the Women's Club to construct a bandstand on the Natick Common, complements the people oriented cultural social program emphasis now underway and further scheduled for the 70's.

Other improvements in the central facilities include, Coolidge Field revamping, consisting of a new drainage system on baseball diamond, basketball court renovation and lighting systems at the hockey installations, general skating area and hard surface facilities.

One area of town seriously in need of areas and facilities is the East Natick section. Although recognized by the department as a recreationally deprived area, plans for the future are underway including a concerted effort to provide the most up to date facilities at a proposed Winter Street School.

PROGRAM

The program of the department during the 60's was necessarily adapted from time to time, to meet the changing needs of the community. Recreation of the 70's was previewed by means of the 1969 "Creative and Performing Arts Festival," featuring everything from the Boston Ballet Company to the Billie Pope Afro-American Dancers and from the Caravan Theatre to Folk-Rock music. This possibly best characterized the new people oriented and creative look of Recreation for the future in Natick.

Realizing that Recreation can not be static, and that programs meeting the needs of the population fifteen years ago may not be relevant to the needs of today's highly diversified and mobile population, has resulted in this new people oriented program approach by the Department. The people oriented approach may be defined as recreation programs adaptable to the needs of the people and offering those intangible elements that are relevant to man's attempt to relate to man.

An examination of the 1969 Summer Playground and Fall, Winter, Spring "Recreation Exposure" Programs reveals the practical application of the new people oriented approach. These experimental programs led to the redirection and improvement of the established physical program and resulted in more social, cultural program offerings, placing heavier emphasis on the potential growth and developmental opportunities available to the individual. The program reconstruction which included improvisational dramatics, refined physical activities, creative arts, and a generally more innovative activity range facilitated this transition process.

The teenage segment of the population was offered a program which featured the diversified, the mobile and the creative, as the Neetega Club of Natick and the department pursued the course of program planning relevant to the needs, interests and desires of the youth of the town.

Again, the trend to expand and improve upon the existing base of a physically structured program came to light in the more socially oriented co-recreation activities. Functions including ski trips, mountain climbing excursions, movies, hayrides, drop-in center activities and various special events were sponsored by Neetega. Complementing the overall program expansion was the highly successful and well received cultural-recreational experience of the Natick Drama Workshop that featured the superb production, "The Lion In Winter."

While the socially and culturally oriented experiences were accentuated to meet the changing needs and demands of the Natick youth, the physical programs of 1969 were revamped to include the teenage participant in ski instruction, as well as a whole new centralized program operation known as "Recreation Unlimited." This very successful program was the first of its kind in Natick and was extremely popular as it afforded opportunities in a virtually limitless variety of physical activities including gymnastics, weight training, handball, indoor hockey, table tennis, volleyball and cage ball.

Adult programs in the Town of Natick began to reflect the recreation sign of the times in 1969 as almost all existing programs, with the exception of the highly competitive Men's Hoop League and Slo-Pitch Softball League were co-recreational and as much social as physical in nature.

Changing needs and desires can best be seen in the adult programs as increased demands for leisure type recreational pursuits has attracted four

times the number of tennis participants in the instructional programs, (b) prompted the beginning of an informal, intra-mural basketball program for men, (c) necessitated the inclusion of year-round jogging program, (d) created the expansion of the Badminton Club and the Square Riggers Organization and (e) warranted the addition of an adult ski instruction program. Other adult programs experiencing similar response and success included volleyball, table tennis, swim instruction, slimnastics and golf.

If Recreation has an older appearance in the Town of Natick, it can be found at the Junior High Program Level. Existing recreation experiences for this age group included an almost exclusive physically based program for boys that featured flag football, intramural basketball, swimming instruction and wrestling. A single recreational-cultural exposure was offered by the department's Natick Drama Workshop.

Included as new recreational activities for the junior high school individual in 1969 was the ski instruction, hockey instruction and the very successful "Recreation Unlimited" Program at the high school that operated five days a week in the summer months.

Natick residents have, in the late sixties, received a preview of the types of programs to be implemented within the next decade. In the future the people oriented approach will be expanded and refined to include more culturally oriented programs at the adult, high school, junior high and elementary levels. The major area of concentration will be at the junior high school level, where program rejuvenation is drastically needed. The junior high program plan will call for initiation of a program that features diversity yet continuity, while attempting to meet the individual and collective needs of the community.

In addition to the expansion and rejuvenation of the above mentioned programs, Natick residents will view and participate in more community type programs similar in nature and scope to the aforementioned Festival of Creative and Performing Arts.

PERSONNEL

We have seen only a glimpse of the past decade and taken only a short trip into the future.

Before closing, a report of the major obstacle facing the effectiveness of the Recreation and Park Service in Natick is in order. Over the past ten years the changeover in administrative, supervisory, laborer and part time leadership personnel has been staggering. Continuation of this development will severely impede the effectiveness of the service. Natick can not expect the same calibre of leadership and supervision provided by experienced, trained and mature leaders to be offered by high school students, and this is predominantly what we are presently capable of attracting with the present Personnel Plan.

There must be changes in the 70's and one of the recommendations already presented for consideration this year is a more equitable and realistic pay plan. The lifeline of the department and the core recreation service is the staff and unless major adjustments are made at the beginning of the 70's the future will be severely hampered.

The problem deserves your attention and appraisal and the entire Recreation and Park Service needs your involvement and communications

in the year ahead. Make every effort to find out what is available to you and your family, relate your needs and those of your neighborhood to the staff, and support worthwhile improvements recommended by your representatives on the Recreation and Park Commission.

In closing, I wish to express the deep gratitude of all involved in providing Recreation and Park Services in Natick, to other town boards and committees, public and private organizations and individuals who have been so cooperative throughout the sixties and made so many of the steps now ready to be taken in the early 70's possible.

Finally, I congratulate and thank those who have worked so diligently on the Recreation and Park Commission, Full Time and Part Time Recreation and Park Staffs and the thousands of volunteers who gave of themselves so unselfishly during the past decade.

Respectfully submitted,

MICHAEL J. ROURKE, *Superintendent of Recreation and Parks*
Natick Recreation Commission

Assistant Superintendent Cereghino.

Council on Aging

1969 has indeed been a memorable year in the relatively short history of the Council on Aging. Meaningful services have become a regular rather than special program offering. Continued success of the Drop In Center, including provision for more valued social services, educational programs and physical, social and cultural recreational activities, has been particularly satisfying to the council. Appointment of Mr. Anthony Pais as Center Director was a highlight of '69 after the disappointment of losing Mrs. Beverly Hedderig.

Response of the Advisory Council to the challenge of providing the necessary grass roots work in compiling a resident list of the elderly of Natick, and planning, promoting and implementing two of the most successful social gatherings ever held for Senior Adults of Natick in the way of a Summer Picnic at the John J. Lane Family Recreation and Picnic Area and a gala Christmas Party at the Walnut Hill School was overwhelming and we're sure sincerely appreciated by young and old alike in Natick.

The future, however, is of primary concern to the council. As yet we are still only scratching the surface in providing necessary service for our senior residents. Certainly major among areas of concern, where presently little or no progress has been made, are additional low or moderate income housing, improved health services to the elderly in terms of home care, and nutritional programs, local low cost transportation and financial assistance through investigation and support of Federal and State legislation and or aid and reduced costs for goods and services to the elderly of Natick.

While looking toward these programs, we are concerned with the presently pressing communication and recreation needs of our Senior Adults and have, therefore, recommended extension of the Drop In Center Services, and initiation of a town wide Senior Adults Service needs survey. Hopefully these two projects will help meet some of the urgent needs of the present and enable us to proceed with provisions for greater services in the future.

On behalf of the Advisory Council and ourselves, we wish to thank the many town businesses, service, fraternal, social and church organizations, governmental agencies and hundreds of people who have cooperated so fully in 1969 and we actively solicit your support in the future.

Respectfully submitted,
Natick Council on Aging

Board of Health

Contagious diseases reported in 1969:

Bacillary Dysentery	5
Chicken Pox	374
German Measles	61
Infectious Hepatitis	5
Measles	0
Meningitis	0
Mumps	80
Salmonella	23
Streptococcus Infections	66
Tuberculosis	3
Whooping-cough	0

Home visits were made and releases given to 634 students. For the past nine years prior to 1967, Chickenpox has been the most prevalent contagious disease. For 1967 and 1968 Mumps was the most outstanding. For the year 1969 Chickenpox has again topped the list. The year 1969 had no Measles as a reportable disease. Because of the Health Department's programs and available vaccine for this disease, the Department is proud to state that its ultimate goal in reporting no cases of Measles in the Town of Natick has been achieved.

The number of out-patients brought to the Middlesex County Sanatorium for x-rays and diagnostic services totalled 25. Individual home visits totalled 170. The number of active cases of Tuberculosis reported for 1969 was 2 — all of which were pulmonary.

The Evening Division of the Natick Woman's Club in conjunction with the Natick Health Department once again conducted the Amblyopia Screening Program open to all pre-school children. A total of 200 children were screened and seven referrals were made with 2 positive findings.

Flu Clinics were held at the Center School for all Town Employees and Teachers. Vaccine was administered to 138 persons.

A Glaucoma Detection Clinic was held in conjunction with the Natick Lions Club. A total of 90 persons were examined. From this total, 21 were referred for further examination and of these 21 referrals, 3 had positive glaucoma, 6 had suspicious findings and 12 were negative.

A Diabetic Detection Clinic was also held in conjunction with the Natick Visiting Nurse Association. The total number of residents tested were 112. A report is forthcoming as to the findings.

Fourteen Well Baby Clinics were held in 1969. A total of 126 participated and there were 40 new registrations. The following is a breakdown of the services rendered:

D. P. T.	52
Oral Sabin Trivalent	52
Measles Vaccine	13
Small Pox Vaccine	17
Small Pox Vaccine Certificates	17
D.T.	4

There were thirty-eight premature births reported to the Department in 1969. A total of sixty-six visits were made. One applied for aid and was referred to the Department of Public Welfare. No aid was required by the Board of Health for the year 1969.

Fifty home visits were made in the Maternal Health Program for the year 1969 — seven antepartum visits and forty-three post-partum.

A total of 767 Tine Tests were given to First grade students and new students. Only one was positive to the Mantoux test or x-ray.

All students in grades one through six who required the Diptheria-Tetanus inoculation were inoculated. A total of 1104 students were done.

The following permits and licenses were issued during the year 1969:

General License (keeping animals, bakeries)	30
Day Nurseries	10
Milk Licenses (Store)	79
Milk Licenses (Vehicles)	10
Mobile Food Server (Canteens)	7
Food Service Establishments	50
Oleomargarine	19
Camps, Cabins, Trailer Coach Park & Motels	6
Massage	10
Methyl Alcohol	1
Removal or Transport Garbage or Offal	10
Mfg. Ice Cream Frozen Desserts	3
Swimming Pools (Construction & Operation)	57
Funeral Directors	6
Burial Permits	209
Septic Tanks	14
Beverages	1
Rubbish (Residents)	3,690
Rubbish (Trucks)	392
International Certificates	37

Fees collected and returned to the Town Treasury for dump stickers totaled — \$25,997.50.

The following biologics were distributed to the various physicians in the Town of Natick:

Small Pox	483 Vials
Tetanus and Diptheria Toxoid (for adult use)	41 Vials
Oral-Polio	362 Vials
Measles	512 Vials
Typhoid	20 Vials
Tetanus Toxoid	121 Vials
Diptheria and Tetanus Toxoids	94 Vials
Diptheria and Tetanus Toxoids and Petussis Vaccine combined	213 Vials
Tuberculin Old	51 Vials
Immune Globulin	168 Vials

The Dental Clinic under the Health Department is staffed by three qualified dentists and a dental nurse. It opened in September of the School

year. All children from grades one through six inclusive were examined and Dental Notices were sent to their parents for signatures on work needed. Dental work required could be accomplished by the staff at the Dental Clinic or by the family Dentist.

The following is a breakdown of work done at the Clinic for 1969 which includes charting, fillings, cleaning, extractions and x-rays.

Operations	1451
Patients	708
Sessions	257

Fees collected and returned to the Town Treasurer totaled \$1,387.00.

Through the office of the Natick Board of Health a total of sixty-four (64) dog bites were reported. From other sources forty-two (42) dog bites were reported. The total of one hundred and six (106) dogs were examined, found to show absolutely no evidence of the contagious disease of Rabies, and were released from quarantine after the prescribed ten (10) day confinement.

In June, the Annual Rabies Clinics were held under the direction of the Natick Board of Health. A total number of 1476 animals were vaccinated. The fees received was a total of \$729.84 which was turned over to the Town Treasurer's Office.

The head specimens of two (2) squirrels, seven (7) rodents, five (5) skunks, three (3) cats, six (6) dogs, and one (1) bat were sent to the Wasserman State Laboratory for analysis of Rabies. These reports were returned as negative.

The Health Department Laboratory under the supervision of our Director of Public Health was again approved and certified by the State Department of Public Health. Approval is determined by qualified personnel and up to date equipment which is usually recommended by the State. Yearly samples are submitted by the State for quantitative and qualitative analyses as a method of testing equipment, techniques and personnel.

Dug Pond, Lake Cochituate and Non-Such Pond tested within Public Health Standards for water to be used for swimming purposes. During the months of July and August and early September, Dug Pond was again tested on a daily basis because of its high bathing load. This service was initiated because of possible adverse effects from bacterial growth, due to the dry season which prevailed.

The following is a summary of the activities, excluding administrative duties, for the Director for 1969:

Complaints (all types)	100
Consultations (drainage, disposal units, etc.)	80
Court (show cause)	2
Dairy Inspections	8
Final Inspection (disposal units, swimming pools)	74

Inspections (eating establishments, canteens, markets, etc.)	165
Inspections (day camps, nursing homes, etc.)	35
Lot Surveys	120
Milk Samples	85
Percolation Tests	1
Progress Inspections (complaints, swimming pools, Disposal units, etc.)	160
Swab Tests	100
Water Samples (beaches and drinking)	150

Six subdivisions were submitted to the Health Department for recommendations and approval. Each subdivision has to be surveyed by the Director and followed through with a write-up listing recommendations to all parties and Town Departments involved before approval is given to the subdivider. In a few instances, the Board of Health acting in the interest of the Town and its residents, has requested from the proposed subdivider certain stringent requirements. In most cases the subdividers were most cooperative.

There are nine Day Nurseries in Natick which participate in programs for pre-school children from three years of age and up. These establishments are inspected periodically by the Director and Public Health Nurse in order to check the number of children each nursery has admitted, medical records and all facets of sanitation and safety required by law. Personnel are also checked for chest x-ray clearance.

Six Nursing Homes in the Town are also inspected periodically by the Director relative to sanitary requirements and qualified personnel.

No cases of food poisoning have been traced to any eating establishment in the Town of Natick for 1969.

The Town was sprayed a total of six times by the Department's mobile-mist blower with a refined grade of Malathion. This insecticide is considered one of the least toxic of compounds to warm blooded animals. The Mosquito Control program weather permitting, is in operation throughout the year. The cleaning of brooks and culverts of debris and of bog holes and swamps is a continuous operation throughout the year. All swampy, stagnant water areas are sprayed with insecticide and oil. The Town Dump is also sprayed periodically to eliminate and reduce insect breeding. A portable mist blower, recently purchased, is used in areas which cannot be properly sprayed by the mobile mist blower.

Helicopter services are hired annually for the spraying and dusting of six large swamp areas in the confines of the Town of Natick. The dusting is done before or during the thaw season in early Spring to prevent the Spring hatching. The spraying is carried out during the summer months accordingly. Weather and safety factors permitting, frozen swampy areas are dusted during the winter months by the Department's Mosquito Control Foreman. He also carries out a continuous rodent control program at the Town Dump and is subject to many calls from the residents in the Town to rid their premises of wasp and bee hives.

The present members of the Board of Health are well pleased with the performance of the Mental Health Program which they advocated in 1967 for needy residents in the Town of Natick. It is hoped these services will continue.

REPORT OF THE TRUSTEES OF THE LEONARD MORSE HOSPITAL

After five years of planning and two and one-half years of constructing, it would be difficult to find any achievement of Leonard Morse Hospital in 1969 which could overshadow or equal occupying the brilliant new complex overlooking the Town of Natick. The hospital which belongs to the "inhabitants of Natick" moved into the health care age of the '70s and '80s on November 23, 1969. Every predictable advance which medical science is capable of offering us can be incorporated in this ultra-modern, flexible health care facility.

Surpassing the excellence of the new hospital building, however, is that of the physicians, nurses, and scores of specially trained personnel. New facilities are still bricks and mortar, for it is the skill, the personal interest, and the "Tender-Loving-Care" of a hospital staff which restores health, comforts the dying, or helps to achieve the birth of a new citizen. On the cover of the Leonard Morse Hospital Personnel Policies Manual, the following statement reveals what the Trustees expect from those who care for the sick: "Built into the foundation and framework of our hospital and an integral part of all its services to patients is the thread of human compassion."

Volunteers did so much for their neighbors in the hospital setting last year that a separate report of their significance and achievement would certainly be in order. In addition to several thousand hours of patient service in activities ranging from book wagon and television service to patient escort and receptionist duties, the Leonard Morse Hospital Aid association outdid itself in 1969. Most of the \$50,000.00 pledge to the new building

AWAITING A LOOK at the new Leonard Morse Hospital is part of a crowd of over 1,200 who attended June 7 dedication exercises.

DEDICATION DAY principals at Leonard Morse Hospital were (l. to r.) Gov. Francis Sargent; Mrs. Margaret D. Horton, building committee chairman; George S. Hodgson, L.M.H. Board of Trustees chairman; and John I. Taylor, dedication committee chairman.

program was paid from volunteer fund raising activities. Tour guides attended a series of training sessions and escorted nearly 1200 people through the new hospital on the day of dedication. Hundreds of hours of volunteer service helped the highly successful move from the old building to the new. And, the day after the move took place, despite incomplete installation of some equipment, the Hospital Aid opened the new Coffee Shop for business as usual! One cannot effectively measure the true value of such dedication.

The Hospital Building Committee of the Town of Natick will have to be clearly recognized in 1970 when the final phase of this project is concluded. Their task has been an arduous one but their achievement gives each committee member a very personal reward which can be experienced but not purchased. They have kept a remarkable timetable to save several million dollars, while extraordinary inflation sent shudders through every hospital construction program in the nation. In rounded figures, the 1967 public bidding project draws to a close with the following cost experience anticipated:

Preliminary Plans, Architect's Fees, Construction Contract, and Contingency Extras	\$5,650,000
Furnishings and Equipment Provided by Trustees	700,000
Grand Total	\$6,350,000

NATICK'S FIRST CITIZEN in 1970 was Susan Ann Walsh, born January 2nd to Mr. and Mrs. Robert Walsh, Jr., 3 Laconia Road (shown with her mother). Nurse is Mrs. Hilda Marcy, R.N., obstetrical supervisor.

Fund Drive Conducted by Trustees	\$1,000,000
Furnishings and Equipment Provided by Trustees	700,000
Federal Hill Burton Assistance	450,000
Expected Total Cost to Town of Natick	4,200,000

Grand Total	\$6,350,000
Construction Cost	\$30.00 per sq. ft.
Project Cost (includes architect's fees, etc.)	32.00 per sq. ft.
Furnished and Equipped Grand Total Cost	35.00 per sq. ft.

VISITORS TO NEW LEONARD MORSE HOSPITAL enjoy plaza-like effect
on terrace between new and old buildings.

Clearly, from New England hospital construction costs occurring in late 1969, the \$32.00 per square foot project cost of the new Leonard Morse Hospital would be between \$48.00 and \$52.00 per square foot if started in 1969; an inflationary increase of at least 50%, or an additional \$2,825,000 on the Leonard Morse Hospital project. Avoidance of higher costs due to inflation was one of the achievements of the Hospital Building Committee.

A new advisory council to assist the seven member Board of Trustees became a reality in October 1969. The Trustee Council, presently forty-eight members from Natick and surrounding towns served by the hospital, will emerge as an exceptional new volunteer service to the hospital program. Assistance to the Trustees will cover everything from Long Range Planning and a Development Fund Program to establishing a School for Licensed Practical Nurses and studying the need for operating a Rehabilitation Unit. Chairman of the Council is Alfred A. Maffeo. Vice Chairman in charge of Long Range Planning is Rudman J. Ham, and Vice Chairman in charge of the Development Fund is James F. Carlin.

The audited financial statement of Leonard Morse Hospital is found in the Financial Reports section of the Town Report. It reflects sound management. The Statistical Report covers another year in the old hospital and reflects remarkable additional service such as the Clinical Laboratory with its 20% increase in Laboratory Tests.

In 1970 the Trustees expect to open a new Department of Pulmonary Physiology to give attention to lung diseases which cripple. Emphysema, asthma, chronic bronchitis, and many other lung abnormalities exist throughout our community; and it is time to do something about these cripples. This Department and others which will follow will be our way of saying thank you to Volunteers, Fire Department personnel, Police, Clergy, and the many people in Town and State agencies who have done so much to help us continually improve patient care.

MARY R. LEAVITT
Secretary
Board of Trustees

Civil Defense

I respectfully submit the following report for the year 1969:

The Civil Defense program in Natick is still being carried out on a small scale, but with the capability of quickly expanding if conditions should require.

Radios, Emergency Generators and the Warning System have been maintained, an emergency generator installed at the South Natick Fire Station, and additional radio monitoring equipment installed at the Emergency Operating Center.

Scuba equipment has been kept in repair and the old bookmobile converted for use in water accidents and other emergencies. The Scuba equipment has been used by Fire Department divers on several occasions the past year in search and recovery operations. It is to the credit of these men that they have been, to date, successful in all their operations, some of which have been under the most difficult conditions.

The Auxiliary Police have assisted the Police Department on every occasion on which they have been called and have willingly and efficiently carried out the duties assigned.

Additional medical supplies such as bandageing and sterilizers have been obtained through the Surplus Property Program, and additional equipment purchased for the Resusi-Anne manniken which will allow for more efficient teaching of Mouth-to-Mouth Resuscitation and External Heart Massage, now used by all emergency services. This equipment is available to any organization or group for the teaching of these techniques and it is hoped that more use will be made of it in the future.

During the coming year it is planned to transfer all the medical supplies and the Emergency Hospital Unit to a central storage area at the new Leonard Morse Hospital where they will be more available to those most concerned in case of an emergency.

During the year the Town received a sum in excess of \$3,000.00 through the Matching Funds Program, a much greater amount than the cost of the Civil Defense program to the Town; And with the hoped for, early solution to the problem in Viet Nam, much equipment will then be made available to the Town through the Surplus Property Program. Future inclusion of the Town in these two profitable programs require a continuing Civil Defense Program.

JOHN A. MORRIS, *Deputy Director*

Natick Industrial Council

The Industrial Council has not been meeting on a regular basis due to the fact that there is a lack of industrial land in the community at the present time. However, when necessary, meetings are called. When a new or present industry in the community wishes to meet with the Industrial Council, the Council is available and ready. Their meetings may be called on 24-hour notice. The Industrial Council wishes to be continued so that there is an Industrial Council if needed.

MARVIN R. GOULD, *Chairman*
For the Committee

Historical Commission

The year 1969 has been an active one for the Commission. Unfortunately Mr. Joel Rome felt that the pressure of business did not allow him to continue as Chairman so he resigned the post and Mrs. Ruth Peinze was appointed Chairman. Mr. Rome continues his very welcome assistance.

The first project completed this year was the indexing of the early headstones in the South Natick 1731 Cemetery. This was accomplished with the enthusiastic efforts of the Fourth Grade pupils of the Lilja School under the supervision of their teacher, Miss Virginia Lyster. We had a very appreciative letter of thanks from the office of the Secretary of State. We also want to thank Mr. Russell Palmer for the fine job he did repairing two badly broken slate stones of a Revolutionary soldier and his wife, in this old cemetery. We plan to do the same sort of inventory for the North Natick Cemetery this coming year, perhaps with the assistance of the Fourth grade at the Bennett-Hemenway School.

Another project will be to get plaques made to put on the houses, by permission of the owners, showing the original builders and approximate date when built, which have been reported to the Massachusetts Historical Commission.

The most important project which has entailed considerable work of our members, is to further inventory the historic structures in Natick. The result of this inventory indicates that South Natick should be preserved by an Historic District. The area is so important historically because of the efforts of the Rev. John Eliot in 1651 of setting up a Praying Indian Village that it is known worldwide. It is an area of homes, some of which are among the oldest in Natick, and because of the proximity of the Charles River, we hope to keep it so. The owners have taken pride in the care of their homes, and because of the nucleus of the two churches, the very early cemetery, the Bacon Free Library and the Indian Cemetery, and the beautiful parks, it is an area where we receive many compliments from residents of other towns for its attractiveness. It is truly one of the major historical areas of the town, and one which we can continue to be proud of. Therefore, the Historical Commission has requested the Selectmen to establish an Historic District Study Committee to further investigate and report on this area.

Natick Housing Authority

Pursuant to Section 26U of the General Laws, the Natick Housing Authority, Town of Natick, Commonwealth of Massachusetts, submits herewith its Annual Report for the calendar year 1969.

For the past 19 years the fifty-two units (twenty-six duplex houses) of the Veterans Housing Project have provided low-income housing for Natick veterans who would find comparable commercial rentals far above their means.

Long-term bonds, coupled with low interest rates and a subsidy provided by the Commonwealth have made it possible to retain the following schedule of rents; families with less than three minor dependents, 18% of their income; families with three or more minor dependents, 14% of their income.

Present plans call for the Vinyl Siding of all structures, to be started this coming spring.

The Board is conscious of the increasing need for low and moderate-income housing and is currently considering the different avenues open, with a view to meeting the need in the speediest and most practicable manner.

Housing for the Elderly (Cedar Gardens)

The garden-type units of Elderly Housing now number one hundred and sixty-four with additional units to be requested from the State, pending approval of the coming Town Meeting. These apartments are ideal in every respect for the senior citizens of Natick who have more than earned the comfort, economy, and security afforded by the facility.

It would be difficult to recall and too lengthy to enumerate the many acts of help and cooperation performed by all Town departments. Emergency calls to these departments resulted in a ready response, for which the Authority is truly grateful. In like manner, the Board wishes to thank all veteran and fraternal organizations, their auxiliaries, the Women's Clubs, the Visiting Nurses Association, and all other groups who have afforded the folks at Cedar Gardens so many pleasures during the year.

The Board is anxious to provide whatever added comfort the budget may allow at Cedar Gardens. As an example, the Community Hall will be air-conditioned before the advent of the hot weather.

At the Annual Meeting held in April, 1969, election of officers was duly held with the following unanimous choices:

Chairman	John A. Grady
Vice-Chairman	William J. McDermott
Treasurer	Thomas L. Huddy
Asst. Treasurer	Robert J. Ryan
Member	Dr. Vasil W. Petro

During 1969, the Natick Housing Authority paid to the Town of Natick \$1,872.00 in lieu of taxes.

JOHN A. GRADY, *Chairman*

ROBERT J. RYAN

WILLIAM J. McDERMOTT

DR. VASIL W. PETRO

THOMAS L. HUDDY

DAVID I. KENIRY, *Executive Director and Secretary*

Finance Committee takes a moment from a busy schedule to pose for the photographer.

Dog Officer

As Dog Officer, I respectfully submit my report for 1969.

Complaints (lost and stray animals)	1,372
July 20, 1969 through December 30, 1969	
Unclaimed dogs	75
Restraining orders	16
Dogs destroyed (owner's request)	2
Dogs picked up at schools (approximately)	200
Unlicensed dogs captured, licensed by owners and reclaimed	300
Sick raccoons picked up and disposed of	18
Sick skunks picked up and disposed of	22

JACK HAYES, JR., *Dog Officer*

Personnel Board

The Personnel Board held regular meetings on the second and fourth Wednesday of each month. From September, 1969 to January, 1970, the Board held weekly meetings. In June the Board, after several meetings with the Selectmen, established three new Classifications in the Selectmen's Department as follows: Full-time Dog Officer; Secretary to the Selectmen; Secretary to the Comptroller-Administrator. On October 15, 1969 an organizational meeting was held and Mr. John W. Nason, Jr. was re-elected Chairman and Mr. Henry R. Rose re-elected Vice-Chairman, unanimously.

On November 13, 1969, Mr. Walter B. Trundy tendered his resignation from the Board because of business commitments. Mr. Trundy was a member of the Board for six years and a former Chairman of the Board.

During the year a comprehensive survey was made of all clerical positions, both full time and part time. Evaluations of duties and responsibilities and salary comparisons with surrounding Towns were made.

Meetings were held with Department Heads and employees. Their requests and recommendations on salaries and classifications were duly considered. Several Department Heads and employees meeting with the Board emphasized that a merit plan, a longevity plan, or an extended pay plan similar to that granted to Patrolmen at the 1969 Annual Town Meeting should be given serious consideration.

A study was made of several approaches to method of pay classification and the decision was reached to initiate the "level" method of classification. This method groups positions in a level based on the difficulty, responsibility, and skill required in the job. A study was also made of a method of coordinating the Personnel Board Pay Plan with the Pay Plans negotiated by bargaining units of the Town.

Articles were prepared for inclusion in the Warrent for 1970 Annual Town Meeting.

The Personnel Board prepared the 1970 Pay Plan with great deliberation, keeping in mind requests and recommendations of Department Heads and employees and mindful also of the Board's obligation to both Town employees and the tax payers of the Town of Natick. On January 21, 1970 the Personnel Board presented their 1970 Pay Plan to the Finance Committee and all Department Heads.

JOHN W. NASON, JR., *Chairman*
G. MILO BALCOM

HENRY R. ROSE, *Vice-Chairman*
CHARLES H. HARPER

Planning Board

In 1969 the Planning Board held its usual number of Regular Meetings plus several special meetings.

The re-zoning of the Bianchi property required many hearings and conferences with the proposed developers, the Selectmen, Finance Committee, Town Counsel, Board of Health and Public Works Department. This proposal was first brought to the attention of the Planning Board in December of 1968, and it was October 1969 before the changes in the Zoning By-Law, voted by the Town Meeting, were approved by the Attorney General.

The result is that what is termed a Planned Cluster Development will be erected on a 192-acre site along West Central St. and Kendall Lane. This complex will include a mixture of residential types (single and multiple) with recreation areas and approximately ten commercial acres.

At the end of June, funds were released for Phase Two of the Comprehensive Plan, and work on this has been undertaken by Metcalf and Eddy. Phase Two includes, among other items, a "land use" and a "housing" study.

Phase One of the Comprehensive Plan was completed in the Fall, and in October the "Soil Survey" portion of it was completed and presented to the Town of Natick by The U.S. Soil Conservation Service.

With regard to its regular activities, the Board signed 48 plans believed not to be subject to the subdivision control law, and processed applications for new subdivisions.

In March 1969 Mr. Alfred Grassey and Mr. Donald Hughes were elected to the Board.

The Planning Board wishes to express its appreciation to Mr. Robert Eisenmenger and Mr. Marshall Lebowitz for their dedicated service to the Town of Natick during their terms of office.

Building Department

YEAR
1969

EMPLOYEES
2 Regulars
2 Part Time Inspectors
and Deputies

The Building Department issued a total of 2,358 permits during 1969 and received in fees the sum of \$20,427.25, which amount has been turned over to the Town Treasurer. These permits are as follows:

New Buildings	56
Alterations	435
Electrical	810
Gas	475
Plumbing	386
Occupancy	196

During this year many properties have had their street numbers changed so that they will be in sequence. This was done not only to benefit the property owner but to facilitate services by the Town.

As the Bianchi property on West Central Street has been changed from Industrial Zoning to Planned Cluster Zoning, it is expected that building on this land will be started within the near future.

Mr. Frederick L. Sanford, Jr., Inspector of Buildings, attended the In Service Training Program for Building Inspectors which was held in October, 1969 at the University of Massachusetts.

FREDERICK L. SANFORD, JR.

CHESTER E. JOHNSON, *Town Collector*

Board of Registrars

A new program was instituted by the Board of Registrars during the year 1969 which will benefit the town, both in offering a service and showing a saving on the tax dollars.

This program is data processing and originally began with the 1968 census. All data received in the 1968 and 1969 census was compiled and keypunched onto a data process card. This data was the sex, name, address, voter, party designation, year of birth, occupation, dog ownership and head of household wherever it applied, to the 18,000 Natick residents that were listed in the census. This information was then proof read and put onto magnetic tape. All, or any part of this information, is available within a matter of hours, whereas prior to the adoption of this system the work had to be done manually and this entailed three to four weeks' time and necessitated endless proofreading.

The annual census, which is compelled by law, has become increasingly difficult to conduct for many varied reasons. Our greatest difficulty is to convince a number of Natick residents of the importance of the census. Whenever it is necessary to verify a residence to establish credit, to attend school or, as in the past year, to obtain the government bonus for service in the Armed Forces, it is then that the importance of our records is understood. The Voting List must also be kept up-to-date and, again, the census is the only source available to the Board of Registrars.

To assist Natick residents in 1970 the Registrars have begun a new program of obtaining the census information. Questionnaires have been mailed to all known households within the Town. A stamped, return envelope with instructions to mail back will be enclosed. With the cooperation of all citizens this should work out to be more accurate and less time-consuming than the door-to-door method. Several reasons have brought about this change. The availability of census takers under the prevailing weather conditions, failure to find anyone at home in at least 70% of the homes reached, necessitating a second call or leaving a slip at the door which, in the majority of cases, was not returned. The net result was that over 2,000 notices then had to be mailed to the Registered Voter who, up to this date, had not replied to our office.

Failure to answer this last inquiry resulted in their names being removed from the Voting List. Thus, we cannot stress upon you too strongly how very important it is to answer the annual census. First and foremost, you must understand that in answering as requested, you are protecting your right to vote. We, the Board of Registrars, ask for your cooperation.

After an initial recommendation by the Board of Registrars, the Selectmen voted to change the location of four of the eight precincts. Nine elections were held in the Town over the past three years. Seeking ways to improve and expedite elections the Board of Registrars has kept a watchful eye on these elections.

Poll locations at the elementary schools were of great concern to us because of the traffic hazard created by the large percentage of voters who

drove to the poll area. Wherever possible we have changed the poll locations from elementary schools taking into consideration the better use of town-owned property not only for storage but for educational purposes.

We sincerely believe that the changes will be of great benefit to the voters of Natick and definitely will meet with their approval. Following is a list of the changes and the reasons therefor:

Precinct 3. From the Brown School to the Kennedy Junior High School. During the winter months this location was of great concern, not only to us but to the Public Works Department. Both entrance and exit onto Hartford Street are extremely hazardous in the winter. By locating at Kennedy Junior High we have eliminated this problem and have made available to all voters in this precinct better parking facilities. Students at junior high level also have an interest in elections and are now able to witness an election actually taking place. Also, if ever an occasion arises when the students wish to avail themselves of the voting machines in conducting a school election the opportunity exists.

Precinct 4. Originally in the Congregational Church this poll location is now at the Murphy School on North Main Street. Several factors brought about this particular transfer. First and foremost, we did believe that we were infringing upon the good graces of the Church by taking up space which was needed by their congregation. We also believe we alleviated the parking problem incurred with Precinct 1 and Precinct 4 being so close together and in the downtown area.

Precinct 6. Here again, we have a change from an elementary school, the Bennett Hemenway, to the Wilson Junior High School. The facilities at

Registrars Devereaux, Higgins, Sowles and Sweeney.

the Wilson Junior High are better for storing of the voting machines and handling the parking situation.

Precinct 8. This change has been from the West School to the Auditorium of the Senior High School. There were numerous drawbacks to the West Natick School. It had limited parking area at the end of a long, sloping driveway. Also, as voting was held all day the safety of the children was a major factor in making this transfer. The area set aside for voting was very inadequate. The stairs presented a problem and the entrance and exit areas were of great concern relative to safety.

Before making these recommendations for changes the Registrars did give many hours of thought to the existing problems and have tried, through these changes of Precinct Polling Locations, to eliminate such problems for the benefit of the townspeople of Natick.

JOHN D. SOWLES

WILLIAM J. SWEENEY

EDWARD W. DEVEREAUX

Redevelopment Authority

May we point the way, for the moment is upon us and Natick is setting its course along the corridor of the future, where the "winds of change" are stirring from many directions.

It is suggested that both *IMAGINATION* and much *ENTHUSIASM* be the guidelines of the future, to bring into focus a community of civilized design that will be a fountain-head of pride in the years ahead. It may be a Downtown Plaza or a Garden Concourse as a point of interest, but above all else having a "character" perhaps preferably New England style.

The planning for the new Natick should be an evolution of the whole community, with those concepts that your Authority would offer as a starting point of the new direction:

A RECONNAISSANCE STAGE

To determine and identify the personality of the environment.

DEFINITION OF OBJECTIVES

The conduct of meetings to obtain the interest of civic and public groups, or any individual with first-hand interest to present their suggestions or ideas.

ADAPTATION AND RATIFICATION OF LOCAL OBJECTIVES

Prepare a set of accepted local ordinances, to make possible the completion of specified objectives.

DESIGN PLANNING OF ALTERNATE CONCEPTS

Design and presentation of several ways of meeting the new objectives, as accepted by local councils and board members.

Within the scope of your Authority may the combined efforts of our service; chart the course ahead for a people oriented and revitalized town center, with a lasting beauty and comfort to all town residents.

Broadmoor / Little Pond Sanctuary

The land of the Broadmoor Sanctuary has come full cycle — it belongs to everyone again. Prior to European settling of New England, the land belonged to no one — or everyone depending on how you look at it. However, with New England settlement came land ownership. Most interestingly, an early act of the General Court of Massachusetts was to carve a Natick colony from a town called Dedham and preserve this colony for the Praying Indians of Rev. John Eliot. It is amazing that settlers were prohibited by law from owning land in this Natick colony for 70 years or more. However in 1686, the General Court gave Thomas Sawin, the first white man, special permission to establish a grist mill for the Indians within the Natick colony. Thus the land was developed and as the 1750 map on the cover of the Natick Telephone Directory (by the Natick Jaycees) shows, there were many settlers living here. In 1968, Dr. Carl Stillman gave the Broadmoor property to the Mass. Audubon Society. His gift adjoined another previous gift from the Channing Family in Sherborn. Thus the Broadmoor and Little Pond Sanctuaries became one and this land belongs to everyone again.

Through the direct contributions of the Friends of Broadmoor and the membership of the Mass. Audubon Society, the Broadmoor Sanctuary is being physically developed and its public role in the area realized.

EDUCATION-WISE, groups from the Framingham, Wellesley, and Natick schools have already had direct contact. Classes have seen and discussed ecology first-hand and Wellesley Jr. High Biology students have begun research on small mammals. There have been illustrated talks given to school, church, and other community groups. In the future, this type of interaction will increase, especially with the new Natick Elementary School nearby and its teachers already in touch.

PUBLIC VISITATION has steadily been increasing as families and individuals come to walk the many trails, snowshoe, ski-tour, and so forth. Fishing was rather popular in the Mill Pond and at Little Pond while canoers on the Charles River passed Broadmoor's wooded banks. By this summer, the trail system will be improved so that the public may enjoy the sanctuary more and learn something of what is there.

While these are some facts about Broadmoor, there are future plans such as:

1. Physical development needs include a hard-top parking area. Sanctuary signs, and visitor toilet facilities.
2. There are considerations for the establishment of a summer Natural History Day Camp as this represents a valuable educational opportunity to the children and parents of the area.
3. The considerable historic value of the area should be realized to a greater degree. In order to do something here, the Society will need local interest and leadership.

Committee Reports

BACON FREE LIBRARY MAINTENANCE COMMITTEE

The Committee appointed under Article 12 of the Town Meeting of March 27, 1956, for the Maintenance of the Bacon Free Library is pleased to report that all routine maintenance has been attended to. However, the extraordinary and costly repair of the antique cast iron fence which abuts the Library's property on Pleasant Street and Eliot Street has not been completed. In Article 23, last year's Town Meeting appropriated \$12,000 for the repair of this fence, *providing* an additional \$6,000 was raised by public subscription. The Maintenance Committee and the Trustees have raised the \$6,000, but the cost of the fence repair has increased substantially due to a sharp increase in the cost of iron workers' labor. The Committee and the Trustees are now raising additional funds. The Committee hopes to have the required funds raised and the fence elevated, remounted, repaired, and painted by the end of the summer of 1970.

In February of last year, the Committee and the Trustees of the Library appointed Mrs. Edmund Shedd of 7 Wilson Street as Librarian. Mrs. Shedd has many years of experience and has a Masters degree in Library Science. She is being assisted by Mrs. Marian Robinson, Mrs. Robert Clay, and Mrs. Richard Frazie.

This last year, the Library inaugurated a new summer program. The most successful part of it was a series of "story hours" run by Mrs. Shedd. In addition, Mrs. Shedd and Mrs. Clay continued the special program of library instruction and reading appreciation for Eliot School students.

The Committee requests the acceptance of this report of progress and asks to be continued.

ARNOLD W. HUNNEWELL
RUDMAN HAM

INTERIM REPORT OF THE SCHOOL NEEDS COMMITTEE

During this last year the School Needs Committee met on four separate occasions. Much of our time was spent analyzing the original and revised reports of the New England School Development Council (NESDEC) to the School Committee regarding the trend of Natick's school population by grade for the next five years. The first report of NESDEC suggested a significant decline in the elementary school population during the next five years. However, this report substantially underestimated the school population for the 1968-1969 academic year. NESDEC then produced a revised report. However, even this report has underestimated the elementary school population in this academic year (1969-1970). Nevertheless, our Committee has reached the tentative judgment that the total school population in Natick's school system will level off during the next five years, and the elementary school population will decline at least slightly. After 1976 we expect the elementary school population to increase once again as the large number of children who are now being born move through the elementary grade levels.

The Committee wishes to emphasize, however, that these are tentative judgments and are subject to substantial revision if conditions change or

new evidence becomes available. Throughout Massachusetts the parochial school population is declining substantially. If parochial schools in the Natick area should reduce the scale of their operations, this could bring a significant increase of students in Natick's elementary and junior high schools. Similarly, a rapid buildup of "town houses" on the Bianchi property in West Natick could bring about a change. Also, changes in zoning could bring important changes in school population.

During this coming year the consulting firm of Metcalf and Eddy will be making a long-range school population projection in their work for the Planning Board. We intend to make full use of this professional study before we submit our final report to the Town Meeting in the spring of 1971.

The Needs Committee has come to one firm conclusion in its deliberations, however. We are certain that in the long run the school population in the Town of Natick will increase substantially. Furthermore, the town has several substandard schools which will have to be replaced within a decade or two. Therefore, it is absolutely essential that the town acquire sites for new schools and that these sites be acquired in the very near future. Natick is fast running out of land and if we wait three or five years before we start an acquisition program, sites will not be available except at an exorbitant financial cost, plus the social cost of moving many families from their homes. Our Committee has already recommended to the School Committee that they acquire a site for a new elementary school in West Natick at the earliest possible time. We are also recommending that they acquire a site for a fourth junior high school in South Natick. We intend to make other additional general site suggestions in our final report next year.

SOUTH NATICK ELEMENTARY SCHOOL BUILDING COMMITTEE

This committee, charged with the responsibility for constructing, equipping and furnishing the South Natick elementary school is confident the school will have its rightful occupants by the time this report is published. Although the opening of the building was somewhat delayed by a shortage of qualified laborers and slow delivery of furnishings, it has been of utmost importance to the building committee to have all specifications adhered to and quality of workmanship kept high.

Every precaution has been taken to make this area safe for those walking and driving on Eliot Street as well as for those within the building and playing on the fields. The outside activity areas and landscaping will of necessity be completed in the Spring.

We are especially grateful for the patience and good humor shown by all who have been inconvenienced. The support and assistance given by all Town officials and departments is most appreciated. The committee asks acceptance of this report and continuance by Town Meeting.

IRENE S. GOLAN, *Chairman*

ROBERT J. DREW
JOHN W. FLOOD

JAMES L. GLEASON
MINOT B. MACDONALD

LEONARD MORSE HOSPITAL BUILDING COMMITTEE

ANNUAL REPORT

The Building Committee has met regularly at least every two weeks. Because of labor strikes and delays in deliveries, the hospital was not completed as early as anticipated.

The Committee requested and was voted an additional \$30,000 by the Annual Town Meeting to extend the contingency fund over the additional construction period.

Dedication of the new hospital was held June 7, 1969 with Governor Francis Sargent the main speaker.

November 23, 1969 patients were moved into the new building and the old buildings vacated. Public Health and Public Safety standards have been met and the hospital is functioning fully.

The contractor is presently finishing the contract work in connecting with the South Wing and modifying the Maternity Department.

The committee appreciates the cooperation and consideration given it by other town departments and requests to be continued.

TOWN GOVERNMENT STUDY COMMITTEE

This committee was established under Articles 67 and 68 of the Annual Town Meeting of 1965 and has been continued by subsequent Annual Town Meetings.

In January and February the Committee held public meetings to discuss the report of the administrative survey that was done in Natick and two articles subsequently submitted to the Annual Town Meeting. The articles, passed by the Town Meeting, increased the Board of Selectmen to five members and established the position of Comptroller-Administrator with the added function of control of purchasing. The position of Comptroller-Administrator is now functioning and the five-man Board of Selectmen will be elected at the 1970 town election. These are the first steps taken to achieve a more centralized town government.

The Committee met several times to discuss the next steps to be taken, to change the position of Recreation Commission, Tree Warden, and Constables from elected to appointed. Legal technicalities prevented the Committee from filing referenda, instead articles will be filed to accomplish these changes at a Special Town Meeting in 1970.

The question of the Selectmen acting as the Personnel Board was referred to this Committee by the Special Town Meeting on April 8th. We have discussed this question and checked with other towns on their handling of this in relation to collective bargaining. We will continue to study this question.

Because of the personnel question and the need of further changes in the form of the Town Government, we believe that the Committee should be continued. We ask that this report be accepted and the Committee continued.

In October, Mr. James W. Meyers resigned from the Committee, and the Moderator appointed Mr. John V. Madden to the Committee.

BUILDING CODE REVISION COMMITTEE

This Committee was appointed under Article 66 of the Annual Town Meeting of 1967. It has met with regularity to prepare a recommended recodification of the Town of Natick Building Code.

At the time of the writing of this report a working draft of the recodification has been completed. A comprehensive draft of the Revised Code will now be prepared for submission to department heads and town officials in order that conferences may be had and recommendations received for proposed changes. At the completion of the conferences and receipt of recommendations the Committee's final recommendation will be prepared and made the subject of an article for a Special Town Meeting.

To date the Committee has expended \$50.00 of the sum of \$300.00 which had been appropriated to the Building Department for the use of the Building Code Recodification Committee in 1969. At this time request is made for the sum of \$250.00 to be appropriated to the Building Department for the use of the Building Code Recodification Committee.

The Committee suggests that it be continued for an additional year.

CENTRAL EQUIPMENT PURCHASING COMMITTEE

The Committee originally appointed and organized as the Central Equipment Purchasing Committee to carry out the procurement of new equipment for the designated town departments was continued under Article 16 of the Warrant for the Annual Town Meeting of 1969.

Appropriation balance of 1968	\$ 608.00	
Appropriation of 1969	139,700.00	
Transfer from Reserve Fund	3,351.10	
		<hr/>
		\$143,659.10
Less purchases and	108,535.10	
Encumbered purchases	16,258.00	
		<hr/>
		\$124,793.10
Balance returned to Revenues	\$ 18,866.00*	

*Includes \$4,750.00 appropriated for a sewer rodding machine not procured for the Sewer Division of the Public Works Department at the request of its Director by his letter dated September 12, 1969.

Purchases were made in accordance with Article III of the Town By-Laws.

The Committee requests that it be continued. No additional operating funds are necessary for the year 1970.

The Chairman wishes to publicly thank Mr. Robert H. O'Brien, who resigned, for his expertise and contributions to the Committee. The Chairman also wishes to welcome Mr. Ronald W. Clifford who was appointed to replace Mr. O'Brien.

LONG RANGE SEWERAGE PLANNING COMMITTEE

The primary functions of the Committee are: (1) to review sewerage construction priority scheduling and financing, (2) to review application of the unit method of sewerage cost apportionment and (3) to take other actions as necessary in further meeting the sewerage needs of Natick.

During the year the Committee has met and conferred with members of the Public Works Department, Haley and Ward Inc., Engineers, and Richard Potter, Town Treasurer, to determine the feasibility of continuing priority scheduling recommended in the 1968 report. In as much as there has been no occurrence of such magnitude that it would necessitate a change in the established priorities and in that the recommended projects are feasible and necessary the Committee suggests continuation of sewer construction as follows:

1970 & 71 — *South Natick*

Union Street from Milk Street south, Woodland Street from Rockwood to Union, Rockwood Road, Scarsdale Road, Morse Lane, Broads Avenue, Leach Lane, Front Street, Mathew Court, Harp Court, Alger Street, Gilmore Avenue, Carver Hill Court, Eliot Street from Leach west beyond Badger Avenue; Badger Avenue, Auburn Street, Water Street, Lincoln Street, Coan Street, River Street, Merrill Road, Phillips Street, Dover Road, St. Thomas Avenue, Douglas Avenue, Warren Avenue, Pleasant Street to Pegan Lane, Glen Street, Glenwood Street.

1972 — *North Natick*

Fisher Street, part of Kansas Street, Third Street, Second Street, Loker Street, Lakewood Road, Jackson Court, Tyler Street, Meadow Street, Bacon Street from North Main west to Route 9, Coleman Court, Lakeshore Road, Sunnyside Road, Perry Road, Vesta Road, Lowell Road, Lenox Street, Evergreen Road west of North Main, Dartmouth Road, Birch Street, Ash Street, Lotus Path, Cypress Road, Magnolia Road, Crest Road, and Evergreen Road.

1973 — *North East Natick Area*

Rathburn Road, Winter Street, Frost Street, Oakhill Road, Alden Street, Milford Avenue, Hovey Avenue, Cabot Street and Ray Street.

1974 — *South Main Street, West Street and Durant Road.*

1975 — Or at a date when the area becomes more populated. Eliot Street from South Street to Sherborn Line, South Street and Everett Street from Whitridge Road to Eliot Street.

If the above projects are undertaken this would complete the sewerage in the Town of Natick with the exception of the available land for future development. However, under our Unit By-Law these owners have been assessed for future development of the general benefits and must install all special benefits at full cost.

The committee and the Public Works Department have been pleased with the operation of the Unit Cost Method because of its fairness to all concerned and its ease of assessing of cost in comparison to the old foot frontage method.

Respectfully submitted by the Long Range Sewerage Planning Committee.

FRANKLIN G. MUSSEN, *Chairman*
ROGER G. WEAVING
JERRY V. CARDELLICHIO

DR. JOHN E. GOODMAN
DANIEL J. O'LEARY
DR. FRANK A. EAST

TOWN OFFICE BUILDING COMMITTEE

Your committee is still endeavoring to find a site, that the Town will approve, for this most urgently needed facility.

Late in the year, the moderator appointed Mr. Morton S. Pratt, 21 Crescent St., and Mr. Clifton A. Buchner, 6 Steven Circle, in accordance with Town Meeting vote to increase membership to seven.

We are awaiting appointees from various town departments to assist us in possible site costs as directed by Special Town meeting, April 1969. Further progress will be reported at the upcoming Town meeting.

OSCAR ZULLO

NATICK 4th OF JULY COMMITTEE

Natick's 1969 Celebration was spread over the four day weekend. Being added to the regularly scheduled events were Old Timers Baseball Game, Ronald MacDonald Clown, and A.A.U. Junior Olympics.

Obviously conspicuous by their absence were the volunteer workers needed to put on a celebration of this size and magnitude. A call went out to the various service organizations and was answered by only a few standbys. Appeals in the newspapers brought only a few serious workers. Then the youth clubs were called on and only the same two regular standbys — Neetega and Demolay came forward to work on the distribution of programs.

Most programs take many man hours in just the set up — performance and dismantling of the actual event to say nothing of pre-event planning; and this lack of volunteers left a few to accomplish much too much.

The sudden notice in June that, according to union policy, the Police had to be paid overtime to work or parade the weekend of the 4th, left the committee somewhat dumfounded; but thanks to the efforts of the Selectmen and Finance Committee his impossible block was removed.

Each Committee Chairman deserves special recognition in this report for their many hours of service under some trying conditions. However, many of these hours could be eliminated if they didn't, also, have to worry, wonder and work on the distribution of programs so as to meet expenses.

The Committee, therefore, recommends, that in the absence of volunteer help from the townspeople that, if the town wants to continue to provide for our children this celebration of our Nation's Birthday, that:

- A. Enough of money be appropriated by the town to cover the entire celebration.
- B. A part time coordinator be hired to work with the committee.
- C. A Department Administrator or Administrators (with some background knowledge in this type of programming) and/or a Selectman be appointed to head up the entire Committee and be answerable to the town for these funds and the entire celebration.
- D. That a similar corps of townspeople as now serve be appointed to plan, set up and run their various specialties (i.e. Horseshow, Sports, Parade, Miss Natick, Children Events, etc.).
- E. That attempts be made to make some of the activities self-supporting by collecting some fees — concession percentages, donations, etc. and return this to the town general fund.

The Committee wishes to thank all those who did come forward and help to make this a very successful year, and also to all departments and organizations for their help and support. The estimated attendance for all events (listed below) went well over 20,000, and we could never have done it without your help and cooperation. Again, our Thanks.

NATICK SAFETY COMMITTEE

The Permanent Natick Safety Committee, formed to investigate all safety problems in the town and to advise the Board of Selectmen of its recommendations, held five meetings during 1969.

Numerous safety matters, which had been referred to the Committee were discussed, investigations made and recommendations forwarded to the Board of Selectmen.

This Committee wishes to express its appreciation to the Board of Selectmen and all other Town Boards for their cooperation concerning the recommendations made by said Committee.

It was with deep regret that the resignation of Dr. Gail E. Cosgrove was accepted. Mr. Daniel Flynn was appointed to fill the vacancy caused by Dr. Cosgrove's resignation.

CHRISTMAS DECORATING COMMITTEE

The Downtown Christmas Decorating Committee continued plan of restoration and extension of light pole poinsettia basket fixtures. In addition to the fixtures on light poles from Moran Square to the southwest corner of the Common on Main Street, Washington Street, East Central Street, North Avenue, South Avenue, South Main Street, West Central Street, North Main Street and Pond Street, four new triple-bell fixtures were placed on the poles in Natick Square.

Trees in various locations throughout the downtown area were lighted, as well as in Lincoln Square and South Natick.

The decorating in solid blue lights of the large tree on the Common received widespread favorable comment. A large Santa, with reindeer added this year, was seen waving from the roof of the bandstand on the Common.

The Municipal offices, churches, banks, stores and business offices again cooperated with the window candle lighting. The trees at the Police Station and Library were lighted again this year. A live Santa and his helper, sponsored in conjunction with the South Middlesex Chamber of Commerce, provided candy and enjoyment for the children during shopping hours on Main Street, as well as at nursing homes and the children's ward at the Hospital.

The Communication Division of the Natick Fire Department is deserving of great praise and thanks for their continued interest, dedication and hard work.

SOCIAL CONCERN COMMITTEE

In May of 1969, the Natick Social Concern Committee helped sponsor a series of events under the rubric "The Conscience of our Town." One of these, a survey of courses and materials in the public schools dealing with intergroup relations, won the interest and commendation of the Massachusetts Department of Education for its work in coordinating this information and bringing it to the attention of interested parties.

Another event in the series, the play "Charlie and the Man with the Upside-Down Eyes" played to a large and intense audience. A survey of suburban race relations, and the annual Interfaith Choral Festival, co-sponsored by the Committee, rounded out the program.

The Committee is currently looking into the establishment of a format for dialogue with Natick teen-agers.

In 1969-1970, the Committee, established by the Selectmen as their representative in matters of social concern and intergroup relations, was expanded to nine members, whose names appear below.

SHADE TREES FOR PLAYGROUNDS COMMITTEE

The Shade Tree Committee has proceeded during 1969 in its evaluation of the needs of the community regarding shade at playground areas. Three steps have been taken by Town Departments to satisfy the short and long range recommendations of the Committee.

1. A planting program at the Bennett-Hemenway School was initiated in 1968 and necessary replacement and extension programs will be provided for by the Forestry Department in 1970.

2. A tree planting program at Murphy School is proposed for 1970 and will be completed by the Forestry Department during the year. Provisions also have been made for necessary replacement of trees at Murphy as required within the first two years of growth.

3. Due to the fact that it will be nearly 10 years before any functional shade will be provided by this planting program, two all metal shade shelters have been requested in 1970 by the Recreation & Park Department. These shelters will replace the, one time, wood shelters located at Bennett-Hemenway and Murphy Schools and will provide the necessary measure of safety and protection afforded children in all other areas of Town.

These three steps we feel, meet the mandate of town meeting in attempting to study, recommend and find solutions to the shade problems at Natick playgrounds. The Committee wishes to thank all those who have given advice and assistance during its existence and asks to be discharged.

Annual Town Warrant

WARRANT FOR NON-PARTISAN PRELIMINARY ELECTION THE COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

To any Constable of the Town of Natick in said county:

In the name of the Commonwealth of Massachusetts you are hereby required to notify the qualified voters of said Town of Natick to meet:

The voters of Precinct No. 1 in Center School Auditorium.

The voters of Precinct No. 2 in Schoolhouse Hall, South Natick.

The voters of Precinct No. 3 in Brown School, West Natick.

The voters of Precinct No. 4 in Congregational Church.

The voters of Precinct No. 5 in Lilja School, East Natick.

The voters of Precinct No. 6 in Bennett-Hemenway School, North Natick.

The voters of Precinct No. 7 in Harold Johnson School.

The voters of Precinct No. 8 in West Natick School.

MONDAY, FEBRUARY 3, 1969

at 12 o'clock, noon, at which time in all Precincts of said Town of Natick, the polls will be opened and will remain open continuously until 8:00 P.M. of said day, when they will be closed, during which time the aforesaid qualified inhabitants of said Town may bring in their votes to the Election Officers duly appointed and sworn for said Precincts for said Town of Natick in said meeting so assembled for:

One Selectman, Two Members of the School Committee and One Member of the Recreation Commission — all for a term of three years.

All Ballots to be furnished by the Town and the election will be conducted according to the Australian system, as enacted in Massachusetts and in conformity with the election laws of said Commonwealth.

And you are directed to serve this Warrant by posting attested copies thereof in each of the post offices in said Natick, and at the following public places in said Natick, to wit: Entrance to Selectmen's Rooms, Main Street; Natick Police Station and Central Fire Station in Natick; Town Clerk's Office, East Central Street; Fire Station, South Natick; Fire Station of Speen Street, West Natick; Pole #53, South Side of Natick Tool Rental, North Main Street and Bacon Streets; Fire Station, East Natick at Oak Street; Pole #114 on North Main Street opposite Pine Street, North Natick; Bulletin Board First National Store, opposite New Road; Pole #15 at intersection of Everett and Cottage Street, Little South; Pole at intersection of Speen and Mill Streets, West Natick; said publications to be no later than seven days at least before said February 3, 1969; also by causing an attested copy of said Warrant to be published in at least two separately owned newspapers, if such exist, published and circulated in said Town, namely, "The Natick Bulletin" and "The Suburban Press and Recorder", said publications to be seven days at least before the day appointed for said meeting.

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk at or before the time appointed for holding said meeting.

Given under our hands this 13th day of January A.D., 1969.

JAMES N. LUTTRELL

WILLIAM H. WHITE

LYMAN G. BROWN

Adjourned:

A Record of the Proceedings.

EDWARD W. DEVEREAUX
 Town Clerk of Natick

You are further required to notify the qualified Town Meeting Members of the said Town of Natick to meet in Natick Senior High School Auditorium, Natick

TUESDAY, MARCH 11, 1969

at 7:30 P.M., then and there to act on the following articles. The following articles are to be acted upon and determined exclusively by Town Meeting Members in accordance with Chapter 2 of the Acts of 1938 and Amendments thereto and subject to the referendum provided thereby.

And you are directed to serve this Warrant by posting attested copies thereof in each of the Post Offices in said Natick and at the following public places in said Natick, to wit: Entrance to Selectmen's Rooms, Main Street, Precinct #4, Natick Police Station, Precinct #1; Central Fire Station, Precinct #7; Town Clerk's Office, Precinct #4; Fire Station, South Natick, Precinct #2; Fire Station, West Natick, Precinct #3; Pole #53 at intersection of North Main and Bacon Streets, Precinct #4; Fire Station, East Natick and Lilja School, Oak Street in Precinct #5; Pole #114 North Main Street opposite Pine Street; the Bulletin Board at First National Store opposite New Road, Precinct #6; Pole #15 intersection of Everett and Cottage Streets, Little South, Precincts #1 and #2; Johnson School, South Main Street, Precinct #7; West School, Mill Street and pole at intersection of Speen and Mill Streets in Precinct #8: said publications to be no later than the second Thursday following the first Monday of January before the date of said meeting; also causing an attested copy of said Warrant to be published in at least two separately

owned newspapers, if such exist, published and circulated in said Town, namely, "The Natick Bulletin" and "The Suburban Press and Recorder", said publications to be no later than the second Thursday following the first Monday of January before the date of said meeting, January 16, 1969 respectively.

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk at or before the time appointed for holding said meeting.

Given under our hands this 13th day of January A. D. 1969.

LYMAN G. BROWN
JAMES N. LUTTRELL
WILLIAM H. WHITE
Selectmen of Natick

A True Copy.

Attest:

WILLIAM B. ROGERS
Constable of Natick

January 13, 1969

OFFICER'S RETURN COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

Natick, January 16, 1969

By virtue of this Warrant I have notified the qualified voters of the said Town of Natick to meet at the times, places and for the purposes within specified by posting attested copies of said Warrant at the several locations and places therein designated for that purpose, January 16, 1969, also causing an attested copy of said Warrant to be published in the newspapers called "The Natick Bulletin" and "The Suburban Press and Recorder", newspapers published in the said Town of Natick, in the issues dated January 16, 1969 respectively, all as within directed.

WILLIAM B. ROGERS
Constable of Natick

A Record of the Warrant and the Officer's Return thereon.

EDWARD W. DEVEREAUX
Town Clerk of Natick

ANNUAL TOWN MEETING 1969 SECOND SESSION, MARCH 11, 1969

Meeting called to order by the Moderator at 7:35 P.M. and he stated that there was a Quorum present.

The invocation was delivered by Rev. Robert Dennett.

All the newly elected Town Meeting Members were sworn in by the Moderator.

Voted, to waive the reading of the Warrant.

Voted, to waive reading of the Report of the Finance Committee as printed.

The following resolution was offered by Mrs. Elizabeth Bransfield in honor of General Daniel J. Murphy:—

Whereas General Daniel J. Murphy, Jr., did render exceptional service to the Town of Natick during a period of its most rapid development, as a Member of the Town Meeting, the Industrial Council, Board of Appeals and as both a member and the Chairman of the Planning Board and whereas the dedication of this citizen and soldier to the betterment of the Town is a goal to which all should aspire

Be it, therefore, resolved that the records of the 1969 Annual Town Meeting carry these words of appreciation in memory of General Daniel J. Murphy, Jr. The resolution offered by Mrs. Elizabeth Bransfield in honor of Avery M. Stanton read as follows:—

Whereas Avery H. Stanton did serve the Town of Natick with distinction and

selflessness as a member of the Town Meeting, the Industrial Council, The Building Code Revision Committee and as both member and Secretary of the Planning Board,

whereas such service is incapable of measurement

Be it resolved that the Town of Natick does herewith express its deepest appreciation of the late Avery H. Stanton for his devotion to the Town and does enter such into the official records of this Town Meeting.

The following resolution was offered by Marshall Lebowitz in honor of Roland Genest:—

Whereas Roland Genest faithfully served his neighbors and his community for many years; regular in his attendance at Town Meeting, assiduous in his concern for issues affecting the Town, devoted to his assignments on the Safety Committee, the Industrial Council, etc.; and whereas his dedication was selfless, directed always to the welfare of others:

Now, therefore, be it resolved:—

That the Town Meeting here assembled indicate its deep appreciation of its late colleague, Roland Genest, by adopting this resolution and embodying it in the official records of this meeting.

ARTICLE 1

(Personnel Board)

To see if the Town, pursuant to the authority contained in Section 108A of Chapter 41 of the General Laws, will vote to amend the By-Laws by adding to Article VIA, Section XIV, a new paragraph deleting certain position titles, adding new position titles and effecting certain changes in the salary ranges as presently established and will provide the money necessary therefor.

SUBSTITUTE MOTION:

ARTICLE 1

The Finance Committee recommends:

That, pursuant to Section 108A of Chapter 41 of the General Laws, the Town vote to amend Sections 2 and 3 of Article VI-(a) of its By-Laws by substituting for the present Official Pay Plan, a new Official Pay Plan, as it appeared upon Pages 20 and 21 of the Finance Committee Report and set forth below in Article 1 with amendments

POLICE DEPARTMENT

POSITION TITLE	Start	6 Months	12 Months	18 Months	24 Months	36 Months	48 Months	60 Months
Chief	\$250		\$256		\$262	\$268	\$274	\$280
Lieutenant	190		196		202	208	214	220
Sergeant	180		184		188	192	196	200
Patrolman	140	144	148	152	156	160	164	168

(A) For patrolmen add \$2.00 per week for each additional year after 6 years until 10 years in service, thereafter \$1.00 per week up to 15 years. Add \$400. per year for Associate of Science in Law Enforcement, \$700. per year for B.S. in Law Enforcement.

(B) Unless otherwise voted by Town Meeting, the foregoing rates, effective January 1 of each year, will be adjusted for cost of living changes. The cost of living change will be computed by taking the ratio of the Bureau of Labor Statistics, Boston area, Consumer Price Index for January 1 of said year to the Index for January 1, 1969.

	<hr/>
	\$101,709.00

and that said sum of \$101,709.00 be appropriated as follows: \$1,092.00 from the Earnings of the Sewer Division: \$1,229.80 from Water Surplus Revenue: and \$99,387.20 from the Current Tax Levy.

11:05 P.M. voted to adjourn until next Thursday evening March 13, 1969

A Record of Proceedings of the Second Session of the Annual Town Meeting.

EDWARD W. DEVEREAUX

Town Clerk of Natick

**ANNUAL TOWN MEETING
THIRD SESSION
MARCH 13, 1969**

Third Session of the Annual Town Meeting called to order at 7:40 P.M. by the Moderator who stated there was a quorum present. Attendance recorded by the Board of Registrars was 177 Town Meeting Members.

Voted: Resolution offered by Mr. Gould.

Resolved; that in view of the fact that parking has become a problem in the High School parking lot:

Be it resolved that this Town Meeting request the School Department to instruct its students and others leasing High School facilities on Town Meeting nights to use the lower parking lot.

**ARTICLE 1A
(Board of Selectmen)**

"To see if the Town will vote to ratify, adopt or amend the terms and provisions of a collective bargaining agreement negotiated to cover certain employees of the Public Works Department, Forestry Department, Recreation Division and Sanitation Division; and to appropriate the funds necessary to implement the terms of said collective bargaining agreement."

Voted: that the Town appropriate the sum of \$48,050.00 to implement the terms of an agreement reached between the Town and the Laborers' International Union representing Town Employees, to be expended for such purposes under the direction of the respective Boards, Committees, or Officers of the Town, itemized as follows:

PWD Administraion	\$ 2,300.00

PWD Sewer	4,800.00
PWD Town Dump	1,500.00
PWD Highway	12,400.00
Recreation Commission	1,500.00
PWD Water	8,400.00
	<hr/> \$48,050.00

and that said sum of \$48,050.00 be appropriated as follows: \$10,112.50 from Water Surplus Revenue: \$6,257.50 from Earnings of the Sewer Division: and \$31,680.00 from the Current Tax Levy.

**ARTICLE 1B
(BOARD OF SELECTMEN)**

"To see if the Town will vote to ratify, adopt or amend the terms and provisions of a collective bargaining agreement negotiated to cover certain employees of the Fire Department; and to appropriate the funds necessary to implement the terms of said collective bargaining agreement."

Voted: that the Town appropriate the sum of \$72,200.00 from the Current Tax Levy to implement the terms of an agreement reached between the Town and the International Firefighters' Association representing Town Employees.

**ARTICLE 2
(TOWN COMPTROLLER)**

To see if the Town will vote to fix the salary and compensation of all elective officers of the Town as provided by Section 108 of Chapter 41 of the General Laws, as amended and appropriate the money necessary therefor.

Voted: That the sum of \$4,100.00 be appropriated from the Current Tax Lavy to be applied in augmentation of the salaries of the Town Treasurer, Town Collector, and Town Clerk, and to fix the salaries of said and other officers as follows: provided that the positions of Town Collector and Town Clerk shall be carried on as full-time occupations, and provided that public officers

as a condition to receiving pay for a month in which there is more than one regular scheduled meeting must attend at least one such meeting:

Wellesley Press, for printing Finance Committee Reports for the Special Town Meeting of October 29, 1968	104.00
	<hr/> \$7,395.75

ARTICLE 18 (TOWN TREASURER)

To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue for the financial years beginning January 1, 1969 and January 1, 1970, in accordance with the provisions of General Laws, Chapter 44, Section 4, and to renew any note or notes as may be given for a period of less than one year, in accordance with the provisions of General Laws, Chapter 44, Section 17.

Voted: by Unanimous vote as declared by the Moderator that the Town authorize the Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue for the financial years beginning January 1, 1969 and January 1, 1970, in accordance with the provisions of General Laws, Chapter 44, Section 4, and to renew any note or notes as may be given for a period of less than one year, in accordance with the provisions of General Laws, Chapter 44, Section 17.

ARTICLE 19 (TOWN COMPTROLLER)

To see if the Town will vote to appropriate a sum of money from available funds for the purposes of supplementing the Stabilization Fund, created under Article 22 of the Warrant for the Annual Town Meeting of 1961, as authorized by Chapter 40, Section 5B of the General Laws, or otherwise act thereon.

Voted: Indefinite Postponements.

ARTICLE 20 (TOWN MEETING RULES COMMITTEE)

To see if the Town will vote to amend Article II of the By-Laws as follows:

1. By adding to Section 5 the following sentence: "Acceptance of this motion shall rest with the Moderator who will determine if compelling circumstances warrant its acceptance."
2. By deleting from Section 6, under the heading MOTION the fourth line, which reads: "For the previous question. YES NO NO 2/3 majority" and adding after the section headed MOTION and the footnotes thereto, a new paragraph which reads:

"The Moderator shall determine when debate on any question should be closed by calling for the vote."

Voted: that the Town amend Article II, Section 5 of the Town By-Laws as follows:
Inserting commas after the word "once" and after the word "Meeting".

and adding to the sentence the words "provided compelling circumstances are stated which indicate that reconsideration is warranted." The new section would then read as follows:

SECTION 5. The subject matter of any article once voted upon in any manner may be reconsidered only once, but at any time during the same Town Meeting, provided compelling circumstances are stated which indicate that reconsideration is warranted;

and that the Town vote to amend Article II, Section 6, of the Town By-Laws by inserting three asterisks *** preceding the line which now reads: "For the previous Question YES NO NO 2/3 Majority," and adding at the end of Section 6 the following footnote:

***The motion for the previous question shall not be entertained by the Moderator if three or more persons are seeking recognition who have not previously spoken to the question."

APPROVAL OF ATTORNEY GENERAL

Boston, Massachusetts

July 11, 1969

The foregoing amendment to Town By-Laws is hereby approved.

ROBERT H. QUINN

Attorney General

Published according to Law July 24, July 31, August 7, 1969.

Town Clerk

ARTICLE 21

(MARIE A. BARNICLE)

To see if the Town will vote to amend its By-Laws by adding to Article II, a new section as follows:

"SECTION 13: Any vote of the Representative Town Meeting, authorizing the expenditure of Twenty Thousand dollars (\$20,000.00) or more as a special appropriation, shall be a ROLL CALL VOTE, and any such vote shall become a part of the record of the proceedings of the Town Meeting.

Voted: Indefinite Postponement.

Voted: 10 minute recess at 9:40 P.M.

ARTICLE 22

(BACON FREE LIBRARY MAINTENANCE COMMITTEE)

To see what sum of money the Town will vote to raise or borrow or transfer and appropriate for the maintenance of the Bacon Free Library.

Voted: that the Town appropriate the sum of \$7,400.00 from the Current Tax Levy for the maintenance of the Bacon Free Library.

ARTICLE 23

(BACON FREE LIBRARY MAINTENANCE COMMITTEE)
(NATICK HISTORICAL COMMISSION)

To see what sum of money the Town will vote to raise or borrow or transfer and appropriate for the Bacon Free Library Maintenance Committee for elevating and rehabilitating the antique cast iron fence abutting the property of the Bacon Free Library on Eliot and Pleasant Streets in South Natick.

Voted: to appropriate the sum of \$12,000.00 from the Current Tax Levy, to be expended under the jurisdiction of the Bacon Free Library Maintenance Committee for the elevation and rehabilitation of the cast iron fence abutting the property of the Bacon Free Library; said money to be expended only in the proportion of \$2.00 for each \$1.00 of donations privately raised and expended for this purpose.

ARTICLE 24

(VOTING MACHINE STUDY COMMITTEE)

To see if the Town will vote to appropriate or otherwise provide a sum of money to be expended for the purposes of purchasing a number of mechanical

voting machines and — or provide transportation charges for their return or otherwise act thereon.

Voted: motion by Mr. Saviano that the Town appropriate the sum of \$22,500.00 from the Current Tax Levy for the purchase of twelve voting machines. Counted vote 76 in favor 58 opposed.

ARTICLE 25 (TOWN GOVERNMENT STUDY COMMITTEE)

To see if the Town will vote to increase the number of members of the Board of Selectmen from three to five members, such increase to be effected in the following manner: Two members of the Board of Selectmen whose terms have not then expired shall continue as such members until the expiration of the term for which they were elected; at the next annual election there shall be elected one Selectman for one year, one for two years, and one for three years, and at each annual election thereafter the Town shall elect successors of the members whose terms have expired for the terms of three years, or otherwise act thereon.

Voted: that the Town increase the number of the members of the Board of Selectmen from three to five, and that such increase be effected in the following manner: Two members of the Board of Selectmen whose terms have not then expired shall continue as such members until the expiration of the terms for which they were elected; at the next annual election there shall be elected one Selectman for one year, one for two years, and one for three years and at each annual election thereafter the Town shall elect successors of the members whose terms have expired for the term of three years.

ARTICLE 26 (WALTER L. BURKE)

To see if the Town will vote to increase the number of members of the Board of Selectmen from three to five members, such increase of the Board shall be at the Annual Election of 1970 and such increase to be effected in the following manner: the two members of the Board of Selectmen whose terms have not then expired shall continue as such members until the expiration of the term for which they were elected, at such annual election there shall be elected one Selectman for one year, one Selectman for two years, and one Selectman for three years and at such annual election thereafter the Town shall elect successors of the members whose terms have expired for the terms of three years, or otherwise act thereon. No action taken on this article.

Voted to adjourn at 11:10 P.M., until next Thursday night, March 20, 1969. A Record of the Proceedings of Fourth Session.

EDWARD W. DEVEREAUX
Town Clerk

ANNUAL TOWN MEETING FIFTH SESSION MARCH 20, 1969

Meeting called to order by the Moderator at 7:40 P.M. who stated there was a quorum present.

ARTICLE 27 (TOWN GOVERNMENT STUDY COMMITTEE AND CENTRAL PURCHASING AGENT STUDY COMMITTEE)

To see if the Town will vote to enact the following amendments to its By-Laws as follows:

By addition of the following to be known, as Article II-(b): "There shall be a Comptroller Administrator, whose term of office and whose appointment shall be as prescribed in Chapter 181 of the Acts of 1964 relating to the office of Comptroller. In addition to the qualifications contained in Section 1 of that Act, he shall be qualified by training and experience in the field of municipal administration.

The duties of the Comptroller-Administrator be a combination of those of the Comptroller specified in Chapter 181 of the Acts of 1964 and those of an Administrator specified hereunder:

The duties of the Comptroller-Administrator as Administrator shall be such as the Board of Selectmen shall from time to time prescribe, including but not limited to such liaison as the Selectmen may wish to delegate to the Comptroller-Administrator with other Boards, Commissions, Committees and Officers of the Town, and with other jurisdictions; recommendations on matters general to personnel, organization, finance, and to the administration of the affairs of the Town: prior approval and final control in matters of purchasing; and recommendations concerning coordination and consolidation of operations and services provided by various departments of the Town, its employees and officers."

or otherwise act thereon.

Voted: that the Town amend its By-Laws in the following fashion:

1. By creating a new Article to be known as

"ARTICLE II-(b)

Other Administrative Employees";

2. By including as "Part A, Comptroller," therein the entirety of the text of Chapter 181, Acts of 1964, "An Act Establishing the office of Comptroller in the Town of Natick," subsequently accepted by vote of Natick Town Meeting under Article 1 of the Special Town meeting of November 24, 1964;

3. By including as "Part B, Administrator," therein the following:

SECTION 1. There shall be an Administrator, whose term of office and whose appointment shall be as prescribed by the Board of Selectmen. He shall be qualified by training and experience in the field of municipal administration.

SECTION 2. The duties of the Administrator shall be such as the Board of Selectmen shall from time to time prescribe, including but not limited to such liaison as the Selectmen may wish to delegate to the Administrator with other Boards, Commissions, Committees, and Officers of the Town, and with other jurisdictions; recommendations on matters general to personnel, organizations, finance, and to the administration of the affairs of the Town; prior approval and final control in matters of purchasing; and recommendations concerning coordination and consolidation of operations and services provided by various departments of the Town, its employees and officers.

SECTION 3. The title and duties of this position shall be assigned to the comptroller."

After the passage of this Article — the section of Comptroller-Administrator in Article 1 was removed from the table and voted by unanimous vote.

APPROVAL OF ATTORNEY GENERAL

Boston, Mass.

July 11, 1969

The foregoing amendment to Town By-Laws is hereby approved.

ROBERT H. QUINN

Attorney General

ARTICLE 30

(BOARD OF ASSESSORS)

To see if the Town will vote to authorize the Board of Assessors, effective January 1, 1970, to contract for professional appraisal of all new taxable real estate; to raise and appropriate a sum of money, transfer from available funds, or otherwise act thereon.

Voted: that the Town authorize the Board of Assessors, effective January 1, 1970, to contract for professional appraisal of all new taxable real estate; and that the Town vote to appropriate the sum of \$5,500.00 from the Current Tax Levy for this purpose.

ARTICLE 31

(BOARD OF ASSESSORS)

To see if the Town will petition the State Tax Commission for the installation

of the State Assessment System as provided in Section 7-A of Chapter 58, of the General Laws, or take any other action thereto.

Voted: that the Town petition the State Tax Commission for the installation of the State Assessment System as provided in Section 7-A of Chapter 58, of the General Laws.

ARTICLE 32

(LEONARD MORSE HOSPITAL BUILDING COMMITTEE)

To see if the Town will vote to transfer, appropriate, borrow or otherwise provide a sum of money to finance the needs of the Leonard Morse Hospital Building Committee.

Voted: on motion offered by Mrs. Horton through Town Meeting member Miss Leavitt that the Town appropriate the sum of \$30,000.00 to be taken from the Current Tax Levy to augment the Contingency Fund of the Leonard Morse Hospital Building Committee appointed under Article 1 of the Special Town Meeting of February 21, 1967.

ARTICLE 33

(NATICK CONTRIBUTORY RETIREMENT SYSTEM)

To see if the Town will vote to accept Chapter 138 of the Acts of 1968 increasing the amounts of pensions and retirement allowances, payable to certain former public employees; appropriate a sum of money therefor, or otherwise act thereon.

Voted: to table this Article. (See sixth Session)

ARTICLE 34

(BOARD OF SELECTMEN)

To see if the Town will vote to establish a new position entitled "Labor Relations Director", on a full-time basis, to serve all departments, commissions, and boards of the Town, including the School Committee in connection with municipal employee relations by negotiating and implementing the terms of all collective bargaining agreements to which the Town is a party, by representing the Town in matters dealing with employee relationships before boards, commissions and courts and before mediators, arbitrators and fact-finders, and to appropriate the funds necessary therefor.

Voted: that the subject matter of this Article be referred for further study to the Labor Relations Study Committee.

ARTICLE 35

(DEPT. OF PUBLIC WORKS)

To see if the Town will vote to accept the following streets as the same have been laid out and filed by the Board of Public Works:

Riverbend Drive from Eliot Street to Station 19+ 14.98

Aqueduct Road

Rockridge Road

Hampshire Drive

Yorkshire Drive

Emerson Street from 1954 acceptance to end

Huntington Street

Voted: that the Town accept the following streets as the same have been laid out and filed by the Board of Public Works:

Hampshire Drive

Yorkshire Drive

Emerson Street from 1954 acceptance to end

Huntington Street

ARTICLE 36

(DEPT. OF PUBLIC WORKS)

To see what sum of money the Town will appropriate by borrowing or otherwise, to widen, resurface, reconstruct or drain Mill Street from Beaver Dam Road to West Central Street, including the Railroad Bridge, and to widen, resurface, reconstruct or drain Pleasant Street, such sum or part thereof to be used in conjunction with money contributed by the State and County or otherwise act thereon.

Voted: to authorize the Board of Public Works to widen, resurface, reconstruct or drain Mill Street from Beaver Dam Road to West Central Street, including the Railroad Bridge, and to widen, resurface, reconstruct or drain Pleasant Street, and to appropriate the sum of \$15,500.00 for these purposes as follows: \$3,375.34 from Acceptance of Tyler Street, Article 30, Annual Town Meeting of 1968; and \$12,124.66 from the Current Tax Levy; said \$15,500.00 be combined with other funds previously authorized by the Town for road construction on Mill Street all of said funds to be applied for said purposes with State and County allocations as provided under Chapter 90 of the General Laws.

ARTICLE 37

(DEPT. OF PUBLIC WORKS)

To see if the Town will vote to authorize the Board of Public Works to construct sewer mains on Bacon Street between Marion Street and Walnut Street, transfer, appropriate, or borrow money to pay for same or otherwise act thereon.

Voted: to authorize the Board of Public Works to construct sewer mains on Bacon Street between Marion Street and Walnut Street, and to appropriate the sum of \$58,000 for this purpose; said sum to be appropriated as follows: from the unexpended balances of the following accounts: Construct Manchester Place, Article 60, Annual Town Meeting of 1967, \$4,128.76; Construct Felch Road, Article 31, Annual Town Meeting of 1966, \$2,945.11; Construct Hartford Street, Article 59 of the Annual Town Meeting of 1967, \$2,398.43; Construct Bellevue Road, Article 36, Annual Town Meeting of 1966, \$435.46; Construct Walnut Street area, Article 38, Annual Town Meeting of 1968, \$4,826.03; Construct Hartford Street, Article 39, Annual Town Meeting of 1968, \$2,449.00; and the balance of \$40,817.21 from the Current Tax Levy and that betterments to be assessed 75% to abutters.

ARTICLE 38

(DEPT. OF PUBLIC WORKS)

To see if the Town will vote to acquire by purchase by agreement or by eminent domain proceedings, sewer easements necessary for the Bacon Street Sewer Project through the following properties:

Parcel A

A sewer easement through land of John J. and Marguerite M. Sallinger shown as Lot 70 on Assessors' Plan 28, 20 feet in width with the easterly side-line of the easement described as follows:

Beginning at the southeasterly corner of land of the grantor at land of Ralph I. and Alice M. Shepherd (Lot 69, Plan 28) and land of Walnut Hill School (Lot 40, Plan 28); thence running northwesterly along the easterly property line of the grantor by land of Ralph I. and Alice M. Shepherd to land of Town of Natick.

Parcel B

A sewer easement through land of Walnut Hill School of Natick shown as Lot 40 on Assessors' Plan 28, 20 feet in width with the westerly sideline of the easement described as follows:

Beginning at a point on the northerly sideline of Bacon Street at land of Gail E. and Velma W. Cosgrove, shown as Lot 71 on Plan 28, thence running northerly 345 feet more or less along the westerly property line of the grantor by land of Gail E. and Velma W. Cosgrove and land of John J. and Marguerite M. Sallinger to an angle point in the property line of the grantor at land of Ralph I. and Alice M. Shepherd, shown as Lot 69 on Plan 28.

Voted: that the Town acquire by purchase by agreement or by eminent domain proceedings, sewer easements necessary for the Bacon Street Sewer Project through the following properties:

Parcel A

A sewer easement through land of John J. and Marguerite M. Sallinger shown as Lot 70 on Assessors' Plan 28, 20 feet in width with the easterly sideline of the easement described in Article 38.

Parcel B

A sewer easement through land of Walnut Hill School of Natick shown

as Lot 40 on Assessors' Plan 28, 20 feet in width with the westerly sideline of the easement described in Article 38.
and to appropriate therefor the sum of \$303.00 from the Current Tax Levy.

ARTICLE 39
(DEPT. OF PUBLIC WORKS)

To see if the Town will vote to authorize the Board of Public Works to construct sewer mains and appurtenances in the Hartford Street area 1300 feet westerly from Barnsdale Road, transfer, appropriate, or borrow money to pay for same or otherwise act thereon.

Voted: that the subject matter of Article 39 be referred to the next Annual Town Meeting.

ARTICLE 40
(DEPT. OF PUBLIC WORKS)

To see if the Town will vote to authorize the Board of Public Works to construct sewer mains and appurtenances on D Street, transfer, appropriate, or borrow money to pay for same or otherwise act thereon.

Voted: to authorize the Board of Public Works to construct sewer mains and appurtenance on D Street, and to appropriate for this purpose the sum of \$7,000.00 from the Current Tax Levy, betterments to be assessed 75% to the abutters.

ARTICLE 41
(DEPT. OF PUBLIC WORKS)

To see if the Town will vote to authorize the Board of Public Works to construct sewer mains, lateral lines, trunk mains, pumping facilities and force mains in the West Natick Area including all or part of the following named streets:

Boden Lane	Pinehurst Avenue
Camp Street	Prescott Street
Eden Street	Prospect Street
Garden Road	Roy Street
Home Avenue	Speen Street
Homeward Road	Spooner Avenue
Hope Street	Stacey Street
James Avenue	Summit Road
Laurel Avenue	Sylvia Avenue
Linwood Road	Watson Street
Lookout Avenue	Wellesley Avenue
Marshall Avenue	West Central Street
Mill Street	West View Road
Orchid Road	

Voted: to table this Article.

ARTICLE 42
(DEPT. OF PUBLIC WORKS)

To see if the Town will vote to acquire by purchase, by agreement or by eminent domain proceedings, sewer easements necessary for the West Natick Sewer project through the following properties:

Parcel A

Robert and Victoria F. Augustini — Lot 1 — Plan 39

A sewer easement through land of Robert and Victoria F. Augustini, shown as lot 1 on assessors plan 39, 15 feet in width with the westerly sideline of the easement described as follows:

Beginning at the southwesterly corner of land of the grantor, and at the southeasterly corner of land of Claudette L. Brennan, et Al., shown as lot 4B on assessors plan 47, and on the northerly sideline of Westview Road, thence running southwesterly along the westerly property line of land of the grantor, to a point on the southerly property line of Harold L. and Dorothy G. Gurney.

Parcel B

Harold L. and Dorothy G. Gurney — Lot 3 — Plan 39

A sewer easement through land of Harold L. and Dorothy G. Gurney,

shown as lot 3 on assessors plan 39, 15 feet in width with the easterly sideline of the easement described as follows:

Beginning at the southeasterly corner of land of grantor on the northerly property line of land of Robert and Victoria F. Agustini, lot 1 plan 39, thence running northerly along the easterly property line of land of the grantor to southerly sideline of Garden Road.

Parcel C

Lena M. Putman — Lot 23A — Plan 39

A sewer easement through land of Lena M. Putman, shown as lot 23A on assessors plan 39, 20 feet in width with the westerly sideline of the easement described as follows:

Beginning at a point on the northerly sideline of West Central Street said point being 115.00 feet easterly along said sideline of West Central Street from the southwesterly property corner of land of Annie Snyder, et al., thence running northerly to a point on the southerly property line of the Boston and Albany Railroad, said point being 190 feet westerly from the northeasterly property corner of said lot 23A at other land of the grantor and land of the Boston and Albany Railroad.

Parcel D

Boston and Albany Railroad

A sewer easement through land of the Boston and Albany Railroad 720 feet, more or less, easterly from the Natick-Framingham Town Line, the easement shall include the area included in the drainage easement for Beaver Dam Brook at this location.

Parcel E

Framingham and Natick Ice Manufacturing Co. — Lot 71A — Plan 40

A sewer easement through land of the Framingham and Natick Ice Manufacturing Co. from land of Richard B. Strehlke, et al. to land of the Town of Natick said easement to be 20 feet in width, except at the rear of the building located on the property where the easement shall be 13 feet in width, along the northerly property line of land of the grantor, shown as lot 71A on Assessors plan No. 40 with the northerly sideline of said easement being northerly property line of the grantor and the southerly property line of the land of the Boston and Albany Railroad.

Parcel F

Richard B. Strehlke, et al. — Lot 71 — Plan 40

A sewer easement through land of Richard B. Strehlke, et al., from land of the Boston and Albany Railroad to West Central Street, said easement to be 20 feet in width along the easterly property line of land of the grantor, shown as lot 71 on Assessors Plan No. 40, with the easterly side of the said easement being the easterly property line of land of the grantor, and westerly property line of land of Framingham and Natick Ice Manufacturing Company.

Parcel G

Sabato, Conchetta, and Victor DeRosa — Lot 87 — Plan 40

A sewer easement through land of Sabato, Conchetta and Victor DeRosa from Stacey Street to land of Felix and Victoria Zanchi, said easement being 20 feet in width with northerly sideline of said easement described as follows:

Beginning at a point on the sideline of Stacey Street, said point 290 feet northerly along said sideline of Stacey Street from the southeasterly corner of land of the grantor shown as lot 87 on Assessors Plan No. 40, thence running westerly 142 feet, more or less, to a point on the property line between land of the grantor and land of Felix and Victoria Zanchi, said point being at the property line between lots 89 and 90 both owned by said Felix and Victoria Zanchi, said point being 300 feet, more or less, northerly from the southwesterly corner of land of the grantor.

Parcel H

Felix and Victoria Zanchi — Lot 90 — Plan No. 40

A sewer easement through land of Felix and Victoria Zanchi, from Wellesley Avenue to land of Sabato, Conchetta and Victor De Rosa, said easement to be 20 feet in width along the northly property line of land of Felix and Victoria Zanchi, shown as lot 90 on Assessors plan number 40,

with the northerly side of said easement being the northerly lot line of the lot 90 and the southerly lot line of Lot 89 also owned by the grantors.

Parcel I

Joseph J. and Cynthia A. Benninati — Lot 96A & B — Plan 41

A sewer easement through land of Joseph J. and Cynthia A. Benninati, from Speen Street to land of Carl Amoroso, said easement to be 20 feet in width along the northerly property line of Joseph J. and Cynthia A. Benninati, shown as lots 96A and 96B on Assessors Plan No. 41, with the northerly side of said easement being the northerly property line of land of the grantor, and the southerly property line of Silvano A. and Lillian E. Melchiori (Lot 97 and 102) and Watson Street.

Parcel J

Carl Amoroso — Lot 116 — Plan 14

A sewer easement through land of Carl Amoroso, from land of Joseph J. Cynthia A. Benninati to Mill Street, said easement to be 20 feet in width along the northerly property line of land of Carl Amoroso, shown as Lot 116 on Assessors Plan No. 41, with the northerly side of said easement being the northerly property line of land of the grantor, and the southerly property line of lands of Carl B. and Irene L. Styffe and Silvano A. and Lillian E. Melchiorri.

Parcel K

Town of Natick (Trustee for Collins Morse Estate) — Lot 40 — Plan 72

A sewer easement through land of the Town of Natick — Trustee for Collins Morse Estate, shown as lot 72 on Plan 40, 20 feet in width with the northerly side line of the easement described as follows:

Beginning at the northwesterly corner of land of the grantor, and the northeasterly corner of land of the Framingham and Natick Ice Manufacturing Company, shown as lot 71A on Assessors plan 40, and on the southerly sideline of land of the Boston and Albany Railroad, thence running easterly along the southerly property of the Boston and Albany 120 feet more or less, to a point, said point being the intersection of the southerly sideline of the M.D.C. sewer easement with the northerly property line of the grantor, thence turning and running southeasterly along said southerly sideline of the M.D.C. sewer easement 55 feet, more or less, to a point, said point being the angle point where the southerly sideline of the M.D.C. sewer turns and runs easterly.

Appropriate money to pay for same or otherwise act thereon.

Voted: that the Town acquire by purchase, by agreement or by eminent domain proceedings, sewer easements necessary for the West Natick Sewer Project through Parcels C, D, E, F, I, J, and K as described in Article 42, and that the sum of \$780.00 be appropriated for this purpose from the Current Tax Levy.

ARTICLE 43

(DEPT. OF PUBLIC WORKS)

To see if the Town will vote to instruct its representatives to the General Court to secure legislation in order to obtain for a nominal consideration, for municipal use, from the Commonwealth a parcel of land in Natick under the control of the Department of Natural Resources; as shown on the Assessors' Tax Map for the Town of Natick, Map 11, Lot 14C, containing 9.38 acres \pm and Map 12, Lot 84C, containing 2.12 acres \pm , or otherwise act thereon.

Voted: to instruct its Representatives to the General Court to secure legislation in order to obtain for a nominal consideration, for municipal use, from the Commonwealth, a parcel of land in Natick under the control of the Department of Natural Resources, said parcel being bounded and described as follows:

Beginning at a point on a line on the southwest corner of the land now or formerly owned by Maurice L. and Alma H. Bazinet and the Commonwealth of Massachusetts, thence running north twenty-two degrees, forty-two minutes, forty-five seconds east (N22° 42' 45"E) for a distance of three hundred twenty-three and seventy four hundredths feet (323.74') to a bound; thence continuing along the aforementioned bearing (N22° 42' 45"E) for a distance of one hundred forty-five feet (more or less) (145' \pm) to Lake Cochituate; thence turning and running westerly, southerly and easterly along the shore of Lake Cochituate two thousand

five hundred and fifty feet (more or less) (2550' \pm) to a point on the first mentioned line extended south twenty-two degrees, forty-two minutes, forty-five seconds west (S22° 42' 45"W) to Lake Cochituate; thence running along this line North twenty-two degrees, forty-two minutes, forty-five seconds East (N22° 42' 45"E) for a distance of eighty feet plus or minus (80' \pm) to the point of beginning.

Said parcel shown on COMMONWEALTH OF MASSACHUSETTS LAKE COCHITUATE LAND PLAN, Scale of 100 feet to the inch, dated October 1910, sheets 9 and 10 and then containing 9.38 acres W. D.; also on Town of Natick Assessors Map 11 Lot 14C.

A certain parcel of land, situated off Cypress Road in Natick, Mass., being a portion of Lot 84C shown on map #12 of the Natick Assessors Maps, and bounded and described as follows:

Beginning at the southeasterly corner thereof, at a stone bound in an angle of the property line of land of the Commonwealth and at land of Maurice L. Alma H. Bazinet, and at land of the Newton Community Center, Inc. thence running S88°-00'-15" W, 244.87 feet, more or less, in the property line between land of said Bazinet and land of the Commonwealth, to a bound at other land of the Commonwealth; thence turning and running N22°-42'-45"E 66.05 feet, more or less to a point; thence turning and running N88°-00'-15"E, 249.41 feet more or less, in a line parallel to and 60 feet northerly from the southerly property line of land of the Commonwealth, to land of the Newton Community Center, Inc., thence turning and running S26°-11'-30"W, by land of the Newton Community Center, 68.07 feet, more or less, to the point of beginning.

The area of said parcel is 14,828 s.f., more or less (0.34 Acres).

Voted: to take Article 45 out of order.

ARTICLE 45

(DEPT. OF PUBLIC WORKS)

To see if the Town will vote to acquire by purchase, by agreement or by eminent domain proceedings, land Rights of way and easements necessary for constructing water mains to the new well and pumping station off Cypress Road through the following properties:

Parcel A

Commonwealth of Massachusetts

A certain parcel of land, situated off Cypress Road in Natick, Mass., being a portion of lot 84C shown on Map #12 of the Natick Assessors Maps, and bounded and described as follows:

Beginning at the southeasterly corner thereof, at a stone bound in an angle of the property line of land of the Commonwealth and at land of Maurice L. & Alma H. Bazinet, and at land of the Newton Community Center, Inc. thence running S88°-00'-15" W, 244.87 feet, more or less in the property line between land of said Bazinet and land of the Commonwealth, to a bound at other land of the Commonwealth; thence turning and running N22°-42'-45" E 66.05 feet, more or less to a point; thence turning and running N88°-00'-15" E 249.41 feet more or less, in a line parallel to and 60 feet northerly from the southerly property line of land of the Commonwealth, to land of the Newton Community Center, Inc.; thence turning and running S26°-11'-30" W, by land of the Newton Community Center, 68.07 feet, more or less, to the point of beginning.

The area of said parcel is 14,828 s.f., more or less (0.34 Acres).

Parcel B

Newton Community Center, Inc.

A certain parcel of land situated west of Cypress Road, off North Main Street, described as follows:

Beginning at the southerly corner thereof, at the southerly corner of land of the grantor, shown as lot 85A of Map 12 of the Town of Natick, Assessors Maps, and at land of Maurice L. and Alma H. Bazinet, thence running northwesterly in the property line between land of the grantor and land of said Bazinet, to a concrete bound marking the southwest corner of land of the grantor, and at land of Bazinet and of the Commonwealth of Massachusetts 256 feet more or less; thence turning and running northerly in the property line between land of the grantor and land of the Common-

wealth of Massachusetts, 63.60 feet, more or less, to a point; thence turning and running southeasterly in a line parallel to and sixty (60) feet northerly of the property line at land of Bazinet, 283 feet, more or less, to the easterly property line of land of the grantor; thence turning and running southerly in the easterly property line of land of the grantor, to a point of beginning.

Being a portion of lots 85A and 85B of Assessors Map No. 12 containing 16,170 square feet, more or less, and shown on plan entitled "Town of Natick, Mass. Public Works Department, Water Division. Plan of land in Natick, Mass.", dated January 1969 and drawn by Haley and Ward, Inc., Engineers, Waltham, Mass.

Parcel C

Maurice L. and Alma H. Bazinet

A certain parcel of land, on the westerly side of Cypress Road, off North Main Street in Natick, Massachusetts, being a portion of lot 84B of Natick Assessors Map No. 12, described as follows:

A strip of land 6 inches in width, running along the westerly side of Cypress Road, between the layout of Cypress Road and land of the Newton Community Center, Inc., from the northerly line of other property of the grantor shown as lot 84A of Assessors map No. 12, to a point 60 feet northerly of the southerly property line of land of the Newton Community Center, Inc., containing about 30 square feet, and show on plan entitled Town of Natick, Mass., Public Works Department, Water Division, Plan of land of Cypress Street, Natick, Mass., Dated January 1969 and drawn by Haley and Ward, Inc. Engineers, Waltham, Mass.

Voted: that the Town acquire by purchase, by agreement or by eminent domain proceedings, land, rights of way and easements necessary for constructing water mains to the new well and pumping station off Cypress Road through Parcels A, B, C, as described in Article 45 and to appropriate the sum of \$850.00 from the Current Tax Levy for such purpose.

Quorum questioned: Voted to adjourn at 10:45 P. M.

A Record of the Proceedings of the Fifth Session.

EDWARD W. DEVEREAUX

Town Clerk

ANNUAL TOWN MEETING

SIXTH SESSION

MARCH 25, 1969

Meeting called to order by the Moderator at 7:40 P.M. who stated there was a quorum present.

ARTICLE 44

(DEPT. OF PUBLIC WORKS)

To see if the Town will vote to authorize the Board of Public Works to construct a new well, pumping station, install pumping equipment and accessories, and construct connecting mains on land acquired from the Massachusetts Department of Natural Resources as shown on the Assessors' Tax Map for the Town of Natick, Map 11, Lot 14C, containing 9.38 acres \pm and Map 12, Lot 84C containing 2.12 acres \pm , and the properties of the Newton Community Center, Inc., as shown on the Assessors' Tax Map for the Town of Natick, Map 12, Lot 85A and Lot 85B, Maurice L. and Alma H. Bazinet as shown on the Assessors's Tax Map for the Town of Natick Map 12, Lot 84B thence running Northeasterly in Cypress Road for approximately 900 feet; transfer, appropriate or borrow money to pay for same, or otherwise act thereon.

Unanimous Vote: that the Town authorize the Board of Public Works to construct a new well, pumping station, install pumping equipment and accessories, and construct connecting mains on land acquired on the following properties:

Beginning at a point on a line on the southwest corner of the land now or formerly owned by Maurice L. and Alma H. Bazinet and the Commonwealth of Massachusetts, thence running north twenty-two degrees, forty-two minutes, forty-five seconds east (N22°-42'-45"E) for a distance of three hundred twenty-three and seventy-four hundredths feet (323.74') to a bound; thence continuing along the aforementioned bearing (N22°-42'-45"E) for a distance of one hundred forty-five feet (more or less) (145' \pm) to Lake Cochituate; thence turning and running westerly,

southerly and easterly along the shore of Lake Cochituate two thousand five hundred and fifty feet (more or less) (2550' \pm) to a point on the first mentioned line extended south twenty-two degrees, forty-two minutes, forty-five seconds west (S22°-42'-45"W) to Lake Cochituate; thence running along this line north twenty-two degrees, forty-two minutes, forty-five seconds east (N22°-42'-45"E) for a distance of eighty feet plus or minus (80' \pm) to the point of beginning.

Said parcel shown on COMMONWEALTH OF MASSACHUSETTS LAKE COCHITUATE LAND PLAN, Scale of 100 feet to the inch, dated October 1910, sheets 9 and 10 and then containing 9.38 Acres W.D.; also on Town of Natick Assessors Map 11 Lot 14C.

A certain parcel of land, situated off Cypress Road in Natick, Mass., being a portion of Lot 84C shown on Map #12 of the Natick Assessors' Maps, and bounded and described as follows:

Beginning at the southeasterly corner thereof, at a stone bound in an angle of the property line of land of the Commonwealth and at land of Maurice L. & Alma H. Bazinet, and at land of the Newton Community Center, Inc., thence running S88°-00'-15"W, 244.87 feet, more or less, in the property line between land of said Bazinet and land of the Commonwealth, to a bound at other land of the Commonwealth; thence turning and running N22°-42'-45"E 66.05 feet more or less to a point; thence turning and running N88°-00'-15"E, 249.41 feet more or less, in a line parallel to and 60 feet northerly from the southerly property line of land of the Commonwealth, to land of the Newton Community Center, Inc.; thence turning and running S26°-11'-30"W, by land of the Newton Community Center, 68.07 feet, more or less, to the point of beginning, thence, running North-easterly in Cypress Road for approximately 900 feet.

Description of Land of Newton Community Center, Inc. and Maurice L. and Alma H. Bazinet described in Article 45.
(Parcel B and Parcel C)

And that the Town vote to appropriate the sum of \$122,000.00 to finance the foregoing project; that to raise this appropriation the sum of \$8,186.34 to be taken from Water Surplus Revenue; the sum of \$13,813.66 is to be taken from the Current Tax Levy; and the Treasurer with the approval of the Selectmen is authorized to borrow outside the debt limit the sum of \$100,000.00 under General Law, Chapter 44, Section 8; that any bonds or notes issued hereunder shall be payable in not more than four years from their dates.

ARTICLE 46

(DEPT. OF PUBLIC WORKS)

To see if the Town will vote to extend the water main on Eliot Street appropriate or borrow money to pay for same or otherwise act thereon.

Voted: to extend the water main on Eliot Street with betterments assessments of 100% to the abutters and to appropriate the sum of \$19,200.00 for this purpose as follows: \$2,279.41 to be taken from the earnings of the Water Division; \$5,756.03 to be taken from the unexpended balance, Extend Mains, West Street, Article 51 of the Annual Town Meeting of 1967, and \$11,164.56 to be taken from Water Surplus Revenue.

ARTICLE 47

(DEPT. OF PUBLIC WORKS)

To see if the Town will vote to appropriate by borrowing or otherwise monies to construct additional garage facility on Town owned land at Middlesex Avenue and Spring Street or otherwise act thereon.

Voted: Indefinite Postponement.

ARTICLE 48)

(DEPT. OF PUBLIC WORKS)

To amend Article VII by adding a new section: Section 18:

Any person leaving a vehicle so as to obstruct snow removal operations shall be subject to a fine of up to \$25.00.

Voted: Finance Committee motion as amended: to amend Article VII of its By-Laws by adding a new section as follows.

SECTION 18 Any person leaving a vehicle so as to obstruct snow removal operations shall be subject to a fine of up to \$20.00 dollars.

APPROVAL OF ATTORNEY GENERAL

Boston, Massachusetts

July 11, 1969

The foregoing amendment to Town By-Laws is hereby approved.

ROBERT H. QUINN

Attorney General

Attest:

EDWARD W. DEVEREAUX

Town Clerk

ARTICLE 49

(DEPT. OF PUBLIC WORKS)

To see if the Town will vote to acquire by purchase, by agreement or by eminent domain proceedings a strip of land owned by Dorris L. Davis, necessary for constructing a sidewalk on Speen Street as described below.

Dorris L. Davis — Lot 229 — Plan 49

A certain parcel of land bounded and described as follows:

Beginning at a point on the westerly sideline of Speen Street at Mill Street, thence North 175.78' to a point, thence west by the land of Leighton 1:7' thence south by the land of Davis 174 ± thence east by the northerly sideline of Mill Street 3.0' to the point of beginning. The deed of the parcel of land contains 411 square feet more or less.

Voted: that the Town acquire by purchase, by agreement or by eminent domain proceedings a strip of land owned by Dorris L. Davis, necessary for constructing a sidewalk on Speen Street, described as follows:

Beginning at a point on the Westerly sideline of Speen Street at Mill Street, thence North 175.78 feet to a point, thence west by land of Leighton 1.7 feet; thence south by land of Davis 174.00 more or less; thence east by the northerly sideline of Mill Street 3.0 feet to the point of beginning. The deed of the parcel land contains 411 square feet more or less: and to appropriate therefor the sum of \$175.00 from the Current Tax Levy.

ARTICLE 50

(DEPT. OF PUBLIC WORKS)

To see if the Town will vote to construct a sidewalk on the South side of Glen Street from Pleasant Street westerly approximately 4,100 feet, 50% betterments to be assessed. Raise or appropriate money to pay for same or otherwise act thereon.

Voted: substitute positive motion by Mr. Drew that the Town vote to construct a sidewalk on the south side of Glen Street from Pleasant Street westerly approximately 4,100 feet 50% betterments to be assessed. Raise or appropriate \$20,500 from the Current Tax Levy.

Voted on motion by Mr. Coplan to take Article 33 from table.

ARTICLE 33

(NATICK CONTRIBUTORY RETIREMENT SYSTEM)

To see if the Town will vote to accept Chapter 138 of the Acts of 1968 increasing the amounts of pensions and retirement allowances, payable to certain former public employees; appropriate a sum of money therefor or otherwise act thereon.

Voted: unanimous vote that the Town accept Chapter 138 of the Acts of 1968 increasing the amounts of Pensions and Retirement allowances, payable to certain former public employees and that the sum of \$11,214.65 be appropriated from the Current Tax Levy.

Voted to take Article 52 out of order.

ARTICLE 52

(SIDEWALK STUDY COMMITTEE)

To see what sums of money the Town will vote to raise and appropriate, or otherwise provide for sidewalk construction as follows:

1. The west side of Mill Street from West Central Street south about 300 feet to existing sidewalk by West School property.
2. The east side of South Main Street from Rockland Street to about 150 feet beyond Walcott Street, not including existing paved sidewalks.

3. The north side of Eliot Street from River Bend Drive to Badger Avenue.
4. The east side of North Main Street from Evergreen Road to existing paving about 100 feet south of Stratford Road.
5. The north side of Eliot Street from Union Street to the Wellesley Town Line.

Assessment to be made upon the abutters as authorized by any General or special law; said betterments to be borne not less than 50 per cent by the abutters and the remainder by the Town.

Voted: that the Town authorize the Board of Public Works to construct sidewalks as follows, and that the following sums of money be appropriated therefor:

1. The east side of South Main Street from Hunter's Lane to about 150 feet beyond Walcott Street, not including existing paved sidewalks, the sum of \$11,000.00, 50% to be assessed to the abutters:
2. The north side of Eliot Street from River Bend Drive to Badger Avenue, with 50% assessment to abutters, and that the sum of \$11,000.00 be appropriated from the Current Tax Levy.
3. The east side of North Main Street, from Evergreen Road to existing paving about 100 feet south of Stratford Road, the sum of \$11,000.00, 50% to be assessed to the abutters; and
4. The north side of Eliot Street from Union Street to the Wellesley Town Line the sum of \$8,250.00; 50% to be assessed to the abutters:

all of said sums to be taken from the Current Tax Levy.

ARTICLE 51

(DEPT. OF PUBLIC WORKS)

To see if the Town will vote to acquire by purchase, by agreement or by eminent domain proceedings land necessary for constructing a sidewalk on the following properties on Mill Street as described below:

A certain parcel of land bounded and described as follows:

Richard H. & Mildred N. Brown — Lot 73B — Plan 40

Beginning at the westerly sideline of Mill Street at West Central Street thence S17°-58'-40"E by Mill Street a distance of 148.40 to a point, thence S84°-55'-33"W by land of Braley a distance of 5.06 to a point, thence N17°-33'-00"W by land of Brown a distance of 148.41 to a point thence N88°-24'-50" by West Central Street a distance of 4.00 to the point of beginning containing + 651 square feet.

A certain parcel of land bounded and described as follows:

Parcel I

Joseph L. & Beatrice M. Braley — Lot 74 — Plan 40

Beginning at the westerly sideline of Mill Street at the land of Richard Brown thence S17°-58'-40"E by Mill Street a distance of 10.26 to a point, thence S84°-55'-33"W by land of Braley, distance 5.14' to a point, thence N17°-33'-00"W by land of Braley a distance of 10.24' to a point, thence N84°-55'-33"E by land of Brown a distance of 5.06 to the point of beginning containing ± 51 square feet.

Parcel II

Joseph L. & Beatrice M. Braley — Lot 75 — Plan 40

Beginning at the westerly sideline of Mill Street at the land of Braley thence S17°-58'-40"E by Mill Street a distance of 127.34 to a point, thence S66°-28'-56"W by land of the Natick School Committee a distance of 6.00 to a point, thence N17°-33'-00"W by land of Braley, a distance of 139.30 to a point thence S84°-55'-33"W by land of Braley a distance of 5.14' to the point of beginning, containing ± 704 square feet.

Appropriate money to pay for same or otherwise act thereon.

Voted: Indefinite postponement.

ARTICLE 53

(BOARD OF SELECTMEN)

To see if the Town will vote to amend Section I of Article VI The Finance Committee to read substantially as follows:

SECTION 1. There shall be a Finance Committee, consisting of fifteen (15) citizens of the Town, other than Town Officers, appointed or elected. The Moderator shall appoint five members each year for a term of (3) years, the terms of said members to expire on the first day of May. No committee member

shall serve for more than three (3) terms. Any member of said Committee who shall be appointed or elected to any Town Office, except that of a member of a bargaining committee or of the Industrial Council, shall forthwith upon his qualification in such office, and any member who shall remove from the Town shall upon such removal, cease to be a member of said Committee. Said Committee shall choose its own officers. The members of said Committee shall serve without salary.

or otherwise act thereon.

Voted: that the Town amend its By-Laws in Article VI, Section 1, as printed in Article 53.

APPROVAL OF ATTORNEY GENERAL

Boston, Massachusetts

July 22, 1969

The foregoing amendment to Town By-Laws is hereby approved.

ARTICLE 56
(FINANCE COMMITTEE)

To see if the Town will vote to instruct the Board of Selectmen to install parking meters in all of the public municipal parking areas, with suitable provisions to be made for all-day parking at the appropriate fees.

Voted: to instruct the Board of Selectmen to take appropriate steps leading to the installation of parking meters in the Public Municipal Parking Areas, with provision for all-day parking.

ARTICLE 57
(NATICK RECREATION DEPARTMENT)

To see what sum of money the Town will vote to raise and appropriate or otherwise provide for renovation of and addition to the lighting systems at the Coolidge Field Skating Rink and Basketball Court, or otherwise act thereon.

Voted: that the Town appropriate the sum of \$4,000.00 from the Current Tax Levy for the renovation of and addition to the lighting system at the Coolidge Field Skating Rink and Basketball court.

ARTICLE 58
(NATICK RECREATION DEPARTMENT)

To see what sum of money the Town will vote to raise and appropriate or otherwise provide for the General Improvement of the Natick Common, or otherwise act thereon.

Voted: that the Town appropriate the sum of \$850.00 from the Current Tax Levy for the General Improvement of the Natick Common. Said sum to be expended under the jurisdiction of the Recreation Department.

ARTICLE 59
(LEO D. FLYNN)

To see if the Town will appropriate a sum of money for use by the Neetega Club in renting school facilities under the direction of the Recreation Department of the Town of Natick, or otherwise act thereon.

Unanimous vote that the following resolution be accepted.

RESOLVED: That it is the sense of the Town Meeting that the School Department may appropriately permit Natick organizations, of a charitable or service character, to use school facilities without charge when such use does not occur during times when school programs are in operation and the intended use is appropriate for the facilities in question.

ARTICLE 60
(LEO D. FLYNN)

To see if the Town will instruct the School Committee to allow the Neetega Club to use school facilities for authorized programs without being charged rent therefore, or otherwise act thereon.
No action taken.

ARTICLE 61
(SCHOOL COMMITTEE)

To see if the Town will authorize the School Committee, in accordance with General Laws Chapter 149, Section 1781 as amended by Chapter 633 of the Acts of 1968, to designate an attorney as a representative of the School Committee for the purpose of bargaining with employee organizations for school employees, or will take any other action relating to the same.

Voted: that the School Committee is hereby authorized from time to time until further action of the Town to designate an attorney as a representative of the Committee for the purpose of bargaining with any one or more employee organization for school employees and to change or terminate any such designation.

ARTICLE 62
(SCHOOL COMMITTEE)

To see what sum of money the Town will vote to raise and appropriate, or otherwise provide, for the installation of a drainage system and pavement of

parking area at Memorial Beach, West Street, or otherwise act thereon.

Voted: that the subject matter of Article 62 be referred to the School Committee for further study.

ARTICLE 63 (BOARD OF SELECTMEN)

To see if the Town will vote to amend ARTICLE XV, Other Boards, Commissions and Departments, Section 1 of the Town By-Laws substantially as follows,

Voted: that the Town amend Article XV, Section I of its By-Laws as follows:

SECTION 1. There shall be a Council on Aging consisting of the Chairman of the Recreation Commission or his representative and not less than three nor more than seven additional members appointed for a term of three years by the Board of Selectmen from the voters and residents of the Town. The Chairman of the Council shall be designated annually by the Council. It shall be the duty of the Council to carry out programs designed to meet problems of the aging in coordination with programs of the Commission on Aging established under Section 73 of Chapter 6 of the General Laws of the Commonwealth of Massachusetts.

ARTICLE 64 (BOARD OF SELECTMEN)

To see if the Town will vote to amend Article VI-(a), (Town Employees and Personnel Board), of its By-Laws, as follows:

By deleting from SECTION 1, second paragraph the word "welfare department" and adding thereto "Comptroller-Administrator". By deleting from SECTION 3, third paragraph, the words "those appointed by the public welfare department" and adding thereto "the Comptroller-Administrator".

By deleting from SECTION 13, I, first paragraph, the words "and those appointed by the Welfare Department".

Voted: Indefinite Postponement.

ARTICLE 65 (BOARD OF SELECTMEN)

To see if the Town will vote to amend the first paragraph of SECTION 1 of ARTICLE VI-(a) Town Employees and Personnel Board, SECTION 1, of the Town By-Laws substantially as follows:

SECTION 1 — Personnel Board

There shall be an unpaid Personnel Board, appointed by the Moderator, consisting of five (5) persons, none of whom shall hold an appointive or elective position or employment with the Town of Natick, with the exception of a member of a Town Bargaining Committee and with the exception of any eligible Town Meeting Member, however no incumbent member of this Board shall be disqualified from membership therein during the continuance of his present term. Each member shall be appointed for a three year term beginning and expiring on April 1, two members one year, two the following year and one the third year. Each incumbent shall continue to serve until his successor is appointed. In the event that a vacancy occurs in the membership, the Moderator shall appoint a new member to fill the unexpired term.

Voted: that the Town amend Article VI-(a), Section 1, of its By-Laws by deleting the first paragraph and substituting the following:

SECTION 1. PERSONNEL BOARD. There shall be an unpaid Personnel Board, appointed by the Moderator, consisting of five (5) persons, none of whom shall hold any other appointive or elective position or employment with the Town with the exception of membership on a collective

bargaining committee. Each member shall be appointed for a three-year term, beginning and expiring on April 1. In the event that a vacancy shall occur in the membership, the Moderator shall appoint a new member to fill the unexpired term.

To see if the Town will vote to amend Article VI-(a), Section 11, legal Holidays, of the Town By-Laws be deleting the entire Section and substituting the following:

SECTION 11 — LEGAL HOLIDAYS

It is the intent of the Town that employees of the Town, subject to the classification and Pay Plan, shall be paid for the following ten (10) holidays provided the below listed requirements are met:

A. Legal holidays shall be: New Year's Day, Washington's Birthday, Patriot's Day, Memorial Day, Independence Day, Labor Day, Columbus Day, Veteran's Day, Thanksgiving Day, and Christmas Day or the day designated by State Statute in substitution for such days.

1. Legal holidays, as defined and paid in accordance with this section, shall be considered as a scheduled work day, not to exceed eight (8) hours.

B. Any full-time or regular part-time employee subject to the Classification and Pay Plan shall receive pay for the above listed holidays provided the employee is in a paid status in the week in which the holiday falls and is not on a leave of absence of more than one (1) week's duration. When a holiday falls within an employee's authorized vacation he shall be paid an additional day's pay at straight time.

1. Holiday pay shall be at the employee's regular straight time hourly rate and shall not exceed the number of hours in the employee's regularly scheduled workday, not to exceed eight (8) hours.

2. An employee who works on a holiday listed above shall be paid at straight time for hours worked on such holiday in addition to holiday pay for which he is eligible.

3. Holidays falling on an employee's regularly scheduled day off will be paid at straight time as in B-1 above. If an employee works on that day he shall be paid as in B-2 above.

4. In the Police Department, if an employee works during periods inclusive of more than one shift, watch or tour of duty on the same legal holiday, he shall receive an extra day's pay for the first such shift, watch or tour of duty only. This extra day's pay will be paid on the pay day nearest to November 15 of each calendar year.

or otherwise act thereon.

Voted: that the Town amend Article VI-(a), Section 11, Legal Holidays, of the Town By-Laws by deleting the entire section and substituting a new Section 11 as printed in Article 70.

"except librarians and assistant librarians as hereinafter provided for, and excepting those employees appointed by the School Committee and excepting elected officials, and excepting those employees in recognized exclusive bargaining units."

or otherwise act thereon.

Voted: that the Town amend Article VI-(a), Section 12, first paragraph, of the Town By-Laws by deleting those words within the brackets and substituting the following:

"except librarians and assistant librarians as hereinafter provided for, and excepting those employees appointed by the School Committee and excepting elected officials, and excepting those employees in recognized bargaining units."

APPROVAL OF ATTORNEY GENERAL

Boston, Massachusetts

July 11, 1969

The foregoing amendment to Town By-Laws is hereby approved.

ROBERT H. QUINN

Attorney General

Published according to Law July 24, July 31, August 7, 1969.

Attest:

EDWARD W. DEVEREAUX

Town Clerk

ARTICLE 72
(PERSONNEL BOARD)

To see if the Town will vote to amend Article VI-(a), Section 13, sub-section B, of the Town By-Laws; by deleting this section and substituting the following:

B. Regular full-time employees will accrue sick leave at the rate of one day for each month of active service, (not to exceed twelve (12) days in any year); such sick leave may not be used until completion of six (6) months continuous active service. Employees may accumulate unused sick leave days up to a total of ninety (90) days through June 30, 1969. Beginning on July 1, 1969 employees may accumulate unused sick leave days up to a total of one hundred and forty-four (144) days. When an employee retires or dies, he (or his estate) will be paid in one lump sum payment an amount equal to twenty-five percent (25%) of one day's pay at his last pay rate for each day of accumulated sick leave in excess of ninety (90) days.

or otherwise act thereon.

APPROVAL OF ATTORNEY GENERAL

Boston, Massachusetts

July 11, 1969

The foregoing amendment to Town By-Laws is hereby approved.

ARTICLE 75

(RICHARD H. KEENE)

To see if the Town will vote to raise or appropriate a sum of money to raise the current clothing allowance for police officers in the Natick Police Department from \$100.00 per year to \$250.00 per year, of which \$100.00 shall be used for the sole purpose of cleaning and maintaining uniforms, or otherwise act thereon.

Voted: Indefinite Postponement.

Voted: to table Article 76.

ARTICLE 77

(RICHARD H. KEENE)

To see if the Town will vote to accept the Provisions of Section 111G1/2 of Chapter 41 of the General Laws of the Commonwealth of Massachusetts, providing for annual vacations of certain employees.

Voted: Indefinite Postponement.

ARTICLE 78

(NATICK CONSERVATION COMMISSION)

To see if the Town will vote to amend its By-Laws by adding to Article VII a new section substantially as follows:

SECTION 18.

The use and operation of any internal combustion engine in or upon that portion of Morse's Pond located in the Town of Natick is prohibited. The provision of this section shall not apply to the Commonwealth of Massachusetts or to any political subdivision thereof.

or otherwise act thereon.

Voted: that the Town amend its By-Laws by adding to Article VII a new section substantially as follows:

“Section 19

The use and operation of any internal combustion engine in or upon that portion of Morse's Pond located in the Town of Natick is prohibited. The provision of this section shall not apply to the Commonwealth of Massachusetts or any political subdivision thereof.”

Attest:

EDWARD W. DEVEREAUX

Town Clerk

ARTICLE 79
(NATICK CONSERVATION COMMISSION)

To see if the Town will vote to authorize the Commissioners of Public Works to provide public access to Morse's Pond on Town owned land presently under the jurisdiction of said Commissioners of Public Works, or otherwise act thereon.

Voted: that the subject matter of Article 79 be referred to a Committee of three (3) composed of one member of the Board of Selectmen, One Member of the Department of Public Works and one member of the Conservation Commission.

ARTICLE 80
(NATICK CONSERVATION COMMISSION)

To see if the Town will vote to authorize the Natick Conservation Commission to engage the services of Middlesex Soil Conservation District for a natural resources inventory, and to appropriate a sum of money for that purpose, or otherwise act thereon.

Voted: Indefinite Postponement.

ARTICLE 81
(NATICK CONSERVATION COMMISSION)

To see if the Town will vote to amend Section II and III of the Zoning By-Laws related to the establishment of districts as follows:

To amend Section II "Use District", Paragraph A to include the title, "Flood Plain District-G" and to amend Paragraph B to renumber Item 5 to become Item 6 and inserting a new Item 5 to read as follows:

5. Where a boundary is shown as following a contour line, this line shall be the contour lines of the indicated elevation above mean sea level as shown on the 1958 Natick Quadrangle and the 1957 Medfield Quadrangle by the Geological Survey, United States Department of the Interior. In the event that the Building Inspector is uncertain as to the exact location of any contour line bounding the Flood Plain District as show on the Zoning Map, he may require the submission of sufficient topographic data to establish the precise location of said line on any lot affected thereby before issuing a building permit for a building or structure to be located thereon.

To amend Section III by inserting Paragraph "B" to read as follows:

IIB. FLOOD PLAIN DISTRICT G

The Flood Plain District-G is intended for the preservation and maintenance of the ground water table upon which the inhabitants depend for water supply; to protect the public health and safety, person and property against the hazards of flood water inundation; for the protection of the community against the costs which may be incurred when unsuitable development occurs in swamps, marshes, along water courses, or in areas subject to floods; to preserve and increase the amenities of the Town; and to conserve natural conditions, wild life, and open spaces for the education, recreation, and general welfare of the public.

In the Flood Plain District no building or structure shall be erected, constructed, altered, enlarged or moved, nor shall any premises be used, for any purposes except:

1. Conservation of water, plants and wild life:
2. Recreation, including play areas, nature study, golf, boating and fishing where legally permitted:
3. Grazing and farming; including truck gardening and harvesting of crops:
4. Forestry:
5. Telephone, telegraph, power and gas transmission:
6. Any of the following uses, by special permit from the Board of Appeals:
 - a. Non-residential buildings and structure, such as
 - 1) Barns, stables, or kennels for shelter, breeding, boarding, hiring or sale of animals and for storage of crops raised on the premises:
 - 2) Boat-houses, duck walks and landings — including renting of boats or canoes and recreation equipment, and sale of bait:
 - 3) Temporary refreshment stands or stands for sale of produce raised or produced by the owner or lessee thereof:

Provided that any such building or structure permitted by the Board of Appeals shall be designed, placed and constructed to offer a minimum obstruction to the

flow of water and shall be firmly anchored to prevent floating away and thus threatening other buildings or blocking of openings in restricted sections of the water course below.

- b. Dams, changes in water courses, or drainage works — only as part of any overall drainage basin plan constructed or authorized by an appropriate public agency.
- c. If any land shown on the Zoning Map as being in the floor plain district is proven to the satisfaction of the Board of Appeals, after reference of the proof to and report by the Planning Board, the Board of Public Works and the Board of Health, as being in fact not subject to flooding or not unsuitable because of drainage conditions for residential use, and that the use of such land for residence will not interfere with the general purposes for which the Flood Plain Districts have been established, and will not be detrimental to the public health, safety and welfare, the Board of Appeals may permit the use of such land for single family residence under all the provisions of this by-law applying to the nearest adjacent residence district.

Except as provided above, there shall be in the Flood Plain District:

No land fill or dumping in any part of the District;

No drainage other than Flood Control Works by an authorized public agency;

No damming or relocation of any water course except as part of an overall drainage basin plan;

No building or structure;

No permanent storage of materials or equipment.

If for any reason the restrictions or requirements contained in Section II and III shall be or become invalid or inoperative as to any land shown on the Zoning Map as being in the Flood Plain District then such land shall thereafter be deemed zoned in the nearest adjacent Residence District.

or otherwise act thereon.

Voted: to refer the subject matter of Article 81 to the Conservation Commission for further study.

PLANNING BOARD REPORT
ON
ARTICLE 81
ANNUAL TOWN MEETING
1969

In accord with Section VI G of the Zoning By-Laws of the Town of Natick the Planning Board held a public hearing on the subject matter of Article 81 at the Senior High School Cafeteria on February 27, 1969 at 8:00 P.M.

The hearing was advertised in the "Suburban Press" and "Natick Bulletin" on January 16, 1969 and January 23, 1969.

The submission of this article by the Conservation Commission is consistent with recommendations made in 1966 by the Planning Board and in previous Comprehensive Planning Programs. However, in the light of the pending reports from the Army Corps of Engineers and the U.S. Soil Survey Commission, plus the Massachusetts Area Planning Council studies, and the possibility of the raising of a constitutional question concerning the rights of the property owners, the Planning Board recommends that the subject matter of Article 81 be referred to the Conservation Commission for further study.

Natick Planning Board
ALFRED B. GRASSEY
Secretary

ARTICLE 82
(NATICK CONSERVATION COMMISSION)

To see if the Town will vote to amend its By-Laws by adding to Article VIII a new section substantially as follows:

SECTION 5

No person shall make a fire in the open, whether for incineration of rubbish or leaves, or for any other purpose, except as follows:

A. For cooking of food for human consumption with no larger a fire than is

- reasonably necessary for that purpose and upon the place of residence of such person or with the permission of the resident at such premises.
- B. For cooking of food for human consumption with no larger a fire than is reasonably necessary for that purpose upon land owned by a governmental unit and with the written permission of the Recreation Commission or the appropriate state agency.
 - C. After having obtained in writing the permission of the Chief of the Fire Department or his authorized representative.
- or otherwise act thereon.
- Voted:** that the subject matter of Article 82 be referred to the next Special Town Meeting.

ARTICLE 83 (NATICK CONSERVATION COMMISSION)

To see if the Town will vote to amend the Zoning By-Laws to establish a Flood Plain District-G along the Charles River to include land bounded and described as follows:

The land between the 120 foot contour lines generally parallel to and continuous along each side of the Charles River and bounded on the south by the Natick Town line and on the North by Pleasant Street in the general area beginning at the intersection of South Street at the Natick town line and running northeasterly along South Street to the intersection of South Street at Eliot Street; thence turning and running northeasterly along Eliot Street to the intersection of Eliot Street at Mill Lane; thence turning and running southeasterly along Mill Lane to the intersection of Mill Lane at Pleasant Street; thence turning and running south along Pleasant Street to the intersection of Pleasant and Glen Street; thence turning and running south along Glen Street to the intersection of Glen Street at the Natick town line; thence turning and running northwesterly along the Natick town line to the intersection of the Natick town line and South Street.

The land between the 110 foot contour lines generally parallel to and continuous along each side of the Charles River and bounded on the west by Pleasant Street and on the east by the Natick Town line in the general area beginning at the intersection of Pleasant Street and Philips Street running northwesterly along Pleasant Street to the intersection at Eliot Street; thence turning and running northeasterly along Eliot Street to the intersection at Water Street; thence turning and running southeasterly to the intersection at Cape Street; thence turning and running northeasterly along Cape Street to the intersection at the Natick town line; thence turning and running southeasterly to the intersection at Dover Road; thence turning and running easterly along Dover Road to the intersection at Philips Street; thence turning and running northwesterly along Philips Street to the next intersection; thence turning and running southwesterly along Philips Street to the intersection at Pleasant Street;

In no case shall land within 50 feet of any dwelling existing at the time of passage of this article be included in the flood plain district.

or otherwise act thereon.

No action taken on this Article.

PLANNING BOARD REPORT ON ARTICLE 83 ANNUAL TOWN MEETING 1969

In accord with Section VIG of the Zoning By-Laws of the Town of Natick the Planning Board held a public hearing on the subject matter of Article 83 at the Senior High School Cafeteria on February 27, 1969 at 8:00 P.M.

The hearing was advertised in the "Suburban Press" and "Natick Bulletin" on January 16, 1969 and January 23, 1969.

The submission of this article by the Conservation Commission is consistent with recommendations made in 1966 by the Planning Board and in previous Comprehensive Planning Programs. However, in the light of the pending reports from the Army Corps of Engineers and the U.S. Soil Survey Commission, plus the Mas-

sachusetts Area Planning Council Studies, and the possibility of the raising of a constitutional question concerning the rights of the property owners, the Planning Board recommends that the subject matter of Article 83 be referred to the Conservation Commission for further study.

Natick Planning Board
ALFRED B. GRASSEY
Secretary

ARTICLE 84 (ADELE M. BIANCHI)

To see if the Town will vote to amend its Zoning By-Laws, Section 11, Item 11-B, Subsection 1; entitled "Location of Districts (zones)", by changing the following described parcel of land located in the "Southwest Quadrant" of the "Zoning Map of Natick, Mass." from Industrial 11 use to Residential-Multiple use thereof, said land being bounded and described as follows:

Beginning at the northeast corner of the present industrial II District, at a point on the Southerly side line of west Central Street, 320 feet distant from the westerly side line of Home Avenue; thence running in a Southeasterly direction, 520 feet as shown by said zoning map; thence running in a northeasterly direction on a line parallel to Prospect Street to a point 125 feet westerly of Home Avenue; thence southeasterly in a line parallel to and 125 feet westerly of Home Avenue approximately 500 feet; thence in southeasterly direction as shown on said zoning plan to a point 150 feet distant from the Edison Transmission Line as shown on said Zoning Plan; thence in southeasterly direction to the westerly sideline of said Edison Transmission Line as shown on said plan; thence running southwesterly along the westerly sideline of the Edison Transmission Line to the Natick-Sherborn Town Line; thence turning and running westerly along the Natick-Sherborn and the Natick-Framingham Town Line to a point 230 feet east of Kendal Lane; thence turning and running northeasterly parallel to and 230 feet east of Kendall Lane to the Northerly side line of H. F. Brown Way; thence westerly by the northerly side line of H. F. Brown Way to the easterly side line of Kendall Lane; thence northerly along the easterly side line of Kendall Lane to a point as shown on said zoning plan; thence in a westerly direction as shown on said zoning plan across Kendall Lane, parallel to the southerly Natick-Framingham Town Line to a point on the Westerly Natick-Framingham Town Line; thence running in a Northerly direction along the Natick-Framingham Town Line to the southerly side line of West Central Street, as shown on said plan; thence easterly by the southerly side line of West Central Street to the point of the beginning.

Voted: that the Town refer the subject matter of Article 84 to the next Special Town Meeting.

ARTICLE 85 (SAMUEL A. PASQUERELLI)

To see if the Town will vote to amend Section 17.3 of the Building Code and Zoning By-Laws by adding the following:

17.3 Multiple residential districts are denoted by the letters M. R. followed by a numeral and are hereby established as described in the following listing:

M.B. Beginning at a point of the southerly side line of Bacon Street 30.00 feet westerly from the northeasterly corner of land of Paul M. and Clara T. Holman.

Thence running southerly along a curb having a radius of 89.47 feet a length of 104.71 feet by land of Hollman to a point.

Thence running SO3-18-48W 54.00 feet by land of Holman to a point.

Thence running N87-07-54E 132.93 feet by land of Holman and land of Douglas B. and Dianne A. Campbell.

Thence running SO5-18-30W 154.19 feet by land of Campbell to a point at land of Dagmar C. Brickley.

Thence running S28-00-OOW 241.39 feet by land of Brickley and land of Everett C. and Gloria M. Hunter to a point.

Thence running S18-37-10E 599 feet more or less by lands of Donald F. and Eleanor L. Nickolas, a proposed road, David A. and Joan W. Whitmore, and Roberta F. Johnson to land of the Penn Central Company.

Thence running southwesterly 968 feet more or less along the northerly side of land owned by the Penn Central Company to a point of land now or formerly of Donald E. and Pauline N. Carlson.

Thence running northwesterly 538.44 feet by land of Carlson to land of Wendell P. and Ruth Carter.

Thence running northeasterly 552 feet more or less by land of Carter to a point.

Thence running northerly 105 feet more or less by land of Carter to a point at land of William M. Jr. and Polly D. Hayton.

Thence running easterly and northeasterly in various courses a distance of 634.5 feet more or less by lands of William M. Jr. and Polly D. Hayton, Antonio J. C. and Martha P. Maristany, Wilbur T. and Rosemary Picard, Robert R. and Patricia A. Donovan, Frederick B. and Bertha L. Smith, Ralph L. and Helen A. Berry, Joseph J. and Veronica T. Jewell, Albert E. and Dorothy A. Zimmerman to a point.

Thence running northeasterly along a curve having a radius of 415.00 feet a length of 25.00 feet by land of Zimmerman to a point.

Thence running NO3-18-48E 57.62 feet by land of Zimmerman to a point of curve.

Thence running Northwesterly along a curve having a radius of 40.00 feet a length of 78.85 feet to a point on the southerly side line of Bacon Street.

Thence running northeasterly 170 feet more or less along the southerly side line of Bacon Street to a point of beginning.

or otherwise act thereon.

PLANNING BOARD REPORT
ON
ARTICLE 85
ANNUAL TOWN MEETING
1969

In accord with Section VI-G of the Zoning By-Laws of the Town of Natick the Planning Board held a public hearing on the subject matter of Article 85 at the Senior High School Cafeteria on February 27, 1969 at 8:00 P.M.

The hearing was advertised in the "Suburban Press" and "Natick Bulletin" on January 16, 1969 and January 23, 1969.

The Planning Board has mixed feelings on the over-all subject matter of this article. Some members believe that this location does not lend itself to the type of development outlined by the proponent in that there is evident an inherent incompatibility with the surrounding neighborhood.

The presentation at the public hearing was inadequate as to the exact nature of the buildings, and the impact of many of the variables, e.g. entrances, exits, parking, utilities, sewer and water, etc. were not sufficiently conclusive.

In the light of the present concern over the possible advent of increased multiple-residence zoning in Natick and without a total understanding of the direction such zoning may take, the Board feels that a final judgement on such a nebulous proposition is not presently in the best interest of the Town and therefore recommends indefinite postponement.

Natick Planning Board
ALFRED B. GRASSEY
Secretary

Voted: that the subject matter of Article 85 be referred to the next Annual Town Meeting.

ARTICLE 86
(BOARD OF SELECTMEN)

To see what sum of money the Town will vote to raise and appropriate or otherwise provide for the 1969 Celebration of the Fourth of July, or otherwise act thereon.

Voted: to appropriate the sum of \$2,000.00 from the Current Tax Levy for the 1969 Celebration of the Fourth of July, said sum to be expended by a Committee to be appointed by the Board of Selectmen.

Voted to take Article 76 from the table.

ARTICLE 76
(WALTER L. BURKE)

To see if the Town will vote to accept Section 17D of Chapter 147, General Laws of Massachusetts, a provision which allows official Delegates to the Annual Convention of the Massachusetts Police Association to be excused from Police duty without loss of pay to attend such convention, or otherwise act thereon.

Voted: to accept Section 17D of Chapter 147 of the General Laws of Massachusetts.

ARTICLE 87
(BOARD OF SELECTMEN)

To see if the Town will vote to authorize the Board of Selectmen to lease or sell the land with the building thereon, belonging to the Town, located on the southerly side of Everett Street, formerly known as the Hose House of the Fire Department, as shown on the Assessors' Tax Map for the Town of Natick, Map 72, Lot 42, and containing 3,750 square feet \pm ; or otherwise act thereon.

Voted: Indefinite Postponement.

ARTICLE 88
(TOWN OFFICE BUILDING COMMITTEE)

To see if the Town will vote to raise and appropriate a sum of money for the purpose of obtaining final working plans and specifications and bids for the construction of a Town Office Building on the land acquired by authority of the vote under Article 83 for the Annual Town Meeting held in March 1967 and Article 26 Annual Town Meeting 1968 and transfer any sum therefor from available funds and authorize the borrowing of money under the authority of any general or special law permitting the Town to borrow for said purpose, or take any action thereto.

Voted: the subject matter of Article 88 to the Special Town Meeting of April 8, 1969.

ARTICLE 89
(MARIE A. BARNICLE)

To see if the Town will vote to accept Chapter 520 of the Acts of 1967, amending Section 7 of Chapter 2 of the Acts of 1938 by striking out the first sentence and inserting in place thereof the following sentence:

A Moderator shall be elected at an Annual Town Meeting for a term of three years, and shall serve as Moderator of all Town Meetings, except as otherwise provided by law, until a successor is elected and qualified.
or otherwise act thereon.

Voted: Indefinite Postponement.

Voted: to dissolve at 11:20 P.M.

A Record of the Proceedings of the Sixth and Final Session of the 1969 Annual Town Meeting.

EDWARD W. DEVEREAUX
Town Clerk

WARRANT FOR SPECIAL TOWN MEETING
APRIL 8, 1969
THE COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

To any constable of the Town of Natick in said County:

GREETING:

In the name of the Commonwealth of Massachusetts you are required to notify the qualified Town Meeting Members of the said Town of Natick to meet in the Senior High School Auditorium Natick on,

TUESDAY EVENING, APRIL 8, 1969

at 7:30 o'clock, then and there to act on the following articles:

The following articles are to be acted upon and determined exclusively by Town Meeting Members, in accordance with Chapter 2 of the Acts of 1938, and Amendments thereto and subject to the Referendum provided thereby.

And you are directed to serve this Warrant by posting attested copies thereof in each of the Post Offices in said Natick, and at the following public places in said Natick, to wit: Entrance to Selectmen's Rooms, Main Street, Precinct #4; Natick Police Station Precinct #1; Central Fire Station, Precinct #7; Town Clerk's Office, Precinct #4; Fire Station, South Natick, Precinct #2; Fire Station, West Natick, Precinct #3; Pole #53 at intersection of North Main and Bacon Streets, Precinct #4; Fire Station, East Natick and Lilja School, Oak Street, in Precinct #5; Pole #114 North Main Street opposite Pine Street; Bulletin Board First National Store, opposite New Road, Precinct #6; Pole #15 at intersection of Everett and Cottage Streets, Little South, Precinct #1 and #2; Johnson School, South Main Street, Precinct #7; West School, Mill Street and pole at intersection of Speen and Mill Streets in Precinct #8.

Above locations being at least one public place in each precinct, in the Town of Natick, twenty-one days at least before April 8, 1969, also by causing an attested copy of said Warrant to be published once in the newspapers called "The Natick Bulletin" and "The Suburban Press and Recorder", said publications to be twenty-one days at least before the day appointed for said meeting, said publications being March 6, 1969.

Hereof fail not and make due return of this Warrant with your doings, thereon to the Town Clerk at or before the time appointed for holding said meeting.

Given under our hands this third day of March A.D., 1969.

LYMAN G. BROWN
JAMES N. LUTTRELL
WILLIAM H. WHITE

Selectmen of Natick

A True Copy.

Attest:

WILLIAM B. ROGERS

Constable of Natick

Natick, March 6, 1969

Middlesex, ss.

By virtue of this Warrant, I have notified the Qualified voters of the said Town of Natick, to meet at the times, places and for the purposes within specified by posting attested copies of said Warrant at the several locations therein designated for that purpose, Tuesday, March 18, 1969, also by causing an attested copy of said Warrant to be published in the newspapers called "The Natick Bulletin" and "The Suburban Press and Recorder", newspapers published in the said Town of Natick in the issues dated Thursday, March 6, 1969, respectively, all as within directed.

WILLIAM B. ROGERS

Constable of Natick

A record of the Warrant and the Officer's Return thereon.

WARRANT FOR SPECIAL TOWN MEETING

APRIL 8, 1969

THE COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

To any constable of the Town of Natick in said County:

GREETING:

In the name of the Commonwealth of Massachusetts you are required to notify the qualified Town Meeting Members of the said Town of Natick to meet in the Senior High School Auditorium, Natick on,

TUESDAY EVENING, APRIL 8, 1969

at 7:30 o'clock, then and there to act on the following article.

The following article is to be acted upon and determined exclusively by Town Meeting Members, in accordance with Chapter 2 of the Acts of 1938, and Amendments thereto and subject to the Referendum provided thereby.

And you are directed to serve this Warrant by posting attested copies thereof in each of the Post Offices in said Natick, and at the following public places in said Natick, to wit: Entrance to Selectmen's Rooms, Main Street, Precinct #4; Natick Police Station, Precinct #1; Central Fire Station, Precinct #7; Town Clerk's Office, Precinct #4; Fire Station, South Natick, Precinct #2; Fire Station, West Natick,

Precinct #3; Pole #53 at intersection of North Main and Bacon Streets, Precinct #4; Fire Station, East Natick and Lilja School, Oak Street, in Precinct #5; Pole #114 North Main Street opposite Pine Street, Bulletin Board First National Store, opposite New Road, Precinct #6; Pole #15 at intersection of Everett and Cottage Streets, Little South, Precinct #1 and #2; Johnson School, South Main Street, Precinct #7; West School, Mill Street and pole at intersection of Speen and Mill Streets in Precinct #8.

Above locations being at least one public place in each precinct, in the Town of Natick, seven days at least before April 8, 1969, also by causing an attested copy of said Warrant to be published once in the newspapers called "The Natick Herald" and "The Natick Edition of The Framingham News", and said publications to be seven days at least before the day appointed for said meeting, said publications being Tuesday, April 1, 1969.

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk at or before the time appointed for holding said meeting.

Given under our hands this 31st day of March A.D., 1969.

LYMAN G. BROWN

A record of the Warrant and the Officer's Return thereon.

SPECIAL TOWN MEETING

APRIL 8, 1969

FIRST SESSION

Meeting of the first Special Town Meeting called for April 8, 1969 called to order at 7:40 p.m. by the Moderator, who stated that there was a quorum present.

Voted: to waive reading of the Warrant.

Voted: to adjourn from the first Special Town Meeting called in favor of the second Special Town Meeting for April 8, 1969.

SECOND SPECIAL TOWN MEETING

APRIL 8, 1969

FIRST SESSION

Second Special Town Meeting called for April 8, 1969 called to order at 7:45 p.m. by the Moderator who stated there was a quorum present.

Voted: to waive reading of the Warrant.

ARTICLE 1

(DEPT. OF PUBLIC WORKS)

To see if the Town will appropriate a sum of money, determine whether it shall be raised by borrowing or otherwise and authorize the Board of Public Works to construct sewer mains, lateral lines, trunk main, pumping facilities and force mains in the West Natick area, including all or part of the following named streets:

Camp Street
Eden Street
Garden Road

Home Avenue
Homeward Road
Hope Street

James Avenue
Laurel Avenue
Linwood Road
Lookout Avenue
Marshall Avenue
Mill Street
Orchard Road
Pinehurst Avenue
Prescott Street
Prospect Street

Roy Street
Speen Street
Spooner Avenue
Stacey Street
Summit Road
Sylvia Avenue
Watson Street
Wellesley Avenue
West Central Street
Westview Road

or otherwise act thereon.

Voted: by unanimous vote to authorize the Board of Public Works to construct sewer mains, lateral lines, trunk mains, pumping facilities and force mains in the West Natick area, including all or part of the following named streets: Camp Street, Eden Street, Garden Road, Home Avenue, Homeward Road, Hope Street, James Avenue, Laurel Avenue, Linwood Road, Lookout Avenue, Marshall Avenue, Mill Street, Orchard Road, Pinehurst Avenue, Prescott Street, Roy Street, Speen Street, Spooner Avenue, Stacey Street, Summit Road, Sylvia Avenue, Watson Street, Wellesley Avenue, West Central Street, Westview Road; that the sum of \$564,000 be appropriated to finance the foregoing project; that to raise this appropriation the sum of \$14,000 shall be included in the Current Tax Levy and the Treasurer with the approval of the Selectmen be authorized to borrow inside the debt limit the sum of \$550,000 under General Laws, Chapter 44, Section 7 (1); that any bonds or notes issued hereunder shall be payable in not more than ten years from their dates; and that assessments with respect to the project be made in accordance with Chapter 155 of the Acts of 1965 and Article V (a), Section 7 of the Town By-Laws.

Voted: to dissolve the Second Special Town Meeting at 7:50 p.m. and return to the First Special Town Meeting called. A record of the proceeding of the first and final session.

EDWARD W. DEVEREAUX

Town Clerk

FIRST SPECIAL TOWN MEETING

APRIL 8, 1969

FIRST SESSION

ARTICLE 1

(ADELE M. BIANCHI)

To see if the Town will vote to amend the Building Code and Zoning By-Laws of the Town of Natick as heretofore amended substantially as follows, or otherwise act thereon.

1. By adding to Section 11A after 'RESIDENTIAL SINGLE' and before 'COMMERCIAL I' the following:

"Planning Integral Community PIC"

2. By striking Section IIIA RESIDENTIAL USE, Subsection 4 and inserting therefor the following new subsection 4: "Multiple dwellings, apartment houses for not less than three families, garden type apartment houses and/or town houses".

3. By revising the Use Regulations Schedule as contained in Section II by adding a new district title "PIC" after the words "Residential Use" and between the titles "RS" and "CI" and by adding under said district title the following use notations: opposite "Residential Use 2" the letter "P"; opposite "Residential Use 3", the letter "P"; opposite "Residential Use 4" the letter "P"; opposite "Residential Use 9" the letter "P"; opposite "Residential Use 10" the letter "P"; opposite "Recreational Uses 11" the letter "P"; opposite "Recreational Uses 12" the letter "P"; opposite "Business Uses 19" the letter "P"; opposite "Business Uses 22" the letter "A"; opposite "Business Uses 26" the letter "P"; opposite "Business Uses 27" the letter "A"; opposite "Business Uses 28" the letter "A"; opposite "Business Uses 35" the letter "P"; opposite "Business Uses 36" the letter "A"; opposite "Transportation Uses 43" the letter "A"; opposite "Institutional Uses 45" the letter "A"; opposite "Institutional Uses 46" the letter "P"; opposite "Institutional Uses 47" the letter "P"; opposite "Institutional Uses 48" the letter "P"; opposite "Other Uses 54" the letter "P"; opposite "Other

Uses 55" the letter "A"; opposite all other numbers in the Use Regulations Schedule the letter "O."

4. By striking from Section IVA, Subsection I, the words "except as herein-after provided" and inserting therefor the words "except as herein and in the building code otherwise provided for multiple residence and planned integral community use".

5. By adding to IVB INTENSITY REGULATIONS BY ZONING DISTRICTS' the following newly defined "PIC" and opposite the new district and under the heading "Area", "Continuous frontage", "Depth", "Front", "Side", "Rear", "Maximum % of building coverage", "Maximum height of building", and "Open Space required per lot" respectively, the following figures and letters:

"4,500,000p" — "none" — "none" — "none q" — "none q" — "none q" — "25%" — "2½ stories or feet" — "50%"

and by adding to "Section IVB footnotes" the following: "p" 1,500,000 square feet for first 300 families; 3,000 square feet for each family thereafter".

"q" All structures in a PIC zone shall be at least 50 feet distant from any public way, at least 30 feet from any internal way and at least 20 feet from any adjoining residential zone".

6. By adding a new Section VO before Section VA in Section V, "SPECIAL REQUIREMENTS" as follows:

"VO Service Requirements for PIC Zones:

"The developer of any PIC Zones shall at his sole expense provide adequate services to the residents of said Zone for garbage and trash collection, road maintenance and reconditioning, snow plowing and sanding, and internal security personnel to safeguard the residents and their property from hazard of fire and vandalism."

7. By striking the "." at the end of Section VE and substitute therefor a "," and adding thereafter the words "provided however, that in Planned Integral Community zones, the living space or floor area per dwelling unit shall not be less than 720 square feet, exclusive of porches, steps, basement rooms, breezeways or garages for any single bedroom dwelling unit and 850 square feet for dwelling units containing more than one bedroom."

8. By adding after "Section VI E" a subsection letter "a" so that said Section will read "VI E(a) Board of Appeals" and adding a new Section VI E(b) as follows:

"VI E(b) Planning Board

The within Section is intended to effect and expedite cooperation between the various municipal Boards that may be concerned with the development of land zoned for PIC Use and to assure compliance with the intention and content of these bylaws and the provisions, rules and regulations of all other municipal bodies, and for that purpose certain powers of an administrative nature are herein delegated to the Planning Board. It is not intended hereby to delegate to the Planning Board any zoning powers and insofar as any requirements of said Board under the powers herein conferred may be construed or interpreted by the Courts as exercise of a zoning power, said requirements shall be regarded as advisory only, and in no case shall this Section of these by-laws abridge any rights of appeal to the Zoning Board of Appeals or the Courts.

No building or structure as provided for in a PIC zone shall hereafter be erected or used except in conformity with a site plan approved by the Building Inspector on recommendation of the Planning Board. Said site plan shall show among other things all existing and proposed buildings, structures, parking spaces, ways, driveway, openings, service areas, all facilities for sewage, refuse and other waste disposal and for surface water drainage and all other landscape features on the lot; provided, however that the applicant shall not be required to present site plans for the erection of much more than three hundred (300) units at one time. Three (3) copies of the site plan shall be filed with the Building Inspector, five (5) copies shall be filed with the Planing Board, two (2) copies shall be filed with the Board of Health and three (3) copies shall be filed with the Department of Public Works for their review and recommendations.

In reviewing a site plan, the Planning Board and Building Inspector, in conjunction with the Board of Health and Public Works Department shall consider among other things:

1. Convenience and safety of vehicular and pedestrian movement within the site and in relation to adjacent streets and properties.

2. Adequacy of the methods of disposing of sewage, refuse and other wastes, and surface water and of the methods of drainage.

3. Aesthetic consideration.

4. Adequacy of facilities relative to fire and police protection, recreation and other services to meet the needs of the residents to be housed on the site.

The Planning Board shall, after review of the site plan and advice received from the Board of Health and Public Works Department make such recommendations as in its discretion it deems fit and suitable for the best interests of the Town concerning the Planned Integral Community multiple dwelling unit layout with particular reference to proximity and location of multiple dwelling units, access and egress ways to and from said zones, location of recreational areas and facilities and conjunction of the PIC internal facilities and services with general municipal utilities and services. The Planning Board may at its discretion and prior to the granting of any building permits in connection with development of any PIC zone require such covenants from the owner of such zone as will insure the maintenance of internal ways, performance of community services including but not limited to garbage and trash collection, snow plowing, sanding, road conditioning and reconditioning, internal police and fire guardian services, all at the owner's sole expense. The Planning Board shall within forty-five days after receipt of said plan render a written determination of its findings, together with whatever recommendations it deems necessary to the Building Inspector and the applicant. In the event that the Planning Board disapproves of plans as submitted by the owner, it shall specify the reasons for its disapproval and, where applicable, suggestions or proposals for amending or modifying the same. In the event that the Planning Board shall fail to render any such decision within said forty-five day period, it shall be conclusively presumed that the plan as submitted by the owner has been approved by the Planning Board and the Building Inspector may act without such report and recommendations. Said Board may also at its discretion require of the owner of a PIC zone a covenant in recordable form providing that in the event of a sale or conveyance of any portion of a tract constituting a PIC zone leaving less than 4,500,000 square feet of land devoted to PIC use in single ownership, the area of the portion devoted to PIC use shall not be so diminished by such sale or conveyance that it does not meet minimum lot area dimension requirements for RM zones as set forth in Section IV B of these By-Laws. No building permit shall be issued until the Building Inspector shall have approved the site plan with or without modifications or amendment.

BUILDING CODE

1. By striking from "Chapter 2.1 DEFINITIONS" the definition of the word "Lot" and substituting therefor the following: "A plot or tract of land under single ownership containing or laid out to contain a building or buildings and devoted exclusively to the purpose or purposes of such building or buildings as shown by the plan of such plot or tract furnished to the Building Department and including all required open space. Two or more buildings (other than accessory buildings or buildings in Planned Integral Community zones) on a single plot, parcel or tract of land shall be deemed to occupy separate lots".

2. By deleting "Section 44.6" and substituting therefor the following; "Lots hereafter laid out for dwellings in single family residence district S-A, shall contain at least 15,000 square feet each. In single family residence districts S-B, S-C, S-D and S-E lots shall contain at least 40,000, 20,000, 60,000 and 80,000 square feet each, respectively, and in the general residence districts shall contain at least 12,000 square feet each, except that buildings or multiple occupancy in R-M zones other than hotels, shall have lots which measure not less than 20,000 square feet for the first four dwellings units plus 4,300 square feet for each family thereafter and buildings of multiple occupancy in PIC zones shall have lots which measure not less than 1,500,000 square feet, for the first 300 families, plus 3,000 square feet for each family thereafter; and further, that each two family house shall have at least 12,000 square foot lot.

No lot shall have a street frontage of less than 100 feet and in single family residences S-A, S-B, S-C, S-D and S-E, 110, 140, 120, 200 and 225 feet, respectively.

Noted: to table this Article.

Voted: at the third Session of this Special Town Meeting held on Tuesday night May the 6th, 1969 to remove Article 1 from table.

After Article 1 was removed from the table it was voted that the subject matter of Article 1 be referred to a Special Town Meeting to be held in the month of June 1969.

ARTICLE 2 (ADELE M. BIANCHI)

To see if the Town will vote to amend it's Zoning By-Laws, Section 11, Item 11-B, Subsection 1; entitled "Location of Districts (Zones)", by changing the following described parcel of land located in the "South west Quadrant" of the "Zoning Map of Natick, Mass." from Industrial 11 and General Residence Use to Planned Integral Community Use, said land being bounded and described as follows:

Beginning at a point on the center line of West Central Street located 265.00 feet Westerly from the center line intersection of West Central Street and Home Avenue; thence running southerly in a line perpendicular to the center line of West Central Street a distance of 150.00 feet to a point; thence running easterly, parallel to the center line of West Central Street to a point 125.00 feet westerly from the center line of Home Avenue; thence running southerly on a straight line to a point on the center line of Eden Street extended 225.00 feet westerly from the center line intersection of Eden Street and Home Avenue; thence running southerly on a line parallel to and 225.00 feet westerly from the center line of Home Avenue to a point southerly of and at a perpendicular distance of 100.00 feet from the center line of Prospect Street; thence running easterly parallel to the center line of Prospect Street to the existing zoning line 125.00 feet westerly from the center line of Home Avenue; thence running southeasterly on a line parallel to and 125.00 feet westerly from the center line of Home Avenue to a point westerly of and at a perpendicular distance of 150.00 feet from the westerly sideline of Wellesley Avenue; thence running easterly in a line perpendicular to the westerly sideline of Wellesley Avenue to said westerly sideline of Wellesley Avenue; thence running southeasterly along the westerly sideline of Wellesley Avenue to a point 125.00' southerly of and perpendicularly distance from the center line of Home Avenue; thence running northeasterly on a line parallel to and 125.00 feet southerly from the center line of Home Avenue to the weserly side line of the Boston Edison Company transmission line easement; thence running southerly, southwesterly and southerly along the westerly side line of the Boston Edison Company transmission line easement to the Natick-Sherborn Town Line; thence running northwesterly along the Natick-Sherborn Town Line and the Natick-Framingham Town Line to a point 230.00 feet easterly of and perpendicularly distant from the center line of Kendall Lane; thence running northerly along the line parallel to and 230.00 feet easterly from the center line of Kendall Lane to a point 520.00 feet southerly of and perpendicularly distant from the center line of H. F. Brown Way; thence running easterly on a line parallel to and 520.00 feet southerly from the center line of H. F. Brown Way to a point located 580.00 feet perpendicularly distant from the center line of Kendall Lane; thence running northerly on a line parallel to and 580.00 feet easterly from the center line of Kendall Lane 520.00 feet to a point on the center line of H. F. Brown Way; thence running westerly along the center line of H. F. Brown Way 580.00 feet to a point in the center line of Kendall Lane; thence running northerly along the center line of Kendall Lane to a point on the existing zone line located 1000.00 feet northerly along the center line of Kendall Lane from the Natick-Framingham Town Line; thence running northwesterly along the existing zone line to a point 400.00 feet westerly from and perpendicular to the center line of Kendall Lane; thence running southwesterly to a point on the Natick-Framingham Town Line located 600.00 feet northerly along the Natick-Framingham Town Line from the angle point in the Natick-Framingham Town Line which is located approximately 600.00 feet westerly from Kendall Lane; thence running northerly along the Natick-Framingham Town Line 1500 feet to a point; thence running northeasterly on a line parallel to the center line of West Central Street to a point 100.00 feet easterly from the center line of Linwood Road; thence running northwesterly along a line parallel to and 100.00 feet easterly from the center line of Linwood Road to a point on the center line of West Central Street; thence running easterly along the center line of West Central Street to the point of beginning.

Voted: to table this Article.

Voted: at the third Session of this Special Town Meeting held on Tuesday night May the 6th, 1969 to remove Article 2 from table.

After Article 2 was removed from the table it was voted that the subject matter of Article 2 be referred to a Special Town Meeting to be held in the month of June 1969.

PLANNING BOARD REPORT ON ARTICLE 1 SPECIAL TOWN MEETING 1969

In accord with Section VI-G of the Zoning By-Laws of the Town of Natick, the Planning Board held a public hearing on the subject matter of Article 1 at the senior High School Cafeteria on March 24, 1969 at 8:00 P.M.

The hearing was advertised in the Suburban Press and Natick Bulletin on March 6, 1969 and March 13, 1969.

Progress is all-important, but in the same light it is imperative that it be rational.

The Planning Board is charged with a major portion of this responsibility and, as a Board, feels much work is to be done before Article One can be justified.

P.I.C. Zoning as a concept: Planned Integral Community, as it is described in Article One for inclusion in the Zoning By-Laws of Natick, is a concept in community living without precedent in the Commonwealth. It is brand new. It is untried. There are many varied, undefined, possibly problematic aspects of particular legal significance. The authorities delegated and the control available are as yet not ascertained. There are areas of conflict between state and local law and questions to be raised in the realm of covenant protection or contract zoning before the acceptable, workable conclusions can be drawn.

The Town of Ipswich, at its last Annual Town Meeting, referred this same concept for further study.

A word on Multiple Residence in general: There is a significant impact on a municipality when a project which would fall into this category (over 100 acres) is considered.

Natick has undertaken a Comprehensive Planning Program, Phase Two of which will include as a priority item a land-use survey and forecast of future land-use demands. In this light the present Multiple-Residence zoning by-laws may be sufficient. This report is estimated to be forthcoming within the time requested.

Specific areas of concern and evaluation under Planned Integral Community:

a. The Zoning, as requested, gives to the Building Inspector the complete authority to oversee the entire project with only the advisory capacity of the Boards as a control factor.

b. There is a question of the number of units. The proponents estimate 2200 whereas our studies indicate enough area for 2750 units.

c. There is no inherent regulation as to the number of bedrooms per apartment, nor the percentage of town houses.

This could have tremendous impact on the schools and subsequently the tax dollar.

These are just a few weaknesses in the Article as it reads. There are more, many of which are not even ascertained as yet. It must be stressed that this zoning concept is untried and the Planning Board is concerned about the possibility of biting off more than the Town can chew.

Time does not permit the explicit dissection of the requested zoning at this meeting. This is the function of the Board.

The Planning Board feels that a majority of these questions can be resolved in time. However, the major factors still exist.

The time needed for more comprehensive investigation of the P.I.C. type of Zoning to include not only a better reading of the extra-legal aspects of Article One, but also the clarification by the Planning Board of the control and restriction factors of a P.I.C. Zone which clearly is lacking at present.

The Application of Multiple-Resident Construction in the Town of Natick: The Planning Board is cognizant of a demand for rental units in the Town. However, this does not in itself make construction of apartments desirable over-all. An attempt will be made to reach conclusions in light of the desires of the present resident-taxpayer and not the outside developer who obviously will not have as high risk factor in his investment because of demands for this item.

There is now — and will be in the near future — much information which will more clearly guide the respective boards in sound recommendations to the Town Meeting.

With Specific Reference to Article One: After spending many hours with the intricacies of the P.I.C. Zone and its inherent problems, the Planning Board is adamant in its sentiment that the adoption of this Zoning — as it reads — is not in the best interest of the Town of Natick and that many more hours need to be spent before an acceptable application of this untried Zoning concept will be valid.

It is, therefore, the recommendation of the Planning Board that Article One be referred to the Planning Board for 180 days for further study.

ALFRED GRASSEY

Secretary

Natick Planning Board

PLANNING BOARD REPORT ON ARTICLE 2

1969

In accord with Section VI G of the Zoning By-Laws of the Town of Natick, the Planning Board held a public hearing on the subject matter of Article 2 at the Senior High School Cafeteria on March 24, 1969 at 8:00 p.m.

The hearing was advertised in the Suburban Press and Natick Bulletin on March 6, 1969 and March 13, 1969.

Due to the opposition of Article 1 by the Planning Board and the obvious fallacies in the accepted By-Law, it is imperative that the subject matter of Article 1 be applied in a comprehensive manner to the land area which is the subject matter of Article II.

The Planning Board recommends that the Subject matter of Article II be referred to the Planning Board for 60 days for further study.

ALFRED GRASSEY

Secretary

Natick Planning Board

ARTICLE 3

(A. FRANCIS REGAN)

To see if the Town will vote to amend its Zoning By-Laws as amended, Section II, Item 11-B Subsection 1, entitled "Location of Districts (Zones)," by changing the following described parcel of land located in the "Northeast Quadrant" of the "Zoning Map of Natick, Massachusetts" from Residential — Single (RSC) use to Residential — Multiple use thereof, said land being bounded and described as follows:

Northwesterly by Winter Street, fifty-six and 08/100 (56.08) feet;

Northerly by lands now or formerly of Patrick J. Hansbury and of Natick Land Trust, as shown on a plan entitled "Plan of Pinecliff in Natick, Mass. owned by Bradlee Trust", dated March 10, 1941, by H. W. Whittier, Land Surveyor, recorded with Middlesex South District Deeds, Book 6491, Page 277 by two lines, measuring respectively, three hundred eight and 75 (308.75) feet and six hundred fifty (650) feet;

Westerly by said land now or formerly of Natick Land Trust sixty-four and no/100 (64.00) feet;

Northerly again by the same, by two lines, measuring respectively, six hundred eight and 21/100 (608.21) feet and three hundred thirty-four and 29/100 (334.29) feet;

Easterly by land now or formerly of Olaf Olson, Elizabeth Eaton, Carleton S. Heddon and Addison R. Taintor as shown on said plan, by two lines measuring respectively, one hundred ninety-six and 55/100 (196.55) feet and seven hundred and 70 and no/100 (770.00) feet;

Southerly by land now or formerly of Maffei Sand & Gravel Corp. (Land Court Case No. 5784), as shown on said plan, by three lines measuring respectively, five hundred fifty-three and 43/100 (553.43) feet; seven hundred one and 74/100 (701.74) feet and two hundred (200) feet more or less again.

Westerly by a Town of Natick School site, being Parcels #1 and #2 as shown on a plan entitled "Plan of Land in Natick, Massachusetts", dated Jan. 3, 1956, by MacCarthy Engineering Service, Inc., recorded with said Deeds, Book 8911, Page 472, by two lines measuring respectively two

hundred and no/100 (200.00) feet and six hundred twenty-eight and 81/100 (628.81) feet;

Southwesterly by said Parcel #1. two hundred thirty-nine and 07/100 (239.07) feet;

Westerly again by the same., one hundred twenty-one and 87/100 121.87) feet; Southerly again by the same, thirty (30) feet; and Westerly again by land now or formerly of John P. and Thelma H. Ricci, as shown on said last mentioned plan, one hundred fifty and 07/100 (150.07) feet;

Containing approximately 38.7, more or less, acres of land according to Plan hereinbefore referred to by H. W. Whittier, Land Surveyor.

Excepting and excluding therefrom the land shown as Lot #2 on a plan entitled "Bairwood Park Sub-division of Land In Natick, Mass.," dated October 9, 1958 by MacCarthy Engineering Service, Inc., recorded with said Deeds as Plan No. 187 of 1959, conveyed to the Town of Natick by deed dated December 9, 1958, recorded with said Deeds, Book 9324, Page 429, to which plan and deed reference is made for a more particular description of said excepted and excluded land.

The property is described in a deed from Edward J. Enright to Kaiser-Globe Broadcasting Corporation recorded with Middlesex South District Deeds in Book 11439 at Pages 510-511.

Or otherwise act thereon:

Voted: by hand count that this Article be indefinitely postponed. 73 in favor — 70 against.

PLANNING BOARD REPORT ON ARTICLE 3 SPECIAL TOWN MEETING

1969

In accord with Section VI G of the Zoning By-Laws of the Town of Natick, the Planning Board held a public hearing on the subject matter of Article 3 at the Senior High School Cafeteria on March 24, 1969 at 8:00 p.m.

The hearing was advertised in the Suburban Press and Natick Bulletin on March 6, 1969 and March 13, 1969.

The Planning Board is very well aware of the need for multiple dwellings in the Town.

There are a few major areas of concern to the Planning Board such as the number of bedrooms per unit, the percentage thereof, and the working out of the proposed road and easement through the proposed school site — neither of which has been sufficiently defined or legally committed to the Town.

As is well known, Natick has undertaken a Comprehensive Planning Program, Phase II of which will include as a priority item a land-use survey and forecast of future land-use demands.

ALFRED GRASSEY
Secretary
Natick Planning Board

ARTICLE 4 (JOHN F. LUPIEN)

To see whether the Town will vote to change the zoning from Residential Single to Commercial Two as to that land on the southerly side of Worcester Street between Lupine Road and Park Avenue and for a depth of 200 feet south from the said property's northerly boundary.

Voted: that the subject matter of Article 4 be indefinitely postponed.

ARTICLE 5) (BOARD OF SELECTMEN)

To see if the Town will vote to delete the first paragraph of Section 1 of Article VI-(a), (Town Employees and Personnel Board), of its By-Laws, and add the following to take the place of said paragraph:

SECTION 1. Personnel Board. Pursuant to Section 108C of Chapter 41 of the General Laws, for the purposes of this Article and for the purpose of the administration and the maintenance of a personnel system, the Personnel Board shall be the Board of Selectmen. Said Board may be advised in its

deliberations by persons and committees skilled in personnel administration, labor relations and other related fields.
or otherwise act thereon."

Voted: that the subject matter of Article 5 be referred to the Town Government Study Committee.

Voted: to adjourn to next Thursday Evening 7:30 in this hall. Adjourned 10:50 P.M.

A Record of the Proceedings of the First Session.

EDWARD W. DEVEREAUX

Town Clerk of Natick

SPECIAL TOWN MEETING — APRIL 8, 1969

SECOND SESSION — APRIL 10, 1969

ARTICLE 6

(BOARD OF SELECTMEN)

To see if the Town will vote to amend Article VI-(a), Section 1, second paragraph, first sentence; of the Town By-Laws by deleting this sentence and substituting the following:

"The Personnel Board shall be responsible for the administration and maintenance of the Classification and Pay Plan of all Town Employees, excepting those employees appointed by the School Committee and excepting elected officials and excepting those Employees in recognized exclusive bargaining units and excepting the Comptroller-Administrator appointed by the Board of Selectmen,

Or otherwise act thereon."

Voted: to amend Article VI-(a), Section 1, second paragraph, first sentence, of the Town By-Laws, by deleting this sentence and substituting the following:

"The Personnel Board shall be responsible for the administration and maintenance of the Classification and Pay Plan of all town employees, excepting those employees appointed by the School Committee and except elected officials and excepting those employees in recognized exclusive bargaining units."

Posted according to law.

ARTICLE 7

(BOARD OF SELECTMEN)

To see if the Town will vote to amend Article VI-(a), Section 3, Pay Plan, Paragraph 4; of the Town By-Laws; by deleting this paragraph and substituting the following:

"The following official pay plan shall constitute the basic pay rates for all appointive employees of the Town, excepting those employees appointed by the School Committee and excepting elected officials and excepting those employees in recognized exclusive bargaining units and excepting the Comptroller-Administrator appointed by the Board of Selectmen or otherwise act thereon."

Voted: that the subject matter of Article 7 be indefinitely postponed.

ARTICLE 8

(BOARD OF SELECTMEN)

To see if the Town will vote to amend Article VI-(a), Section 131; first paragraph of the Town By-Laws by deleting this paragraph and substituting the following:

"Any full-time employee (except those appointed by the School Committee) in the employee of the Town shall receive sick leave benefits subject to the following provisions, or otherwise act thereon."

Voted: to amend Article VI-(a), Section 13 I, first paragraph, of the Town By-Laws by deleting this paragraph and substituting the following:

"Any full-time employee (except those appointed by the School Committee) in the employ of the Town Shall receive sick leave benefits subject to the following provisions,"

Posted according to law.

ARTICLE 9
(FINANCE COMMITTEE)

To see if the Town will vote to amend its By-Laws by adding thereto a new section as follows:

"Article II-(b)"
Other Administrative Employees

3. Planning Engineer

There shall be a Planning Engineer, responsible to the Administrator who shall be competent by virtue of professional training in Civil Engineering or Municipal Planning. The duties of the Planning Engineer shall include but not be limited to the following: Upon request of the Planning Board, he shall be assigned professional, administrative, and technical work relating to the application of the subdivision control law, planning studies and design, review of proposals and like work of professional nature. The Planning Engineer, under assignment of the Administrator, shall, either at the initiative of the Administrator or upon request of other Boards or Departments of the Town, with concurrence of the Administrator, perform technical and professional assignments in keeping with his competence.

An appointment to the position of the Planning Engineer shall be made by recommendation of the Administrator with concurrence of the Chairman of the Board of Selectmen and Chairman of the Planning Board and Director of Public Works. His compensation shall be established under Article VI-(a) of the Town By-Laws, and transfer the sum of twelve thousand (\$12,000) from the budget of the Planning Board to the budget of the Comptroller to implement the foregoing.

Voted: to amend Article II-(b) of its By-Laws by adding thereto a section as follows:

"PART c. Planning Director

"There shall be a Planning Director, responsible to the Administrator who shall be competent by virtue of professional training in Civil Engineering or Municipal Planning. The duties of the Planning Director shall include but not be limited to the following:

Upon request of the Planning Board, he shall be assigned professional administrative and technical work relating to the application of the subdivision control law, planning studies and design, review of proposals and like work of a professional nature. The Planning Director, under assignment of the Administrator shall, either at the initiative of the Administrator or upon request of other Boards or Departments of the Town, with the concurrence of the Administrator, perform technical and professional assignments in keeping with his competence.

"An appointment to the position of Planning Director shall be made by recommendation of the Administrator with concurrence of a majority of the Chairman of the Board of Selectmen and Chairman of the Planning Board and Director of Public Works. His Compensation shall be established under Article VI-(a) of the Town By-Laws." and that the Town vote that the sum of twelve thousand (12,000.00) dollars be transferred from the budget of the Planning Board to the budget of the Comptroller to implement the foregoing.

APPROVAL OF ATTORNEY GENERAL

Boston, Mass.

August 6, 1969

The foregoing amendment to Town By-Laws is hereby approved.

ROBERT H. QUINN

Attorney General

Posted August 20, 1969 according to law.

EDWARD W. DEVEREAUX

Town Clerk

A True Copy.

Attest:

WILLIAM B. ROGERS

Constable

ARTICLE 10
(FINANCE COMMITTEE)

To see if the Town will vote to transfer a sum of money from Water Surplus Revenue to the 1969 Revenue Account to reimburse the General Fund on account

of tax levy required to provide for the operation of the Water Department in prior years.

Voted: that the subject matter of Article 10 be indefinitely postponed.

ARTICLE 11 (FINANCE COMMITTEE)

To see if the Town will vote to authorize the appointment of a Committee to conduct a study and undertake preliminary negotiations without commitment on behalf of the Town for the acquisition of land within the Central Business District of Natick for a Town Office Building; said Committee to be composed of two (2) members of the Town office Building Committee authorized under Article 82 of the Annual Town Meeting of 1965, a representative of the Board of Selectmen, a representative of the Planning Board, and a representative of the Board of Assessors.

Voted: Finance Committee motion as amended to authorize the Moderator to appoint a Committee of thirteen (13) to study and undertake preliminary negotiations without commitment on behalf of the Town for the acquisition of land for a Town Office Building; said Committee to be composed of the Members of the Town Office Building Committee authorized under Article 28 of the 1969 Annual Town Meeting, a representative of the Board of Selectmen, a representative of the Planning Board, a representative of the Board of Assessors, a representative of the Urban Renewal Authority, and two members at large.

ARTICLE 12 (TOWN OFFICE BUILDING COMMITTEE)

To see if the Town will vote to raise and appropriate a sum of money for the purpose of obtaining final working plans and specifications and bids for the construction of a Town Office Building on land lot 399 and 402 of the Town of Natick Map 43 and transfer any sum therefor from available funds and authorize the borrowing of money under the authority of general or special law permitting the Town to borrow for said purpose, or take any action thereto.

Voted: that the subject matter of Article 12 be referred to the committee authorized under Article 11 of this Warrant.

ARTICLE 13 (TOWN OFFICE BUILDING COMMITTEE)

To see if the Town will vote to raise and appropriate a sum of money for the purpose of obtaining final working plans and specifications and bids for the construction of a Town Office Building on land lot 36, 37 and 45B of Map 42, land lot 393 and 402 of Map 43 of the Town of Natick, said land being property of Town or in process of being purchased by action of Annual Town Meeting of 1968 and transfer any sum therefor from available funds and authorize the borrowing of money under the authority of any general or special law permitting the Town to borrow for said purpose, or take any action thereto.

Voted: that the subject matter of Article 13 be referred to the Committee authorized under Article 11 of this Warrant.

ARTICLE 14 (TOWN OFFICE BUILDING COMMITTEE)

To see if the Town will vote to raise and appropriate a sum of money for the purpose of obtaining final working plans and specifications and bids for the construction of a Town Office Building on land shown on Assessors map of Town of Natick page 42 lot 45B or take any action thereto.

Voted: that the subject matter of Article 14 be referred to the Committee authorized under Article 11 of this Warrant.

ARTICLE 15 (TOWN OFFICE BUILDING COMMITTEE)

To see if the Town will vote to authorize the Selectmen to acquire by gift, purchase, or take by eminent domain land necessary for a Town Office Building and

other municipal uses described as follows: as shown on the Assessors map of Town of Natick page 42 lot 45B, or take any action thereto.

Voted: that the subject matter of Article 15 be referred to the Committee authorized under Article 11 of this Warrant.

ARTICLE 16 (BOARD OF SELECTMEN)

To see if the Town will vote to rescind the vote adopted May 7, 1968 relating to instructing its Representatives to the General Court to secure from the Commonwealth a parcel of land in Natick and if the Town will vote to instruct its Representatives to the General Court to secure legislation in order to obtain for a nominal consideration, for municipal use, from the Commonwealth a parcel of land in Natick under control of the Department of Natural Resources; said parcel being bounded and described as follows:

Beginning at a point lying 41.25 feet, more or less, south of land now or formerly of the Boston and Albany Railroad Corp., thence running South, 74 degrees, 00 minutes, 15 seconds, East 52.54 feet to a point; thence running Easterly on an arc with a curve to the left, 879.76 feet to a point; thence turning and running Westerly on an arc with a curve to the right, 455.55 feet to a point; thence turning and running Southerly 8.25 feet to a point; thence turning and running Northwesterly on an arc with a curve to the right, 331.93 feet to a point; thence running North 68 degrees, 59 minutes, 00 seconds, West 154.72 feet to the point of beginning.

Being the parcel marked "W.D., 0.46 Acres, Comm. of Mass." shown on sheets 3 and 4 of a plan entitled, "Commonwealth of Massachusetts, Metropolitan Water Works, Lake Cochituate, Land Plans, Scale 100 feet to 1 inch, October 1910."

or otherwise act thereon.

Voted: To rescind the vote adopted May 7, 1968 relating to instructing its Representatives to the General Court to secure from the Commonwealth a parcel of land in Natick and that the Town vote to instruct its Representatives to the General Court to secure legislation in order to obtain for a nominal consideration, for municipal use, from the Commonwealth a parcel of land in Natick under control of the Department of Natural Resources; said parcel being bounded and described as follows:

"Beginning at a point lying 41.25 feet, more or less, south of land now or formerly of the Boston and Albany Railroad Corp., thence running South, 74 degrees, 00 minutes, 15 seconds, East 52.54 feet to a point; thence running Easterly on an arc with a curve to the left, 879.76 feet to a point; thence turning and running Westerly on an arc with a curve to the right, 455.55 feet to a point; thence turning and running Southerly 8.25 feet to a point; thence turning and running Northwesterly on an arc with a curve to the right, 331.93 feet to a point; thence running North 68 degrees, 59 minutes, 00 seconds, West 154.72 feet to the point of beginning.

Being the parcel marked "W.D., 0.46 Acres, Comm. of Mass.," shown on sheets 3 and 4 of a plan entitled, "Commonwealth of Massachusetts, Metropolitan Water Works, Lake Cochituate, Land Plans, Scale 100 feet to 1 inch, October 1910."

ARTICLE 17 (JACQUES GOLDRICK)

To see if the Town will vote to authorize the Retirement Board of said Town under the provisions of Chapter 32, Section 95 of the General Laws of the Commonwealth of Massachusetts to grant an annuity to Jacques Goldrick, a retired employee of the Natick School Department, and not now under the provisions of any other retirement provisions of said Town; or otherwise act thereon.

Voted: to authorize the Retirement Board of said Town under the provisions of Chapter 32, Section 95 of the General Laws of the Commonwealth of Massachusetts to grant an annuity to Jacques Goldrick, a retired employee of the Natick School Department, and not now under the provisions of any other retirement provisions of said Town.

ARTICLE 18
(BOARD OF PUBLIC WORKS)

To see if the Town will vote to instruct its Representatives to the General Court to file a bill to appropriate and pay the sum of \$5,151.57 to Joseph Saviano, a retired employee of said Town, to discharge a moral obligation for wages not received on account of injuries received by him in the performance of his duty as an employee in the Public Works Department.

(As voted on, after Reconsideration was put and carried by an unanimous vote, at the Third Session of this Special Town Meeting held on May 6, 1969.)

Voted: that the Town vote to appropriate the sum of \$5,151.57 from the Current Tax Levy and pay said sum to Joseph Saviano, a retired employee of said Town, to discharge a moral obligation for wages not received on account of injuries received by him in the performance of his duty as an employee in the Public Works Department, and to request its Representatives to the General Court to seek legislation ratifying this action.

ARTICLE 19
(POLICE STATION EXTERIOR NEEDS COMMITTEE)

To see if the Town will vote to rescind its vote taken under Article 4 of the Special Town Meeting of May 7, 1968, and to appropriate the sum of thirty-three thousand (\$33,000.00) dollars to be expended under a Committee appointed by the Moderator for repairs to the exterior of the Courthouse and Police Headquarters or otherwise act thereon.

Voted: to rescind its vote taken under Article 4 of the Special Town Meeting of May 7, 1968, and that the Town vote to appropriate the sum of thirty-three thousand (\$33,000.00) dollars to be expended under a Committee appointed by the Moderator under Article 31 of the Annual Town Meeting of 1967 for repairs to the exterior of the Courthouse and Police Headquarters; said sum to be taken from the Current Tax Levy.

ARTICLE 20
(DEPT. OF PUBLIC WORKS)

To see if the Town will vote to acquire by purchase, by agreement or by eminent domain proceedings, sewer easements necessary for the West Natick sewer project through the following properties:

Parcel A

Josephine C. Scorzelli — Lot 4C — Plan 47

A sewer easement through land of Josephine C. Scorzelli, shown as Lot 4C on Assessors Plan 47 fifteen (15) feet in width.

Beginning at the southeasterly corner of land of the grantor, and at the southwesterly corner of land of Claudette L. Brennan, et. al., shown on Lot 4B on Assessors Plan 47, and on the Northerly sideline of Westview Road; thence running northwesterly along the easterly property line of land of the grantor, to a point on the southerly property line of Harold L. and Dorothy G. Gurney.

Parcel B

Louis and Italia C. Cella — Lot 4 — Plan 39

A sewer easement through land of Louis and Italia C. Cella shown as Lot 4 on Assessors Plan 39, fifteen (15) feet in width with the easterly sideline of the easement described as follows:

Beginning at the northeasterly corner of land of the grantor on the westerly property line of land of Harold L. and Dorothy G. Gurney, Lot 3, Plan 39, and on the southerly side line of Garden Road; thence running southerly along the easterly property line of grantor to the northerly property line of Josephine C. Scorzelli.

Appropriate money to pay for same.

Voted: to acquire by purchase, by agreement or by eminent domain proceedings, sewer easements necessary for the West Natick sewer project through the following properties:

Parcel A

Josephine C. Scorzelli — Lot 4C — Plan 47

A sewer easement through land of Josephine C. Scorzelli, shown as Lot 4C on Assessors Plan No. 47, fifteen (15) feet in width:

Beginning at the southeasterly corner of land of the grantor, and at the southwesterly corner of land of Claudette L. Brennan, et al., shown as Lot B on Assessors Plan 47, and on the northerly sideline of Westview Road; thence running northwesterly along the easterly property line of land of the grantor, to a point on the southerly property line of Harold L. and Dorothy G. Gurney.

Parcel B

Louis and Italia C. Cella — Lot 4 — Plan — 39

A sewer easement through land of Louis and Italia C. Cella shown as Lot 4 on Assessors Plan No. 39, fifteen (15) feet in width with the easterly sideline of the easement described as follows:

Beginning at the northeasterly corner of land of the grantor on the westerly property line of land of Harold L. and Dorothy G. Gurney, Lot 3, Plan 39, and on the southerly sideline of Garden Road; thence running southerly along the easterly property line of grantor to the northerly property line of Josephine C. Scorzelli, and that the Town vote to appropriate therefor the sum of \$90.00 (ninety dollars); said sum to be taken from the Current Tax Levy.

ARTICLE 21

(EDMUND R. ZICKO)

To see if the Town will vote to amend its By-Laws by striking out Article VII, Section 16 thereof and substituting the following:

ARTICLE VII, SECTION 16.

(a) No person who owns or keeps a dog in the Town shall allow the dog to run free when not restricted to the premises of said owner or keeper; when off said premises, such dogs shall be leashed and curbed.

(b) If any animal owned or kept in the Town shall do any damage to the body or property of any person, the owner or keeper or, if the owner or keeper be a minor, the parent or guardian of said minor, shall be liable for such damage, unless the owner or keeper or other party charged as aforesaid shall show such damage shall have been occasioned to the body or property of a person who, at the time such damage was sustained, was teasing, tormenting or abusing such animal, or was engaged in the commission of a felony.

(c) Whoever violates this section shall be liable to penalty as provided by Massachusetts General Laws, Chapter 140, Sections 173 and 173A; and each day of a continuance of a violation may be deemed a separate offense.

Voted: on motion offered by Mrs. Brown that the subject matter of Article 21 be indefinitely postponed. Counted vote — 70 in favor, 58 against. (Motion to reconsider at the third Session denied.)

ARTICLE 22

(NATICK CONSERVATION COMMISSION)

To see what sums of money the Town will vote to raise and appropriate or otherwise provide for the Conservation Fund created by authority of the vote under Article 38 of the Annual Town Meeting of 1963, and to provide that all reimbursements to the Town self-help, so-called, reimbursement from purchases or land for conservation purposes be paid directly to said Conservation Fund, or otherwise act thereon.

Voted: that the subject matter of Article 22 be indefinitely postponed.

ARTICLE 23

(FINANCE COMMITTEE)

To see if the Town will vote to amend its By-Laws by adding to Article VIII a new section substantially as follows:

SECTION 5. No person shall make a fire in the open, whether for incineration or rubbish, leaves, or garbage, or for any other purpose except as may be permitted by any rules and regulations of the Selectmen.

Voted: that the subject matter of Article 23 be indefinitely postponed.

ARTICLE 24
(BOARD OF SELECTMEN)

To see if the Town will vote to adopt the following amendment to its By-Laws, by the addition of the following to be known as Article II-(b):

ARTICLE II-(b)
Administrator

SECTION 1. There shall be an administrator appointed by the Selectmen who shall be chosen on the basis of his qualifications by training and experience in the field of municipal administration.

SECTION 2. The duties of the Administrator, shall be such as the Selectmen shall from time to time prescribe, including but not limited to such liaison as the Selectmen may wish to delegate to the Administrator with other Boards, Commissions, Committees and Officers of the Town, and with other jurisdictions; recommendations on matters general to personnel, organization, finance, and to the administration of the affairs of the Town; prior approval and final control in matters of purchasing; and recommendations concerning coordination and consolidation of operations and services provided by various departments of the Town, its employees and officers.

SECTION 3. The Administrator shall have the right of appearance before any Board, Commission or Committee of the Town and such Board, Commission or Committee shall hear such recommendations as he may wish to make.

SECTION 4. Nothing herein contained shall be construed so as to require the appointment of a separate full-time officer from that of the Comptroller. The Selectmen may appoint the Comptroller to fill the position of Administrator concurrent with that of the Comptroller.

SECTION 5. The Salary of the Administrator shall be set by the Selectmen from time to time, which salary shall in no event be diminished without prior agreement in writing. Hear such recommendations as he may wish to make.

Voted: that the subject matter of Article 24 be indefinitely postponed.

Voted: unanimously on a Resolution offered by Mr. Gould that this Special Town Meeting stand adjourned until Tuesday night May 6, 1969 at 7:30 P.M. in this hall and that the Town Clerk notify all Town Meeting Members of said adjournment by mail and by publishing notice of said adjournment in the local newspapers.

Adjourned at 11:00 P.M.

A Record of Proceedings of the Second Session.

EDWARD W. DEVEREAUX
Town Clerk

WARRANT FOR SPECIAL TOWN MEETING

MAY 6, 1969

THE COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

To any constable of the Town of Natick in said County:

GREETING:

WILLIAM B. ROGERS

Constable of Natick

OFFICER'S RETURN COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

Natick, May 27, 1969

By virtue of this Warrant, I have notified the qualified voters of the said Town of Natick, to meet at the times, places and for the purposes within specified by posting attested copies of said Warrant at the several locations and places therein, designated for this purpose, Tuesday, May 27, 1969, also by causing an attested copy of said Warrant to be published in the newspapers called "The Natick Bulletin" and "The Suburban Press and Recorder", newspapers published in the said Town of Natick, in the issues dated May 15, 1969 respectively, all as within directed.

WILLIAM B. ROGERS

Constable of Natick

A Record of the Warrant and Officer's Return thereon.

EDWARD W. DEVEREAUX

Town Clerk of Natick

SPECIAL TOWN MEETING FIRST SESSION JUNE 17, 1969

Warrants notifying Town Meeting Members of the Special Town Meeting along with Finance Committee Reports were mailed on June 6, 1969.

Meeting called to order by the Moderator at 7:50 P.M. at which time he stated there was a Quorum present.

One hundred and sixty-six (166) Town Meeting Members were present.

Voted: to waive the reading of the Warrant Articles.

ARTICLE 1 (BOARD OF SELECTMEN)

To see if the Town will vote to amend the Zoning By-Laws of the Town of Natick, as previously amended, substantially as follows, or otherwise act thereon.

ZONING BY-LAWS

1. In Section I. "General", by changing the paragraph designations of Sections IB and IC to IC and ID respectively, and by adding the following as a new paragraph designated IB:

IB. PARTICULAR PURPOSE and INTENT REGARDING PCR DISTRICTS —

Within the purposes expressed in Section IA, the particular intent of this By-Law relating to the PCD District is to provide for planned developments on large tracts of land, to be comprised of a mixture of types of dwelling units (with minor related business uses) at greater land use intensities than would otherwise be allowed for multi-family residences, but with larger open spaces between groupings of buildings. It is specified that only land areas containing 4,500,000 square feet or more shall be included in the PCD District.

A PCD District should result in: design of clustered subareas of buildings in accordance with an overall plan for the District; economical and efficient street, utility, and public facility installation, construction, and maintenance; separation of pedestrian and vehicular traffic; a variety of dwelling types and characteristics; preservation of permanent open space; land use harmonious with natural features; the preservation and enhancement of real property values for the long-range future; reduction in total areas of paved surfaces; an increase in the safety of pedestrian circulation and access; and increase in privacy for many dwelling units by removal thereof from streets or frontage thereon, with benefits to such units of separation from vehicular disturbance and closer proximity to landscaped and recreational areas.

Regarding vehicular ways, in a PCD District only belt (collector) streets shall be designed or constructed so as to be suitable for eventual acceptance by the Town. Radial ways or drives leading from such belt streets to clustered dwelling units or parking lots shall be considered as driveways for purposes of design or construction requirements. For improved traffic safety, pedestrian ways shall generally not be part of the street ways.

In a PCD District it is expected that the owner will provide to the occupants thereof, certain services customarily provided by the Town in other districts, and the overall design, location of buildings and layout of streets and driveways shall take this factor into account.

This Section IB is set forth as a guide to various boards and officers of the Town concerned with the design, construction and operation of such planned developments. It is intended that conventional zoning requirements and procedures (applicable in other districts to smaller lots in individual ownership, fronting on streets suitable for acceptance as public ways and meeting uniform dimensional and area requirements) will be suitably altered in PCD Districts to give effect to sound development principles as reflected in the specific provisions of this By-Law relating to such Districts.

2. By adding to Section IC — DEFINITIONS — the following:

Apartment House: Any building serving three or more families.

Garden-Type Apartment House: An apartment house of not more than two (2) levels with not more than four (4) apartments served by one outside entrance door.

Central-Type Apartment House: An apartment house of one or more levels with all apartments served from a central stairwell or elevator shaft.

Town House: A row of at least four (4) one-family semi-detached dwelling units contained within one building.

3. By adding to Section IIA "TYPES OF DISTRICTS", after "RESIDENTIAL SINGLE" and before "COMMERCIAL I" the following:

"PLANNED CLUSTER DEVELOPMENT PCD"

4. By striking out in Section IIIA, under "RESIDENTIAL USE", Subsection 4 and substituting therefor the following new Subsection 4: "Multiple-family building types for not less than three (3) dwelling units in any one building, such as: apartment houses, garden-type apartment houses, central-type apartment houses and/or town houses." And by adding opposite such Subsection 4 under RM the letter "P" and under all other present district designations the letter "O".

5. By revising the Use Regulations as contained in Section III by adding a new district title "PCD" after the words "Residential Use" and between the titles

"RS" and "CI" and by adding under said new district title the following use notations: opposite "Residential Use 2" the letter "A"; opposite "Residential Use 4" the letter "P"; opposite "Residential Use 9" the letter "P"; opposite "Recreational Uses 10" the letter "A"; opposite "Recreational Uses 11" the letter "A"; opposite "Business Uses 19" the letter "A"; opposite "Business Uses 22" the letter "A"; opposite "Business Uses 26" the letter "P"; opposite "Business Uses 27" the letter "A"; opposite "Business Uses 28" the letter "A"; opposite "Business Uses 35" the letter "P"; opposite "Institutional Uses 45" the letter "P"; opposite "Institutional Uses 46" the letter "P"; opposite "Institutional Uses 47" the letter "P"; opposite "Institutional Uses 48" the letter "P"; opposite "Institutional Uses 49" the letter "A"; opposite "Other Uses 54" the letter "P"; opposite "Other Uses 55" the letter "A"; opposite all other numbers in the Use Regulations Schedule the letter "O".

6. By adding to the Use Regulations Schedule as contained in Section III, a new Item 10A "Country Club", including golf, riding, tennis and boat houses, and community centers for exclusive use of the residents of the particular district in which it is located and opposite this wording under "PCD" the letter "P" and under all other districts the letter "O".

7. By striking out from Section IVA, Subsection 1, the words "except as hereinafter provided" and substituting therefor the words "except as otherwise provided in this By-Law."

8. By adding to Section IVB, "INTENSITY REGULATIONS BY ZONING DISTRICTS," a new district designation titled "PCD", and opposite such new district designation and under the headings "Area", "Continuous Frontage", "Depth", "Front", "Side", "Rear", "Maximum % of building coverage", "Maximum Height of Building", and "Open Space Required per Lot", respectively, the following figures and letters:

"1,500,000 p" — "360 ft." — "1,000 ft." — "none q, t" — "none q, t" — "none q, t" — "25% r, s" — "2½ stories or 40 ft." — "50%",

and by adding to Section IVB footnotes the following:

"p" in a PCD District and each subarea thereof as hereinafter defined, an overall minimum of 3,500 sq. ft. for each dwelling unit. A "subarea" shall be defined as any portion of the entire tract constituting 1,500,000 square feet or more.

"q" In a PCD District all buildings shall be at least 50 ft. distant from any public way, at least 25 ft. distant from any lot line, and at least 30 ft. distant from any private way.

"r" In a PCD District no one type of building designed for dwelling units (i.e. Garden-Type Apartment House, Central-Type Apartment House or Town House) shall constitute more than 50 percent nor less than 10 percent of the number of all buildings constructed. Such ratio shall be applied to each group of 1,000 dwelling units as construction progresses, and to the completed development.

"s" In a PCD District there shall be no buildings containing more than 30 dwelling units or measuring more than 240 ft. in length.

"t" In a PCD District all buildings shall be separated from other buildings by a distance of 10 feet, or 10 percent of the length of the shorter buildings involved, whichever is the greater.

9. By adding a new sentence at the end of the first paragraph under VD "OFF-STREET PARKING and LOADING REQUIREMENTS" to read "In a PCD District, parking lots shall not exceed 125 spaces in any one lot, and lots shall be at all points at least 25 feet apart."

10. By changing VD "OFF-STREET PARKING and LOADING REQUIREMENTS", Subsection 1 to read: "One and seventy-five hundredths (1.75) spaces for each family in a dwelling unit in a PCD District and one (1) space for each family in a dwelling unit in all other districts."

11. By adding two new paragraphs at the end of Subsection VI E.2. reading as follows: "The Board of Appeals may grant a special permit for business uses in a PCD District, for the purpose of providing a business area to serve principally the dwelling units constructed in the development of such PCD District.

"The area devoted to business uses in any PCD District under a Special Permit shall in no case exceed five percent (5%) of the total land area of the

PCD District concerned. No such Special Permit shall be granted for business uses in any PCD District until six hundred (600) dwelling units have been constructed in said District and occupancy permits issued therefor. No business establishment having a gross floor area in excess of seventy-five hundred (75,00) sq. ft. shall be allowed by Special Permit in any PCD District".

12. By adding at the end of Section VIA "Enforcement" reading as follows:

"No lot shall be changed in size, shape or ownership so that the area, minimum yard dimensions, maximum percent of building coverage, off-street parking or open space requirements herein prescribed are no longer satisfied. This paragraph shall not apply where a portion of a lot is acquired for a public purpose or is voluntarily conveyed to the town for a public purpose."

Or otherwise act thereon.

The report of the Planning Board was read as follows:

In accordance with Section VI-G of the Zoning By-Laws of the Town of Natick the Planning Board held a Public Hearing on the subject matter of Article 1 at the Center School Cafeteria on June 3, 1969, at 7:30 P.M.

The Hearing was advertised in the "Suburban Press" and "Natick Bulletin" on May 15 and 22, 1969.

To encourage the most appropriate use of land throughout the town is the prime responsibility of the Planning Board. It was for this reason, with its variety of implications, that the Planning Board requested at the Town Meeting of April 8, 1969 that more time be allotted to study this concept of zoning as proposed.

The subject matter of Article 1 deals with the cluster-zoning concept. In addition it further provides for varying types of dwellings to be located within a proposed zone to insure the best practical yet aesthetic use of the land in whatever area the zoning is applied. It appears that there are four or five areas in Natick adaptable to this concept — at least in size.

This concept of zoning is totally new to Natick and virtually untried in the Commonwealth. The State Enabling Statute makes no provision for creating local by-laws which embody these rather new zoning principles, and there is very little case law to which one can refer for guidance; however, the zoning proposal of this article represents the work of a number of attorneys seeking to present a zoning concept which is valid. It should be understood that this is a zoning concept only and not the application thereof.

Due to the ever-decreasing availability of land in Natick and the obvious desires of the Planning Board to develop proportionately the remainder of the areas to the most advantageous use, the Planning Board feels that the provisions for a clustering concept, as outlined by way of Planned Unit development, should be adopted by the Town of Natick as a concept for inclusion in its by-laws.

The Planning Board therefore recommends favorable action on the subject matter of Article 1 subject to the Finance Committee proposals regarding sections 2, 5, 8, and 12 and further subject to an amendment to be offered from the floor regarding sections 11 and 5.

ALFRED B. GRASSEY
Secretary
Natick Planning Board

Voted: motion of Mr. Burke to move the question.

Voted: by a counted vote, 109 in favor, 43 against, the motion of the Finance Committee as amended, that the Town amend its by-laws as follows:

Building Code and Zoning By-Laws

1. In Section I, "General" by changing the paragraph designations of Sections IB and IC to IC and ID respectively and by adding the following as a new paragraph designated IB:

IB PARTICULAR PURPOSE AND INTENT REGARDING PCD DISTRICTS—

Within the purposes expressed in Section IA, the particular intent of this By-Law relating to the PCD District is to provide for planned developments on large tracts of land, to be comprised of a mixture of types of dwelling units (with minor related business uses) at greater land use intensities than would otherwise be allowed for multi-family residences, but with larger open spaces between groupings of buildings. It is specified that only land areas containing 4,500,000 square feet or more shall be included in the PCD District.

A PCD District should result in: design of clustered subareas of buildings

in accordance with an overall plan for the District; economical and efficient street, utility, and public facility installation, construction, and maintenance; separation of pedestrian and vehicular traffic; a variety of dwelling types and characteristics; preservation of permanent open space; land use harmonious with natural features; the preservation and enhancement of real property values for the long-range future; reduction in total areas of paved surfaces; an increase in the safety of pedestrian circulation and access; and increase in privacy for many dwelling units by removal thereof from streets or frontage thereon, with benefits to such units of separation from vehicular disturbance and closer proximity to landscaped and recreational areas.

Regarding vehicular ways, in a PCD District only belt (collector) streets shall be designed or constructed so as to be suitable for eventual acceptance by the Town. Radial ways or drives leading from such belt streets to clustered dwelling units or parking lots shall be considered as driveways for purposes of design or construction requirements. For improved traffic safety, pedestrian ways shall generally not be a part of the street ways.

In a PCD District it is expected that the owner will provide to the occupants thereof, certain services customarily provided by the Town in other districts, and the overall design, location of buildings and layout of streets and driveways shall take this factor into account.

This Section IB is set forth as a guide to various boards and officers of the Town concerned with the design, construction and operation of such planned developments. It is intended that conventional zoning requirements and procedures (applicable in other districts to smaller lots in individual ownership, fronting on streets suitable for acceptance as public ways and meeting uniform dimensional and area requirements) will be suitably altered in PCD Districts to give effect to sound development principles as reflected in the specific provisions of this By-Law relating to such districts.

2. By adding to the newly designated Section ID — DEFINITIONS — the following:

Apartment House: Any building designated for, or occupied as, residence for three or more families.

Garden-Type Apartment House: An apartment house of one or two stories above grade with not more than eight (8) apartments all served by two means of egress, one of which shall be a primary entrance.

Central-Type Apartment House: An apartment house of one or more levels with more than eight (8) apartments, all served by a primary stairway or elevator shaft and with no less than two separate and direct means of egress.

Town House: A row of at least four (4) one-family attached dwelling units contained within one building with each apartment located in one or two levels above grade, each being served by a separate ground floor entrance.

3. By adding to Section IIA "TYPES OF DISTRICTS," after "RESIDENTIAL SINGLE" and before "COMMERCIAL I" the following:

"Planned Cluster Development PCD"

4. By striking out in Section IIIA, under "RESIDENTIAL USE," Subsection 4 and substituting therefor the following new Subsection 4:

"Multiple-family buildings types for not less than three (3) dwelling units in any one building, such as: apartment houses, garden-type apartment houses, central-type apartment houses and/or town houses."

and by adding opposite such Subsection 4 under RM the letter "P" and under all other present district designations the letter "O".

5. By revising the Use Regulations as contained in Section III by adding a new district title "PCD" after the words "Residential Use" and between the titles "RS" and "CI" and by adding under said new district title the following use notations:

opposite "Residential Use 2" the letter "A";

opposite "Residential Use 4" the letter "P";

opposite "Residential Use 9" the letter "P";

opposite "Recreational Uses 10" the letter "A";

opposite "Recreational Uses 11" the letter "A";

opposite "Business Uses 19" the letter "A";

opposite "Business Uses 22" the letter "A";

opposite "Business Uses 26" the letter "P";

opposite "Business Uses 27" the letter "A";
 opposite "Business Uses 28" the letter "A";
 opposite "Business Uses 35" the letter "P";
 opposite "Institutional Uses 45" the letter "P";
 opposite "Institutional Uses 46" the letter "P";
 opposite "Institutional Uses 47" the letter "P";
 opposite "Institutional Uses 48" the letter "P";
 opposite "Institutional Uses 49" the letter "A";
 opposite "Other Uses 54" the letter "A";
 opposite "Other Uses 55" the letter "A";
 opposite all other numbers in the Use Regulations Schedule the letter "O".

6. By adding to the Use Regulations Schedule as contained in Section III, a new Item 10A "Country Club, including golf by natural light only, riding, tennis, and boat houses, and community centers for exclusive use of the residents of the particular district in which it is located" and opposed this wording under "PCD" the letter "P" and under all other districts the letter "O".

7. By striking out from Section IVA, Subsection 1, the words "except as hereinafter provided" and substituting therefor the words "except as otherwise provided in this By-Law."

8. By adding to Section IVB, "INTENSITY REGULATIONS BY ZONING DISTRICTS," a new district designation titled "PCD", and opposite such new district designation and under the headings "Area", "Continuous Frontage", "Depth", "Front", "Side", "Rear", "Maximum % of building coverage", "Maximum Height of Building", and "Open Space Required Per Lot", respectively, the following figures and letters:

"1,500,000 p" — "360 ft." — "1,000 ft." — "none q,t" — "none q,t" — "none q,t" — 25% r,s" — 2½ stories or 40 ft." — 50%",

and by adding to Section IVB footnotes the following:

"p" In a PCD District and each subarea as hereinafter defined, an overall minimum of 3,500 square feet of land area for each dwelling unit. The number of dwelling units permitted under such overall minimum in a lot in a PCD District shall be the number arrived at by dividing the total square foot area of the lot by 3,500. For the purposes hereof, "Subarea" shall mean any portion of a lot designed for 600 dwelling units or less. Each lot shall be divided into subareas in such a manner as the developer may choose, consistent with the foregoing, and the subarea embracing the building or buildings for which the developer seeks a permit under Section VI-C hereof shall be shown on the plan required under said Section. Within each subarea as designated on the developer's plan as aforesaid, dwelling buildings to be constructed shall be "clustered" into groups, each group containing at least three such buildings. Within each cluster there shall be no more than 2500 or less than 1500 square feet of land area per dwelling unit. (A "cluster" is defined as the area circumscribed by a line connecting exterior points of outre building walls of the dwelling buildings contained within a single group of buildings.)

"q" In a PCD District all buildings shall be at least 50 ft. distant from any public way, at least 25 ft. distant from any lot line, and at least 30 ft. distant from any private way.

"r" In a PCD District no one type of building designed for dwelling units (i.e., Garden-Type Apartment House, Central-Type Apartment House or Town House) shall constitute more than 50 per cent nor less than 10 per cent of the number of all buildings constructed. Such ratio shall be applied to any portion of the entire tract designed for 600 dwelling units or less (subarea) called for above in Section IV B, Note "p".

"s" In a PCD District there shall be no buildings containing more than 30 dwelling units or measuring more than 240 ft. in length.

"t" In a PCD District all buildings shall be separated from other buildings by a distance of 10 feet, or 10 per cent of the length of the shorter buildings involved, whichever is the greater.

9. By adding a new sentence at the end of the first paragraph under VD "OFF-STREET PARKING and LOADING REQUIREMENTS" to read "In a PCD District, parking lots shall not exceed 125 spaces in any one lot, and lots shall be at all points at least 25 feet apart."

10. By changing VD "OFF-STREET PARKING and LOADING REQUIREMENTS", Subsection 1 to read: "One and seventy-five hundredths (1.75) spaces for each family in a dwelling unit in a PCD District and one (1) space for each family in a dwelling unit in all other districts."

11. By adding two new paragraphs at the end of Subsection VI E.2 reading as follows: "The Board of Appeals may grant a special permit for business uses in a PCD District, for the purpose of providing a business area to serve principally the dwelling units constructed in the development of such PCD District.

"The area devoted to business uses in any PCD District under a Special Permit shall in no case exceed five per cent (5%) of the total land area of the PCD District concerned. No such Special Permit shall be granted for business uses in any PCD District until six hundred (600) dwelling units have been constructed in said District and occupancy permits issued therefor. No business establishment having a gross floor area in excess of seventy-five hundred (7,500) sq. ft. shall be allowed by Special Permit in any PCD District including Parking and Loading areas serving such business uses."

12. By adding at the end of Section VI A "Enforcement" reading as follows:

"No lot shall be changed in size, shape or ownership so that the area, minimum yard dimensions, maximum per cent of building coverage, off-street parking or open space requirements herein prescribed are no longer satisfied, except to the extent that any such change may result from the acquisition by the Town through voluntary conveyance or taking of a part of such lot for a public purpose. Any land voluntarily conveyed to the Town for a public purpose by an owner of a lot in a PCD District, whether such conveyance occurs prior to or after completion of the development of such lot, shall be taken into account in determining compliance with the intensity regulations of Section IV B hereof."

Voted: motion of the Planning Board, that in Section 11 above, after the words "business uses" the words "including parking and loading areas servicing such business uses" be included.

Voted: motion of Mr. Coplan under Section 6 above, after the word "golf" the words "by natural light only" be inserted.

ARTICLE 2 (BOARD OF SELECTMEN)

To see if the Town will vote to amend its Zoning By-Laws, Section II, Item II-B, Subsection 1; entitled "Location of Districts (Zones)," by changing the following described parcel of land located in the "Southwest Quadrant" of the "Zoning Map of Natick, Mass." from Industrial II and General Residence Use to Planned Integral Community Use, said land being bounded and described as follows:

Beginning at a point on the center line of West Central Street located 265.00 feet Westerly from the center line intersection of West Central Street and Home Avenue; thence running southerly in a line perpendicular to the center line of West Central Street a distance of 150.00 feet to a point; thence running easterly, parallel to the center line of West Central Street to a point 125.00 feet westerly from the center line of Home Avenue; thence running southerly on a straight line to a point on the center line of Eden Street extended 225.00 feet westerly from the center line intersection of Eden Street and Home Avenue; thence running southerly on a line parallel to and 225.00 feet westerly from the center line of Home Avenue to a point southerly of and at a perpendicular distance of 100.00 feet from the center line of Prospect Street; thence running easterly parallel to the center line of Prospect Street to the existing zoning line 125.00 feet westerly from the center line of Home Avenue; thence running southeasterly on a line parallel to and 125.00 feet westerly from the center line of Home Avenue to a point westerly of and at a perpendicular distance of 150.00 feet from the westerly sideline of Wellesley Avenue; thence running easterly in a line perpendicular to the westerly sideline of Wellesley Avenue to said westerly sideline of Wellesley Avenue; thence running southeasterly along the westerly sideline of Wellesley Avenue to a point 125.00 feet southerly of and perpendicularly distant from the center line of Home Avenue; thence running northeasterly on a line parallel to and 125.00 feet southerly from the center line of Home Avenue to the westerly

side line of the Boston Edison Company transmission line easement; thence running southerly, southwesterly and southerly along the westerly side line of the Boston Edison Company transmission line easement to the Natick-Sherborn Town line; thence running northwesterly along the Natick-Sherborn Town line and the Natick-Framingham Town line to a point 230.00 feet easterly of and perpendicularly distant from the center line of Kendall Lane; thence running northerly along the line parallel to and 230.00 feet easterly from the center line of Kendall Lane to a point 520.00 feet southerly of and perpendicularly distant from the center line of H. F. Brown Way; thence running easterly on a line parallel to and 520.00 feet southerly from the center line of H. F. Brown Way to a point located 580.00 feet perpendicularly distant from the center line of Kendall Lane; thence running northerly on a line parallel to and 580.00 feet easterly from the center line of Kendall Lane 520.00 feet to a point on the center line of H. F. Brown Way; thence running westerly along the center line of H. F. Brown Way 580.00 feet to a point in the center line of Kendall Lane; thence running northerly along the center line of Kendall Lane to a point on the existing zone line located 1000.00 feet northerly along the center line of Kendall Lane from the Natick-Framingham Town line; thence running northwesterly along the existing zone line to a point 400.00 feet westerly from and perpendicular to the center line of Kendall Lane; thence running southwesterly to a point on the Natick-Framingham Town line located 600.00 feet northerly along the Natick-Framingham Town line from the angle point in the Natick-Framingham Town line which is located approximately 600.00 feet westerly from Kendall Lane; thence running northerly along the Natick-Framingham Town line 1500 feet to a point; thence running northeasterly on a line parallel to the center line of West Central Street to a point 100.00 feet easterly from the center line of Linwood Road; thence running northwesterly along a line parallel to and 100.00 feet easterly from the center line of Linwood Road to a point on the center line of West Central Street; thence running easterly along the center line of West Central Street to the point of beginning.

Voted: counted vote, 100 in favor, 42 against, that the Town amend its Building Code and Zoning By-Laws in Section II, Item II-B, Subsection 1, exactly as printed in Article Two above, except that the terminology "Planned Integral Community Use" should read "Planned Cluster Development Use (PCD)."

The report of the Planning Board was read as follows:

In accord with Section VI-G of the Zoning By-Laws of the Town of Natick the Planning Board held a Public Hearing on the subject matter of Article 2 at the Center School Cafeteria on June 3, 1969, at 7:30 P.M.

The Hearing was advertised in the Suburban Press and Natick Bulletin on May 15 and 22, 1969.

This Article would re-zone the property known as the "Bianchi Land from Industrial II to P.C.D. This re-zoning would permit the construction of some 2300 units of different types of apartments within a series of clusters over a 192-acre tract.

In discussions by the Planning Board there was support for favorable action on this Article on the basis that this represented a choice between residential or industrial use of this land, and the P.C.D. was the highest and best use of the subject property.

There was also support for the position that, since a land-use study and recommendations therefor are to be included in the next phase of the comprehensive plan, the subject matter of this Article is premature and should be referred until such report and recommendations are received.

When the final vote was taken the position for referral prevailed.

The Planning Board therefore recommends the subject matter of Article 2 be referred to the Planning Board until the Land Use study has been received from Metcalf and Eddy.

ALFRED B. GRASSEY
Secretary
Natick Planning Board

ARTICLE 3
(BOARD OF SELECTMEN)

To see if the Town will vote to amend the Building Code of the Town of Natick, as previously amended substantially as follows:

Building Code

1. By striking from "Chapter 2.1 DEFINITIONS" the definition of the word "Lot" and substituting therefor the following: "A plot of land under single ownership containing or laid out to contain a building or buildings and devoted to the purpose or purposes of such building or buildings as shown by the plan of such plot submitted to the Building Department and including all required open space. Two or more buildings (other than accessory buildings, or buildings in RM or PCD Districts) on a single plot or parcel of land shall be deemed to occupy separate lots."

2. By deleting "Section 4.4.6" and substituting therefor the following: "Lots hereafter laid out for dwellings in single family residence districts S-A, shall contain at least 15,000 sq. ft. each; in single family residence districts S-B, S-C, S-D, and S-E, lots shall contain at least 40,000, 20,000, 60,000, and 80,000 sq. ft. each, respectively, and in the general residence districts RG shall contain at least 12,000 sq. ft. each, except that buildings of multiple occupancy in RM districts other than hotels, shall have lots which measure not less than 20,000 sq. ft. for the first four dwelling units plus 4,300 sq. ft. for each family thereafter; and dwelling buildings in PCD Districts shall be on lots which measure not less than 1,500,000 sq. ft."

No lot shall have a street frontage of less than 100 ft. and in single family residence districts S-A, S-B, S-C, S-D, and S-E, such frontage shall be not less than 110, 140, 120, 200, and 225 ft. respectively.

Or otherwise act thereon.

The report of the Planning Board was read as follows:

In accord with Section VI-G of the Zoning By-Laws of the Town of Natick the Planning Board held a Public Hearing on the subject matter of Article 3 at the Center School Cafeteria on June 3, 1969 at 7:30 P.M.

The Hearing was advertised in the Suburban Press and Natick Bulletin on May 15 and 22, 1969.

This Article makes provision for including in the definition of the word "lot" language appropriate to the location of more than one building on a lot as would be the case in an RM or PCD zone.

The Planning Board recommends favorable action on Article 3.

ALFRED B. GRASSEY
Secretary
Natick Planning Board

Voted: unanimously, that the Town amend its Building Code and Zoning By-Laws as printed in Article 3.

The foregoing amendments to zoning by-laws and building code adopted under Articles 1, 2 and 3 are approved by the Attorney General, Robert H. Quinn, Boston, Mass., September 30, 1969.

Attest:

EDWARD W. DEVEREAUX

Town Clerk

Published according to law Thursday, October 16, 1969, in the "Suburban Press and Recorder" and in "The Natick Bulletin".

Attest:

EDWARD W. DEVEREAUX

Town Clerk

ARTICLE 4
(BOARD OF SELECTMEN)

To see if the Town will vote to amend its Zoning By-Laws, Section II, Item II-B, Subsection I; entitled, "Location of Districts (Zones)." by changing the following described parcel of land located in the "Southwest Quadrant" of the "Zoning Map of Natick, Mass.," from Industrial II use to Residential General

use thereof, said land being bounded and described as follows:

Beginning at a point on the center line of West Central Street at the Natick-Framingham Town line; thence running
EASTERLY along the center line of West Central Street to a point one hundred (100') feet from the center line of Linwood Road extended; thence running
SOUTHEASTERLY along the line parallel to and one hundred (100') feet Easterly from the center line of Linwood Road eight hundred twenty-five (825') feet; thence running
SOUTHWESTERLY on a line parallel to the center line of West Central Street at the Natick-Framingham Town Line; thence running
NORTHWESTERLY along the Natick-Framingham Town Line to the point of beginning.

Or otherwise act thereon.

The report of the Planning Board was read as follows:

In accord with Section VI-G of the Zoning By-Laws of the Town of Natick the Planning Board held a Public Hearing on the subject matter of Article 4 at the Center School Cafeteria on June 3, 1969, at 7:30 P.M.

The Hearing was advertised in the Suburban Press and Natick Bulletin on May 15 and 22, 1969.

The original development of the land in the area involved was residential in character. Most of the lots already built upon are less than 12,000 square feet in size. Re-zoning to General Residence would permit the remainder of the land to be developed in a manner more consistent with the existing development than could be achieved under the present zoning.

The Planning Board recommends favorable action on Article 4.

ALFRED B. GRASSEY

Secretary

Natick Planning Board

Voted: indefinite postponement.

ARTICLE 5

(BOARD OF SELECTMEN)

To see what sum of money the Town will vote to raise and appropriate, or otherwise provide, for Protection of Life and Property for maintenance and operation of the Civil Defense Program for the current year, or otherwise act thereon.

Voted: that the Town appropriate the sum of \$1,200.00 from the Current Tax Levy for the maintenance and operation of the Civil Defense Program for the year 1969.

ARTICLE 6

(BOARD OF SELECTMEN)

To see what sum of money the Town will vote to raise and appropriate to enforce the provisions of the existing Dog Control By-Law, or otherwise act thereon.

Voted: that the Town supplement the budget voted under the section "Dog Office, Article 4 of the Annual Town Meeting of 1969" by appropriating the sum of \$5,100.00 from the Current Tax Levy, \$4,250.00 for Salaries and Wages, and \$850.00 for Expense.

ARTICLE 7

(BOARD OF SELECTMEN)

To see if the Town will vote to raise and appropriate, or otherwise provide, such sums of money as may be required for the payment of Unpaid Bills of previous years incurred by the several Departments, Boards, and Officers of the Town, or otherwise act thereon.

Voted: unanimously, that the Town appropriate the sum of \$580.60 from the Current Tax Levy for the payment of Unpaid Bills of Previous Years, itemized as follows:

Pay due William C. Wright, Jr. (14 days sick leave during 1968)	\$425.60
Dr. Capobianco (medical services to an injured fireman)	47.00
Leonard Morse Hospital (medical services to an injured patrolman)	108.00

\$580.60

ARTICLE 8
(BLANCHE B. BALCOM)

To see if the Town will vote to amend its Zoning By-Laws, Section II, Item II-B, Subsection I; entitled "Location of Districts (Zones)," by changing the following described parcel of land located in the "Northeast Quadrant" of the "Zoning Map of Natick, Mass." from Residential District RSA use to Residential-Multiple use thereof, said land being bounded and described as follows:

Beginning at a point on the southerly side line of Bacon Street 30.00 feet westerly from the north-easterly corner of land of Paul M. and Clara T. Holman.

Thence running southerly along a curb having a radius of 89.47 feet a length of 104.71 feet by land of Holman to a point.

Thence running SO3-18-48W 54.00 feet by land of Holman to a point.

Thence running N87-07-54E 132.93 feet by land of Holman and land of Douglas B. and Dianne A. Campbell.

Thence running SO5-18-30W 154.19 feet by land of Campbell to a point at land of Dagmar C. Brickley. Thence running S28-00-00W 241.39 feet by land of Brickley and land of Everett C. and Gloria M. Hunter to a point.

Thence running S18-37-10E 599 feet more or less by lands of Donald F. and Eleanor L. Nickolas, a proposed road, David A. and Joan W. Whitmore, and Roberta F. Johnson to land of the Penn Central Company.

Thence running southwesterly 968 feet more or less along the Northerly side of land owned by the Penn Central Company to a point at land now or formerly of Donald E. and Pauline M. Carlson.

Thence running northwesterly 538.44 feet by land of Carlson to land of Wendell P. and Ruth Carter.

Thence running Northeasterly 552 feet more or less by land of Carter to a point.

Thence running Northerly 105 feet more or less by land of Carter to a point at the land of William M. Jr. and Polly D. Hayton.

Thence running Easterly and Northeasterly in various courses a distance of 634.5 feet more or less by lands of William M. Jr. and Polly D. Hayton, Antonio J. C. and Martha P. Maristany, Wilbur T. and Rosemary Picard, Robert R. and Patricia A. Donovan, Frederick B. and Bertha L. Smith, Ralph L. and Helen A. Berry, Joseph J. and Veronica T. Jewell, Albert E. and Dorothy A. Zimmerman to a point.

Thence running Northwesterly along a curve having a radius of 415.00 feet a length of 25.00 feet by land of Zimmerman to a point.

Thence running NO3-18-48E 57.62 feet by land of Zimmerman to a point of curve.

Thence running Northwesterly along a curve having a radius of 40.00 feet a length of 78.85 feet to a point on the Southerly side line of Bacon Street.

Thence running 170 feet more or less along the Southerly side line of Bacon Street to the point of beginning.

Or otherwise act thereon.

The report of the Planning Board was read as follows:

In accord with Section VI-G of the Zoning By-Laws of the Town of Natick the Planning Board held a Public Hearing on the subject matter of Article 8 at the Central School Cafeteria on June 3, 1969 at 7:30 P.M.

The Hearing was advertised in the Suburban Press and Natick Bulletin on May 15 and 22, 1969.

The Planning Board repeats its position on this Article as was reported in the Annual Town Meeting in March of this year in that it has mixed feelings on the over-all subject matter of this Article. Some members believe that this location does not lend itself to the type of development outlined by the proponent in that there is evident an inherent incompatibility with the surrounding neighborhood.

As is well known, Natick has undertaken a Comprehensive Planning Program, Phase II of which will include as a priority item a land-use survey and forecast

of future land-use demands. It is therefore, the recommendation of the Planning Board that this Article be referred to the Planning Board until such time as the aforementioned report is received from Metcalf and Eddy.

ALFRED B. GRASSEY
Secretary
Natick Planning Board

Voted: Indefinite postponement.

Meeting dissolved 11:50 P.M.

A Record of the Proceedings of the First and Final Session

EDWARD W. DEVEREAUX
Town Clerk of Natick

We hereby certify that the above is a correct list of Jurors for the Town of Natick, Massachusetts for the years 1969-1970 as prepared and completed by us in accordance with the law this fourth day of August 1969, A.D.

LYMAN G. BROWN, JR.
JAMES N. LUTTRELL
THOMAS L. HUDDY
Selectmen of Natick,
Massachusetts

Board of Appeals

The Board of Appeals of the Town of Natick conducted eleven (11) Public Hearings and received ninety (90) applications for appeal during the year 1969.

The total fees collected by the Board amounted to \$3,556.00. The Annual Town Meeting of 1969 appropriated \$3,900.00 for expenses.

Herbert A. Black II, was appointed by the Board of Selectmen on May 1, 1969 as a member of the Board of Appeals for a term of three (3) years. Walter S. Peterson was appointed as an alternate to the Board for a term of three (3) years.

Robert T. Gammons by unanimous vote was re-elected as Chairman to the Board. Herbert A. Black, II was unanimously elected as Clerk.

ROBERT T. GAMMONS, *Chairman*
HERBERT A. BLACK II, *Clerk*
HENRI PRUNARET, *Member*

WILLIAM J. REYNOLDS, *Alternate*
WALTER S. PETERSON, *Alternate*

Board of Assessors

The Board of Assessors respectfully submits its annual report for the year ending December 31, 1969.

Donald F. Atherton was re-elected to the Board without opposition, thus rejoining Nicholas Arthur and Charles W. Emanuelli.

The Board held a meeting in March and Mr. Charles W. Emanuelli was elected chairman and Mr. Nicholas Arthur, clerk by unanimous vote.

The Board was forced to increase the tax rate for the year 1969 to \$54.40 due to several factors, such as the decrease in the distribution from the local aid fund, increase in our share of the county operating expenses, and the big item, of course, is the increase in the expenditures approved by the Annual Town Meeting.

At the Annual Town Meeting it was voted that the Town join the State Assessment System. The representatives of that system have been very helpful this year. We look forward to utilizing their services to a greater extent next year. We have also hired for another year the appraisal firm of Whipple, Magane and Darcy, who started appraising new construction, additions and alterations in December of 1969.

The Board was able to settle the Continental Bakery case after five years of hearings and meetings. Initially Continental would not cooperate with our representatives. They would not supply cost figures or give any assistance in assessing the building. As a result of Continental's failure to cooperate, the value of this property was estimated and, as is the practice of appraisers, they guessed high. The result was that the taxpayer filed an appeal in the Tax Court. They stated very clearly at several meetings that

Assessors Arthur, Emanuelli, Atherton.

they wanted over one million dollars in reduction of assessed value.

We would not and did not make the decision on a settlement of this type by ourselves. We conferred with and were advised by Town Counsel, Special Town Counsel and our appraisal firm. The appraiser even went to the Department of Corporation and Taxation and got their opinion. All of these people advised us to settle for an assessed value of \$3,059,100.00.

It was the feeling of all concerned that it would have cost the Town a lot more money if we had tried this case in court. We would have lost, there is no question about that. In addition there would have been substantial legal, appraisal and engineering fees.

This department continues to press for a change in legislation to help ease the burden on the disabled veterans and widows of towns that have gone to the full and fair cash value method of assessing.

To our office force, those in other town departments who assisted us in our labors, and to the taxpayers who supported us in our efforts to provide equitable assessments throughout Natick, we express our sincere thanks.

CHARLES W. EMANUELLI, *Chairman*

NICHOLAS ARTHUR, *Clerk*

DONALD F. ATHERTON

RICHARD H. POTTER, *Town Treasurer*

BOARD OF TRUSTEES LEONARD MORSE HOSPITAL

We have examined the Balance Sheet of the Leonard Morse Hospital, Natick, Massachusetts, as of September 30, 1969, the Fund Summary Statements and the Statement of Revenue and Expense for the year then ended. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, subject to the final determination of contractual losses as further explained in Note 1 of Notes to Financial Statements, the accompanying Balance Sheet and Statement of Revenue and Expense present fairly the financial position of the Leonard Morse Hospital at September 30, 1969, and the results of its operation for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year, except that prior years' Medicare adjustments are reported directly in the General Fund Equity.

JAMES O. DUNN, *Certified Public Accountant*

January 15, 1970
Boston, Massachusetts

LEONARD MORSE HOSPITAL NOTES TO ACCOMPANY FINANCIAL STATEMENTS September 30, 1969

Note 1: The Hospital has not made a final determination of the dollar amount of the payment adjustments to be made in connection with the filing of the Medicare reimbursement reports for the years ended September 30, 1968 and 1969 and the Blue Cross reimbursement report for the year ended September 30, 1969. In the opinion of management, these adjustments, whether favorable or unfavorable, should not have a material effect on financial position or operations for the year ended September 30, 1969.

Note 2: The maturity dates on serial notes payable are as follows:

Leonard Morse Hospital, 7% Direct Obligation Serial Notes Dated 8/1/68

Due Date	Amount
February 1, 1971	\$ 107,000
August 1, 1971	111,000
February 1, 1972	114,000
August 1, 1972	118,000
February 1, 1973	123,000
August 1, 1973	127,000
	<hr/>
	\$ 700,000

Note 3: The balance of General Fund Equity at September 30, 1968 has been restated from amounts previously reported to reflect retroactive Medicare adjustments. The adjustments for the years ending September 30, 1966 and 1967 are actual whereas the adjustment for the year ending September 30, 1968 is subject to final determination. The estimate of the payment adjustment for the year ending September 30, 1969 has been treated as a current year adjustment.

Note 4: The figures shown are condensed for the Town of Natick Report. A copy of the complete audit figures have been received by the Leonard Morse Hospital and are on public file.

Retirement Board
 RICHARD H. POTTER, *Town Treasurer*

Accounting Department

Report of Town Comptroller

In compliance with Section 61, Chapter 41, General Laws, submitted herewith is the annual report of the Accounting Department for the year ended December 31, 1969.

All invoices and payrolls presented during the year by the Town Departments have been examined both for their accuracy and legal requirements before being submitted to the Treasurer for payment. The payments, which were presented on 251 Treasury Warrants, amounted to \$26,018,904.17.

I hereby certify that all petty cash funds and checking accounts of the Town have been verified and reconciled with the books.

The total receipts during 1969 were \$25,193,202.31. The cash balance on hand December 31, 1969 was \$1,090,967.41 plus invested cash of \$1,281,138.00 for a total of \$2,372,105.41 which is a decrease of \$2,794,563.86 from the balance on hand at the end of 1968.

Monthly notices of appropriation condition were forwarded on State approved forms to all Town officers, Committee and Boards charged with the expenditure of Town funds. At the time of this report the known unpaid bills of previous years are:

Boston Edison Co. — 1968 light. Rooms	
#29 & Clark Block	\$ 4.25
Natick Tool Rental — 1969 purchase of	
used chain saw	99.95

Detailed statements of all departmental budgets were compiled showing amounts for each item expended in 1967, 1968 and the first nine

months of 1969 and their requests for 1970. Copies of each were forwarded to the Finance Committee.

The unexpended appropriation balances, exclusive of Sewer and Water, returned to the 1969 Revenue Account amounted to \$322,086.83 an increase of \$21,547.97 over the previous year.

As required by law, under Section 54A, Chapter 41, General Laws, notice was given to the Assessors of the total 1969 receipts except from taxes, loans, trust funds, federal grants and revolving funds, and the source of such receipts was specified. The actual collection in this group of receipts was \$91,773.88 higher than the estimate used by the Assessors in determining the 1969 tax rate.

Appended to this report are the following schedules:

- a) Cash Receipts
- b) Summary of Appropriations and Expenditures
- c) Balance Sheet showing the financial condition of the Town
- d) Deferred Revenue Not Due
- e) Net Funded or Fixed Debt
- f) Trust Funds — Cash and Securities
- g) Debt Statement showing amounts due for Principal and Interest for 1969
- h) Analysis of Revenue and other Accounts

DOUGLAS BELL, *Chief Accountant*

STANLEY J. LAVERY, *Comptroller*
